# SPREAD THE HOPE

## PEANUT BUTTER DRIVE

# September 1 – 30, 2022

Every September during Hunger Action Month, the North Texas Food Bank creates awareness about food insecurity and hosts the Peanut Butter Drive which collects a shelf-stable, kid-friendly protein for our hungry neighbors. The goal for the 2022 drive is 500,000 pounds of peanut butter physically and virtually.

Let's help meet the goal by collecting regular-sized, plastic jars of peanut butter to help feed children and their families who are facing hunger.

Collect physical Peanut Butter or donate to the Virtual Peanut Butter Drive. For more info visit [ntfb.org/peanutbutterdrive](http://ntfb.org/peanutbutterdrive).

# SPREAD THE HOPE

## PEANUT BUTTER DRIVE

# Septiembre 2022

Cada septiembre durante el Mes de Acción contra el Hambre (Hunger Action Month), el banco de alimentos North Texas Food Bank (NTFB) crea conciencia sobre la inseguridad alimentaria NTFB organiza una campaña para recoger la mantequilla de maní (o crema de cacahuete) ya que esta es una proteína estable y buena para los niños. Nuestra meta para la campaña 2022 es 500.000 libras de donaciones de mantequilla de maní o donaciones monetarias.

Ayúdenos a cumplir la meta recolectando frascos de plástico de mantequilla de maní de tamaño regular para ayudar a alimentar a niños y sus familias en el norte de Texas.

**Ayúdanos a recolectar mantequilla de maní o pueden donar a la campaña virtual. Para obtener más información, visite [ntfb.org/peanutbutterdrive](http://ntfb.org/peanutbutterdrive).**

CITY COUNCIL MEETING  
AUGUST 22, 2022

**CALL TO ORDER – Roll Call and Determination of a Quorum**

The Parker City Council met in a special meeting on the above date at Parker City Hall, 5700 E. Parker Road, Parker, Texas, 75002.

Mayor Lee Pettle called the meeting to order at 7:00 p.m. Mayor Pro Tem Michael Slaughter and Councilmembers Diana M. Abraham, Terry Lynch, Cindy Meyer and Jim Reed, and were present.

Staff Present: City Administrator Luke Olson, Asst. City Administrator/City Secretary Patti Scott Grey, Finance/Human Resources Director Grant Savage, City Attorney Trey Lansford, and Assistant Police Chief Kenneth Price

**INDIVIDUAL CONSIDERATION ITEMS**

**1. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON ORDINANCE NO. 821 ADOPTING THE 2022 TAX RATE.**

Finance/Human Resources Director Savage reviewed City Council Work Session FY 2022-223 Final Action on Tax Rate PowerPoint for all three (3) items on tonight's agenda. [See ***Exhibit 1 – Finance/Human Resources Director Grant Savage's City Council Work Session FY 2022-223 Final Action on Tax Rate PowerPoint, dated August 22, 2022.***]

MOTION: Councilmember Abraham moved to adopt Ordinance No. 821 setting a tax rate of \$0.329289, which is effectively a 2.87 percent increase in the tax rate above the No-New Revenue Tax Rate. Mayor Pro Tem Slaughter seconded with the following record vote: Councilmembers Abraham, Lynch, Meyer, Reed, and Slaughter voting for the motion. Motion carried 5-0.

**2. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON ORDINANCE NO. 822 ADOPTING THE 2022-2023 BUDGET.**

MOTION: Councilmember Abraham moved to adopt Ordinance No. 822 approving the Fiscal Year 2022-2023 Budget as presented. Councilmember Meyer seconded.

Councilmember Lynch voiced concern regarding proposed Ordinance No. 822, **Section 5., 1. and 2.** as follows:

**SECTION 5.** Specific authority is given to the Mayor, conditioned as set forth below, to make the following adjustments:

1. With the concurrence of the Director of Finance, the transfer of appropriations budgeted from one account classification to another account classification within the same department.
2. With the approval of City Administrator and or Mayor, transfer of appropriations from designated appropriation from one department or activity to another department or activity within the same fund.

Councilmember Lynch suggested **Section 5.**, **1.** and **2.**, be amended to limit the Mayor's adjustments to 5 percent (5%) or \$10,000. Councilmember Reed said he questioned the section as well.

