RE: Open Meetings Act and Public Information Act Training

Everyone that has not completed the OMA and PIA online training in the past two years is encouraged to take time to do so. It is important, but not required, to review this training regularly.

Each training course will take approximately one hour to complete. You can complete the training online at

<https://texasattorneygeneral.gov/og/open-government-training>

Once you have completed the training return your certificate of completion to my office.

Please let me know if you have any questions.

Sincerely,

Patti Scott Grey

(b) Each public official shall complete a course of training of not less than one and not more than two hours regarding the responsibilities of the governmental body with which the official serves and its officers and employees under this chapter not later than the 90th day after the date the public official:

- (1) takes the oath of office, if the person is required to take an oath of office to assume the person's duties as a public official; or

- (2) otherwise assumes the person's duties as a public official, if the person is not required to take an oath of office to assume the person's duties.

(c) A public official may designate a public information coordinator to satisfy the training requirements of this section for the public official if the public information coordinator is primarily responsible for administering the responsibilities of the public official or governmental body under this chapter. Designation of a public information coordinator under this subsection does not relieve a public official from the duty to comply with any other requirement of this chapter that applies to the public official. The designated public information coordinator shall complete the training course regarding the responsibilities of the governmental body with which the coordinator serves and of its officers and employees under this chapter not later than the 90th day after the date the coordinator assumes the person's duties as coordinator.

The attorney general shall ensure that at least one course of training approved or provided by the attorney general is available on videotape or a functionally similar and widely available medium at no cost. The training must include instruction in:

(1) the general background of the legal requirements for open records and public information;

(2) the applicability of this chapter to governmental bodies;

(3) procedures and requirements regarding complying with a request for information under this chapter;

(4) the role of the attorney general under this chapter; and

(5) penalties and other consequences for failure to comply with this chapter.

(e) The office of the attorney general or other entity providing the training shall provide a certificate of course completion to persons who complete the training required by this section. A governmental body shall maintain and make available for public inspection the record of its public officials' or, if applicable, the public information coordinator's completion of the training.

(f) Completing the required training as a public official of the governmental body satisfies the requirements of this section with regard to the public official's service on a committee or subcommittee of the governmental body and the public official's ex officio service on any other governmental body.

(g) The training required by this section may be used to satisfy any corresponding training requirements concerning this chapter or open records required by law for a public official or public information coordinator. The attorney general shall

attempt to coordinate the training required by this section with training required by other law to the extent practicable.

(h) A certificate of course completion is admissible as evidence in a criminal prosecution under this chapter. However, evidence that a defendant completed a course of training offered under this section is not prima facie evidence that the defendant knowingly violated this chapter.

Parker Fire Department

REPORT FOR 3 MOS. ENDING MARCH 2017

Highlights

Emergency Calls

- For the **three months** January 1 through March 31, 2017 the department responded to 67 calls for service. This compares to 72 calls over the same period of 2016.
- Of the 67 calls 4 were structure fires.
- 63 of the 67 calls occurred in Parker, up 24% when compared to 51 Parker calls during the same period of 2016.
- Only 4 of the 67 first quarter '17 calls were for mutual compared to 21 mutual aid calls during the first calendar quarter of '16. The leading factor for the 80% reduction in mutual aid was a lower incidence of being disregarded on a structure fire response to one of our neighbors.

Response Metrics

- Our overall average response time for the three mos. ending March 31, 2016 was **7 minutes 40 seconds**, relatively unchanged from last year's comparable period. This measurement excludes mutual aid calls and represents overall average monthly response times within Parker's fire district.
- The overall average response time for our paid/stipend crew (8am – 6pm) was 5 minute 9 seconds.
- The overall average response time for evenings/night was 11 minutes 47 seconds.

Calls for Service

For the 3 mos. ended Mar. 2017 we responded to 67 total calls for service, down 7% from last year's comparable period.

Of note, excluding mutual aid, Parker call volume is up 24%. The increase occurred across most categories of calls including fire, medical, service an alarm investigations.