There was discussion on Texas Local Government Code, Title 4. Finances, Subtitle A. Municipal Finances, Chapter 102. Municipal Budget; emergency situations when the section could be necessary and why it is important that it remain in the ordinance; and increasing the adjustment limit to \$25,000, before the record vote.

The record vote for the motion was as follows: Councilmembers Abraham, Meyer, Reed, and Slaughter voting for the motion. Councilmember Lynch voted against the motion. Motion carried 4-1.

3. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON ORDINANCE NO. 823 RATIFYING THE PROPERTY TAX REVENUE INCREASE IN THE 2022-23 BUDGET AS A RESULT OF THE CITY RECEIVING MORE REVENUES FROM PROPERTY TAXES IN THE 2022-23 BUDGET THAN IN THE PREVIOUS FISCAL YEAR; AND PROVIDING AN EFFECTIVE DATE.

**MOTION:** Mayor Pro Tem Slaughter moved to adopt Ordinance No. 823 ratifying the increase in property tax revenues reflected in the Fiscal Year 2022-2023 Budget. Councilmember Reed seconded the following record vote: Councilmembers Abraham, Lynch, Meyer, Reed, and Slaughter voting for the motion. Motion carried 5-0.

Mayor Pettle explained the tax rate was decreased, but due to Parker property values increasing, there is a tax increase.

## ADJOURN

## ORDINANCE NO. 824

### *(Extension of Temporary Moratorium on Acceptance of Development Applications)*

**AN ORDINANCE OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS, EXTENDING A TEMPORARY MORATORIUM ON THE ACCEPTANCE, AUTHORIZATION, AND APPROVALS NECESSARY FOR THE SUBDIVISION, SITE PLANNING, DEVELOPMENT, AND CONSTRUCTION IN THE CITY LIMITS AND EXTRATERRITORIAL JURISDICTION, PROVIDING FINDINGS OF FACT, DEFINITIONS, APPLICABILITY, PURPOSE, ENACTMENT, DURATION, EXTENSION, EXCEPTIONS AND EXEMPTIONS, AND DETERMINATION AND APPEALS; PROVIDING FOR SEVERABILITY, REPEALER, ENFORCEMENT, PROPER NOTICE AND MEETING, AND AN EFFECTIVE DATE.**

WHEREAS, the City Council of the City of Parker, Texas (the “City Council”), as a duly-elected legislative body, finds that it is facing significant historic and contemporary land use challenges that existing regulations and infrastructure were not designed to address; and

WHEREAS, the City Council finds that it is in the best interest of the City and its citizens to extend the enacted moratorium in order to temporarily suspend the acceptance, authorization, and approvals necessary for the subdivision, site planning, development, and construction on real property in the City Limits and extraterritorial jurisdiction (“ETJ”); and

WHEREAS, Texas Local Government Code Section 51.001 provides the City general authority to adopt an Ordinance or police regulations that are for the good government, peace, or order of the City and is necessary for carrying out a power granted by law to the City; and

WHEREAS, Texas Local Government Code Chapters 211, 213, 214, and 217 grant the City certain regulation authority concerning construction, land use, nuisances, structures, and development-related activities; and

WHEREAS, the City seeks to ensure that impending and future development is conducted in a fiscally sustainable and environmentally responsible manner; and

WHEREAS, the City limits and ETJ are comprised of a combination of topographical, ecological, and other features that create significant development challenges; and

WHEREAS, as codified in Texas Water Code Chapter 552, Subchapter A, the Legislature of the State of Texas granted municipalities the authority to own and operate “utility systems,” which include water systems designed to provide domestic consumption of water; and

WHEREAS, Texas Water Code Section 552.015 grants Type A general-law municipalities the authority to provide for municipal water supply systems; and

WHEREAS, the City has determined that it is necessary to the health, safety, and welfare of the people in the City limits and ETJ to encourage and promote the development and use of the

City's water utility and supply systems to serve the water provision needs of the citizens in the City limits and ETJ to prevent failure of water supply within the system; and

WHEREAS, the City conducted an updated analysis to determine the adequacy of the City's current water supply, facilities, and the need beyond the estimated capacity that is expected to result from properties currently in development; and

WHEREAS, upon review of the updated analysis by the City's Engineer and City Administrator, the City Council has made findings contained herein as **Attachment B** related to the inadequacy of existing essential public facilities in accordance with Section 212.135 of the Texas Local Government Code; and

WHEREAS, the City Council finds that certain essential public water infrastructure, supply, and improvements throughout the City limits and ETJ are inadequate and insufficient to adequately serve new development; and

WHEREAS, relying on the analysis provided by City staff, the outstanding permits issued by the City prior to this moratorium, and the City's impact fee analysis, the City Council makes the following findings:

1. Taking in account all water that has been committed by contract, the City's water facilities are at capacity; and
2. The current water system has bottlenecks that threaten the proper operation of the City's water system; and
3. Based on these bottlenecks and the contractual commitments that will utilize all additional supply of the City's water system, there is currently no additional supply available to commit to development of lots; and
4. This moratorium is reasonably limited to property located in the City limits and ETJ.

WHEREAS, the City continues to take actions to increase the water supply of the City of Parker, but until actions can be finalized to increase the water capacity, allowing for additional water service connections to the Parker water service area will only exacerbate the situation; and

WHEREAS, the City Council finds that a temporary moratorium on the acceptance, authorization, and approvals necessary for the subdivision, site planning, development, and construction in the City limits and ETJ will prevent the situation from becoming worse, and will allow the City time to address the measures needed to remedy the shortage of supply and to secure funds to pay for such remedial measures; and

WHEREAS, additional evaluation of the existing supply, infrastructure, and development is needed to allow for growth and development within the City limits and ETJ while protecting the health, safety, environment, quality of life, and general welfare of its residents; and

WHEREAS, the City desires to study and evaluate the impact of further development, the need for additional water supply and facilities, appropriate water regulations, and issues that will affect future growth and development of the area within its jurisdiction; and

WHEREAS, the City finds this evaluation process will require community input and will take a reasonable amount of time to complete; and

WHEREAS, the City has determined that it is necessary to study and update its development ordinances and procedures in order to clarify and improve its planning policies based on the forthcoming regulations, strengthen the connection between the City's Code of Ordinances and the goals and needs of the City's residents, and to protect the health, safety, environment, quality of life, and general welfare of its residents; and

WHEREAS, in order for the City to have adequate and reasonable time to review, evaluate, and revise the City's development ordinances, and to consider the impact of the ordinances upon future growth, public health and safety, development, the natural environment, and place of architectural and ecological importance and significance within the City limits and ETJ, the City wishes to maintain the *status quo* by extending the enacted temporary moratorium, during which certain applications for development permits and/or approvals will be suspended; and

WHEREAS, the purpose of prohibiting certain applications for development permits and/or approvals during this period includes, within limitation, preserving the *status quo* during the planning process, eliminating incentives for hurried applications, facilitating thoughtful and consistent planning, avoiding exploitation of the delays inherent in the municipal legislative process, and preventing applications from undermining the effectiveness of the revised rules by applying for permits and/or approvals in order to avoid the application of new, possibly more restrictive, development regulations; and

WHEREAS, in recognition of the importance of development permits and/or approvals to the community, the City desires to implement the moratorium for a stated and fixed time period, and to include a waiver provision in accordance with Texas Local Government Code Chapter 212, Subchapter E; and

WHEREAS, all notices and hearings, including a hearing by the Planning & Zoning Commission, were published and held in accordance with applicable statutes, law, and regulations and a temporary moratorium was originally adopted on March 11, 2022 for a period of 90 days; and

WHEREAS, the notice for the possible extension of the temporary moratorium was published in the newspaper for a public hearing at City Council and City Council approved an extension on June 7, 2022 for an additional 90 days following the original term; and

WHEREAS, the notice for an additional extension of the temporary moratorium was published in the newspaper for a public hearing at City Council; and

WHEREAS, based on the updated findings contained herein, information provided by City staff, and the evidence submitted at public hearings, the City Council has determined that existing development ordinances and regulations and other applicable laws are inadequate to prevent

existing essential public water facilities from exceeding capacity, thereby being detrimental to the public health, safety, and welfare of the residents of Parker; and

WHEREAS, the City Council finds that the enactment of this Ordinance is directly related to the immediate preservation of the public peace, health, or safety;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS:**

**Section 1. INCORPORATION OF RECITALS/FINDINGS OF FACT**

The recitals contained in the preamble of this ordinance are incorporated into the body of this Ordinance as it set out fully herein as legislative findings of fact.

**Section 2. DEFINITIONS**

As used in this Ordinance, these terms shall be defined as follows. Terms appearing in this Ordinance but not defined herein shall have the meanings provided in the City's Code of Ordinances, or if not defined therein then the common meanings in accordance with ordinary usage.