With day coverage now 7 days/week our day crew responded to 40 of the 67 calls that occurred during the period. This is the prime driver to the half minute improvement in overall response times to 7:40 (min:sec) when compared 8:16 for calendar year 2016.

Losses from Fires

Total estimated losses from fire for the period January – March 2017 were \$700,000 including one catastrophic house fire and the loss of agricultural equipment on a different incident. This compares with \$237,000 in estimated loss during the full 2016 calendar year.

Operational Readiness

IN SERVICE:

✓ Engine 811 (1995)

X Engine 812 (2001)

✓ Truck 811 (2008)

X Brush 811

✓ Tac 811

✓ Tac 812

COMMENTS

Engine 812 (purchased 1995) is out of service due to electrical problems.

Apparatus continue to receive scheduled preventive maintenance.

Brush 811 has to have its fire pump replaced. Repair is not an option and the warranty has long expired. We applied for relief from the Texas Forest Service under a grant program but have been advised the program has used up its allocated funds. The pump will be replaced utilizing budgeted funds.

2017 Continuing Initiatives

Update Standard Operating Guidelines (ongoing)

Address sleeping accommodations at fire station (2nd calendar quarter)

Engage with Lucas Fire Dept. to develop common SOGs, tactics and training opportunities (2nd calendar quarter). Similarly engage with Murphy Fire-Rescue (3rd calendar quarter)

ADMINISTER OATH OF OFFICE TO ELECTED COUNCILMEMBERS CINDY MEYER, CLEBURNE RANEY, AND ED STANDRIDGE. [MARSHALL]

SUMMARY

Mayor Marshall will administer the Oath of Office to the elected officials.

After the Oaths are complete the new officials will take their seat at the bench.

Certificate of Election, Statement of Elected Officer, and Oath of Office

Questions often arise about the order of events following the election. The Texas Secretary of State Election Division recommends that post-election procedures occur in the following sequence:

- Certificate of Election is issued to newly-elected officers.
- Statement of Officer is completed (to be filed locally).
- Newly-elected officers may take the Oath of Office.
- After taking the Oath of Office, newly-sworn officers may assume the duties of their office.*

Tex. Const. Art. XVI, § 1; Tex. Elec. Code § 67.004 – 67.006, 67.016, 67.017.

***Note:** In some political subdivisions, the newly-elected officers may not assume the duties of office until a certain date. For example, officers in a Type A general law city may not assume office until at least the fifth day after the election (Friday, May 12, 2017), excluding Sundays. Tex. Loc. Gov't Code § 22.036. However, no newly elected official may qualify for office before the official canvass of the election has been conducted (or would have been conducted, in the event of a cancelled election). Section 22.036 of the Texas Local Government Code further requires that the newly-elected governing body of the municipality "meet at the usual meeting place and shall be installed". Also, your source law might require a bond. For example, Section 22.072 of the Texas Local Government Code states that Type A cities have authority to require a bond.

Before an elected (or appointed) officer may assume the duties of the office, the officer must first file a Statement of Elected or Appointed Officer for the official records of the governing body. Tex. Const. Art. XVI, § 1.

We recommend that the presiding officer issue the Certificate of Election at the canvass. The presiding officer of the canvassing authority prepares the Certificate of Election. Tex. Elec. Code Ann. § 67.016. The form we provide is only a sample; many entities like to create their own.

Who can administer an Oath of Office?

The Oath of Office must be administered by someone authorized to administer an oath under Texas law. The most commonly used person to administer oaths is a notary public. Additionally, Section 602.002 of the Texas Government Code authorizes all city secretaries to administer oaths for matters relating to city business. In a Type A general law city, the mayor may also administer the oath. Tex. Loc. Gov't Code § 22.042. Other officials who may administer an oath include: a judge, retired judge, senior judge, clerk of a court of record, justice of the peace or clerk of a justice court, legislator or retired legislator. (See Chapter 602 of the Texas Government Code for the complete list.)