- A. **“Essential Public Facilities”** means water, sewer/wastewater, or storm drainage facilities or street improvements provided by a municipality or private utility.
- B. **“Permit”** means a license, certificate, approval, registration, consent, permit, contract, or other agreement for construction related to, or provision of, service from a water or wastewater utility owned, operated, or controlled by a regulatory agency, or other form of authorization required by law, rule, regulation, order, or ordinance that a person must obtain to perform an action or initiate, continue, or complete a project for which the permit is sought
- C. **“Project”** means an endeavor over which a regulatory agency exerts its jurisdiction and for which one (1) or more permits are required to initiate, continue, or complete the endeavor.
- D. **“Property Development”** means the construction, reconstruction, or other alteration or improvement of buildings or the subdivision or replatting of a subdivision of property.

**Section 3. APPLICABILITY**

The City of Parker hereby enacts this Ordinance in order to extend the temporary moratorium enacted on March 11, 2022 on the acceptance and processing of certain applications and issuance of particular permits and other forms of municipal authorizations related to specific

construction and land development activities. This extension of the temporary moratorium applies to all city zoning district uses within the City limits and ETJ.

Unless a Project falls within an Exception (as provided below), this temporary moratorium applies to all applications for property development permits. Permits that are affected or not affected by the moratorium are attached as Attachment A. The applicability of the moratorium to any permit not listed shall be determined based on the purpose of the moratorium and may be added to the list by the City Administrator.

#### **Section 4. PURPOSE**

This temporary moratorium is being extended to maintain the *status quo*, and to:

- A. Review the City's policies on the acceptance of applications for municipal Permits for construction or development;
- B. Update the City's permitting and planning requirements and processes for utility and water infrastructure;
- C. Obtain and review public input and expert guidance; and
- D. Update the City's water utility infrastructure and supply.

#### **Section 5. ENACTMENT**

The City of Parker hereby enacts this Ordinance extending the temporary moratorium on the City's acceptance, review, approval, and issuance of permits in the City limits and ETJ.

#### **Section 6. DURATION**

The duration of the extension of this temporary moratorium shall be for a period of ninety (90) days after enactment of this Ordinance, or repeal of this Ordinance by the City, whichever is sooner.

#### **Section 7. EXTENSION**

If the City determines that the period is insufficient for the City to fully complete its study and increase its water supply, this Ordinance may be renewed or extended for an additional period of time necessary to complete the implementation of the changes to the City codes, policies, and processes and the implementation of actions necessary to expand the City's water supply in accordance with the time limits as provided by law upon a majority vote of the City Council.

#### **Section 8. EXCEPTIONS AND EXEMPTIONS**

- A. **Exceptions.** Any property owner who believes that he or she falls within the below exceptions shall provide notice of the exception at time of application for any permit

with the City-approved form. Exceptions are administratively approved or denied. Any exception that is denied may be appealed to the City Council. Exceptions will be determined within the same time period as the administrative completeness check for each Project, or within ten business days, whichever is sooner. If a Grandfathered Development Status Determination Report is required, then the exception can be applied concurrently with the Request but the time frame of the Request shall be controlling.

1. **No Impact Projects.** The temporary moratorium extended by this Ordinance does not apply to a Project that does not:
  - Impact Water Supply and/or Capacity; and

To make a determination of whether a Project is no impact as listed, an applicant shall apply for an exception to the moratorium.

2. **Ongoing Projects.** The temporary moratorium extended by this Ordinance does not apply to any Projects that are currently, actively in progress for which valid City permits have been issued and have not expired as of February 25, 2022, such being the fifth business day after the date on which the City published notice of the public hearings to consider the implementation of a temporary moratorium. The provisions of this Ordinance do not apply to any completed application or plan for development for a Permit, plat, verification, rezoning, site plan, approved water plan, or new or revised certificate of occupancy for Property Development that were filed prior to February 25, 2022. New Permits applied for as part of a previously approved Project may proceed once an exception is applied for and approved as described herein.
3. **Grandfathered Projects.** The temporary moratorium extended by this Ordinance shall not apply to Projects that are grandfathered as provided by state law. Property owners asserting grandfathered rights under Texas Local Government Code Chapter 245 must submit an application claiming an exception to this temporary moratorium to the planning department for review in accordance with City policy. Grandfathered status can be approved through an approved Grandfathered Development Status Determination Request. If a Grandfathered Development Status Determination Request has been finalized by staff on or after February 25, 2022, then a new request is not required to meet this exception. New permits applied for as part of a previously vested Project may proceed once an exception is applied for and approved as described herein.
4. **Development Agreement.** Property owners with a negotiated approval granted by the City Council providing for construction standards, platting, water, wastewater, and development rules pursuant to Texas Local Government Code Chapter 212, Subchapter G may apply for an exception in accordance with City policy. New Permits applied for as part of a

Development Agreement Project may proceed once an exception is applied for and approved as described herein.

**B. Waivers.** Any property owner who does not assert rights under Texas Local Government Code Chapter 245, but who seeks authorization to proceed with the development permitting process during the time of the temporary moratorium can request a waiver. Property owners agreeing to construct certain water infrastructure at property owners' sole expense in accordance with Texas Local Government Code Chapter 212, Subchapter E may apply for a waiver in accordance with City policy.

## Section 9. DETERMINATIONS AND APPEALS

**A. Exceptions.** The Public Works Director or his designee shall make all initial determinations regarding the status of all Projects seeking to apply for Permits during this temporary moratorium and recognition of all Exceptions (as provided herein). Exceptions for Projects filed within thirty (30) days of the effective date of this Ordinance may be filed without a corresponding Permit application. Any exception application filed within this period will be decided within (10) business days of receipt. Any exception that is denied may be appealed to City Council or the applicant may apply for a Waiver. An exception may be applied for by lot, Project, plat, or all area covered by a particular Permit or agreement.

**B. City Council.** City Council shall make a final decision on waivers within 10 days of filing of application.

**C. Waivers.** The decision to approve an Exemption (as provided for above) shall rest solely with the City Council. Any denial will stand until the moratorium is lifted unless the Project requesting the waiver has a substantial change and reapplies for a waiver.

## Section 10. REPEALER

In the case of any conflict between other provisions of this Ordinance and any existing Ordinance of the City, the provisions of this Ordinance shall control.

## Section 11. SEVERABILITY

If any article, paragraph, sentence, subdivision, clause, phrase, or section of this Ordinance be adjudged or held to be unconstitutional, illegal, or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to invalid, illegal, or unconstitutional, and shall not affect the validity of Ordinance as a whole.

## Section 12. ENFORCEMENT

The City shall have the power to administer and enforce the provisions of this Ordinance as may be required by governing law. Any person violating any provision of this temporary

moratorium is subject to suit for injunctive relief as well as prosecution for criminal violations, and such violation is hereby declared to be a nuisance.

Nothing in this Ordinance shall be construed as a waiver of the City's right to bring a civil action to enforce the provisions of this Ordinance and to seek remedies as allowed by law and/or equity.

### **Section 13. PROPER NOTICE AND MEETING**

It is hereby officially found and determined that the meeting at which this Ordinance was passed was open to the public, and that public notice of the time, place, and purpose of said meeting was given as required by the Open Meetings Act, Texas Government Code, Chapter 551. Notice and a public hearing were also provided as required by Texas Government Code Chapter 212, Subchapter E.

### **Section 14. EFFECTIVE DATE**

This Ordinance shall be effective upon the final day of the previously extended term of the temporary mortarium which is September 7, 2022 and shall extend the moratorium for 90 days.

Re: Water Projections

Dear Mr. Olson:

We have completed a demand study for the summer of 2022. The summer of 2022 is being ranked in the top 10 hottest summers of record. The 2022 water records from the City shows July 8th as being the day of maximum usage for this summer. We reviewed the hourly records for the maximum day and the day before and after and have tabulated those hourly results. Based on the number of current connections of 2067 and a per unit density of 1.89 persons per unit calculates a population of 5,767. For July 8<sup>th</sup> the maximum daily demand was 4,011,949 gallons which equates to a per capita demand of 695.7 gallons per capita. The maximum hourly demand occurred at 10 PM at a rate of 1,190 gallons per capita. The attached exhibits show how water was used on July 8<sup>th</sup> hour by hour and how the levels in the tanks fluctuated throughout the day.

The current North Texas Municipal Water District (NTMWD) contract allocates a maximum supply of 3.5million gallons per day (MGD). For the month ending July 31<sup>st</sup> the NTMWD supplied the City of Parker 119,031,000 gallons or an average of 3.84 MGD. From August 1, 2021, thru July 31, 2022 the NTMWD supplied the City of Parker 633,119,000 gallons or an average volume of 1,734,573 gallons per day. By the current NTMWD contract the NTMWD can provide the city 2.5(peak factor) times the average day volume. For July of 2022 the average to maximum day peaking factor was. 2.21.

Based on the revised per capita demands experienced during the summer of 2022 the City has exceeded its contractual NTMWD supply of 3.5 MGD, however the peaking factor between average demand and peak demand was not exceeded (2.21 versus 2.5 ) The summer of 2022 shows the NTMWD was able to supply the peak demand experienced by the City of Parker.

Based on approved lots an additional 797 lots remain to be completed. Those 797 lots equates to a population of approximately 2,224 and a maximum daily demand of 1.55 MGD for a systemwide maximum daily demand of 5.6MGD.

Based on the summer of 2022 records, we recommend no additional lots be approved for development until a contract with NTMWD is executed to supply water to the Central Pump Station. Further, we recommend that the city review the hourly usage records in depth and determine methods to better manage water and its peak use.

We are available at your convenience to discuss our findings and recommendations.

Sincerely,

John W. Birkhoff, P.E.

**ORDINANCE NO. 815**  
**(Temporary Moratorium on Acceptance of Development Applications)**

**AN ORDINANCE OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS, EXTENDING A TEMPORARY MORATORIUM ON THE ACCEPTANCE, AUTHORIZATION, AND APPROVALS NECESSARY FOR THE SUBDIVISION, SITE PLANNING, DEVELOPMENT, ZONING, AND CONSTRUCTION IN THE CITY LIMITS AND EXTRATERRITORIAL JURISDICTION, PROVIDING FINDINGS OF FACT, DEFINITIONS, APPLICABILITY, PURPOSE, ENACTMENT, DURATION, EXTENSION, EXCEPTIONS AND EXEMPTIONS, AND DETERMINATION AND APPEALS; PROVIDING FOR SEVERABILITY, REPEALER, ENFORCEMENT, PROPER NOTICE AND MEETING, AND AN EFFECTIVE DATE.**

WHEREAS, the City Council of the City of Parker, Texas (the “City Council”), as a duly-elected legislative body, finds that it is facing significant historic and contemporary land use challenges that existing regulations and infrastructure were not designed to address; and

WHEREAS, the City Council finds that it is in the best interest of the City and its citizens to extend the enacted moratorium in order to temporarily suspend the acceptance, authorization, and approvals necessary for the subdivision, site planning, development, zoning, and construction on real property in the City Limits and extraterritorial jurisdiction (“ETJ”); and

WHEREAS, the City has developed a Comprehensive Plan for development within the City and desires to protect its ability to regulate development within its jurisdiction; and

WHEREAS, the City has started the process of revisiting the Comprehensive Plan and studying land use and development in the City limits and ETJ, and issued a Request for Qualifications for a professional land planning firm to provide comprehensive plan and development code services; and

WHEREAS, Texas Local Government Code Section 51.001 provides the City general authority to adopt an Ordinance or police regulations that are for the good government, peace, or order of the City and is necessary for carrying out a power granted by law to the City; and

WHEREAS, Texas Local Government Code Chapters 211, 213, 214, and 217 grant the City certain regulation authority concerning construction, land use, nuisances, structures, and development-related activities; and

WHEREAS, the City seeks to ensure that impending and future development is conducted in a fiscally sustainable and environmentally responsible manner; and

WHEREAS, the City limits and ETJ are comprised of a combination of topographical, ecological, and other features that create significant development challenges; and

WHEREAS, the City will change drastically if continued growth and development should occur under the City's existing Code of Ordinances and Comprehensive Plan, which no longer adequately address concerns about the effect of responsible development in the City and ETJ; and

WHEREAS, as codified in Texas Water Code Chapter 552, Subchapter A, the Legislature of the State of Texas granted municipalities the authority to own and operate "utility systems," which include water systems designed to provide domestic consumption of water; and

WHEREAS, Texas Water Code Section 552.015 grants Type A general-law municipalities the authority to provide for municipal water supply systems; and

WHEREAS, the City has determined that it is necessary to the health, safety, and welfare of the people in the City limits and ETJ to encourage and promote the development and use of the City's water utility and supply systems to serve the water provision needs of the citizens in the City limits and ETJ to prevent failure of water supply within the system; and

WHEREAS, the City conducted an updated analysis to determine the adequacy of the City's current water supply, facilities, and the need beyond the estimated capacity that is expected to result from properties currently in development; and

WHEREAS, upon review of the analysis by the City's Engineer and City Administrator, the City Council has made findings contained herein as Attachment B related to the inadequacy of existing essential public facilities in accordance with Section 212.135 of the Texas Local Government Code; and

WHEREAS, the City Council finds that certain essential public water infrastructure, supply, and improvements throughout the City limits and ETJ are inadequate and insufficient to adequately serve new development; and

WHEREAS, relying on the analysis provided by City staff, the outstanding permits issued by the City prior to this moratorium, and the City's impact fee analysis, the City Council makes the following findings:

1. Taking in account all water that has been committed by contract, the City's water facilities are at capacity; and
2. The current water system has bottlenecks that threaten the proper operation of the City's water system; and
3. Based on these bottlenecks and the contractual commitments that will utilize all additional supply of the City's water system, there is currently no additional supply available to commit to development of lots; and
4. This moratorium is reasonably limited to property located in the City limits and ETJ.
5. The City is actively updating its Development Code and is working towards an update of its Comprehensive Plan and Development Code.

WHEREAS, the City continues to take actions to increase the water supply of the City of Parker, but until actions can be finalized to increase the water capacity, allowing for additional water service connections to the Parker water service area will only exacerbate the situation; and

WHEREAS, the City Council finds that a temporary moratorium on the acceptance, authorization, and approvals necessary for the subdivision, site planning, development, and construction in the City limits and ETJ will prevent the situation from becoming worse, and will allow the City time to address the measures needed to remedy the shortage of supply and to secure funds to pay for such remedial measures; and

WHEREAS, additional evaluation of the existing supply, infrastructure, and development is needed to allow for growth and development within the City limits and ETJ while protecting the health, safety, environment, quality of life, and general welfare of its residents; and

WHEREAS, the City desires to study and evaluate the impact of further development, the need for additional water supply and facilities, appropriate zoning districts and district regulations, appropriate land use and water regulations, and issues that will affect future growth and development of the area within its jurisdiction; and

WHEREAS, the City finds this evaluation process will require community input and will take a reasonable amount of time to complete; and

WHEREAS, the City has determined that it is necessary to study and update its development ordinances and procedures in order to clarify and improve its planning policies based on the forthcoming regulations, strengthen the connection between the City's Code of Ordinances and the goals and needs of the City's residents, and to protect the health, safety, environment, quality of life, and general welfare of its residents; and

WHEREAS, in order for the City to have adequate and reasonable time to review, evaluate, and revise the City's development ordinances, and to consider the impact of the ordinances upon future growth, public health and safety, development, the natural environment, and place of architectural and ecological importance and significance within the City limits and ETJ, the City wishes to maintain the *status quo* by extending the enacted temporary moratorium, during which certain applications for development permits and/or approvals will be suspended; and

WHEREAS, the City Council is adopting a working plan and time schedule for achieving an updated comprehensive plan and development code as contained herein as **Attachment C**; and

WHEREAS, the purpose of prohibiting certain applications for development permits and/or approvals during this period includes, within limitation, preserving the *status quo* during the planning process, eliminating incentives for hurried applications, facilitating thoughtful and consistent planning, avoiding exploitation of the delays inherent in the municipal legislative process, and preventing applications from undermining the effectiveness of the revised rules by applying for permits and/or approvals in order to avoid the application of new, possibly more restrictive, development regulations; and

WHEREAS, in recognition of the importance of development permits and/or approvals to the community, the City desires to implement the moratorium for a stated and fixed time period, and to include a waiver provision in accordance with Texas Local Government Code Chapter 212, Subchapter E; and

WHEREAS, all notices and hearings, including a hearing by the Planning & Zoning Commission, were published and held in accordance with applicable statutes, law, and regulations and a temporary moratorium was originally adopted on March 11, 2022 for a period of 90 days; and

WHEREAS, the notice for the possible extension of the temporary moratorium has been published in the newspaper for a public hearing at City Council; and

WHEREAS, based on the updated findings contained herein, information provided by City staff, and the evidence submitted at public hearings, the City Council has determined that existing development ordinances and regulations and other applicable laws are inadequate to prevent existing essential public water facilities from exceeding capacity, thereby being detrimental to the public health, safety, and welfare of the residents of Parker; and

WHEREAS, the City Council finds that the enactment of this Ordinance is directly related to the immediate preservation of the public peace, health, or safety;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS:**

**Section 1. INCORPORATION OF RECITALS/FINDINGS OF FACT**

The recitals contained in the preamble of this ordinance are incorporated into the body of this Ordinance as set out fully herein as legislative findings of fact.

**Section 2. DEFINITIONS**

As used in this Ordinance, these terms shall be defined as follows. Terms appearing in this Ordinance but not defined herein shall have the meanings provided in the City's Code of Ordinances, or if not defined therein then the common meanings in accordance with ordinary usage.

- A. **“Essential Public Facilities”** means water, sewer/wastewater, or storm drainage facilities or street improvements provided by a municipality or private utility.
- B. **“Permit”** means a license, certificate, approval, registration, consent, permit, contract, or other agreement for construction related to, or provision of, service from a water or wastewater utility owned, operated, or controlled by a regulatory agency, or other form of authorization required by law, rule,

regulation, order, or ordinance that a person must obtain to perform an action or initiate, continue, or complete a project for which the permit is sought

- C. **“Project”** means an endeavor over which a regulatory agency exerts its jurisdiction and for which one (1) or more permits are required to initiate, continue, or complete the endeavor.
- D. **“Property Development”** means the construction, reconstruction, or other alteration or improvement of buildings or the subdivision or replatting of a subdivision of property.

### **Section 3. APPLICABILITY**

The City of Parker hereby enacts this Ordinance in order to extend the temporary moratorium enacted on March 11, 2022 on the acceptance and processing of certain applications and issuance of particular permits and other forms of municipal authorizations related to specific construction and land development activities. This temporary moratorium applies to all city zoning district uses within the City limits and ETJ.

Unless a Project falls within an Exception (as provided below), this temporary moratorium applies to all applications for property development permits. Permits that are affected or not affected by the moratorium are attached as Attachment A. The applicability of the moratorium to any permit not listed shall be determined based on the purpose of the moratorium and may be added to the list by the City Administrator.

### **Section 4. PURPOSE**

This temporary moratorium is being extended to maintain the *status quo*, and to:

- A. Assess the short-term and long-term Comprehensive Plan;
- B. Review the City’s policies on the acceptance of applications for municipal Permits for construction or development;
- C. Update the City’s permitting and planning requirements and processes for utility and transportation infrastructure;
- D. Obtain and review public input and expert guidance; and
- E. Update the City’s water utility infrastructure and supply.

### **Section 5. ENACTMENT**

The City of Parker hereby enacts this Ordinance extending the temporary moratorium on the City’s acceptance, review, approval, and issuance of permits in the City limits and ETJ.

## Section 6. DURATION

The duration of the extension of this temporary moratorium shall be for a period of ninety (90) days after enactment of this Ordinance, or repeal of this Ordinance by the City, whichever is sooner.

## Section 7. EXTENSION

If the City determines that the initial period is insufficient for the City to fully complete its study and increase its water supply, this Ordinance may be renewed or extended for an additional period of time necessary to complete the implementation of the changes to the City codes, policies, and processes and the implementation of actions necessary to expand the City's water supply in accordance with the time limits as provided by law upon a majority vote of the City Council.

## Section 8. EXCEPTIONS AND EXEMPTIONS

**A. Exceptions.** Any property owner who believes that he or she falls within the below exceptions shall provide notice of the exception at time of application for any permit with the City-approved form. Exceptions are administratively approved or denied. Any exception that is denied may be appealed to the City Council. Exceptions will be determined within the same time period as the administrative completeness check for each Project, or within ten business days, whichever is sooner. If a Grandfathered Development Status Determination Report is required, then the exception can be applied concurrently with the Request but the time frame of the Request shall be controlling.

- 1. No Impact Projects.** The temporary moratorium extended by this Ordinance does not apply to a Project that does not:
  - Impact Water Supply and/or Capacity; and
  - Require land use modifications inconsistent with the updated Comprehensive Plan.

To make a determination of whether a Project is no impact as listed, an applicant shall apply for an exception to the moratorium.

- 2. Ongoing Projects.** The temporary moratorium extended by this Ordinance does not apply to any Projects that are currently, actively in progress for which valid City permits have been issued and have not expired as of February 25, 2022, such being the fifth business day after the date on which the City published notice of the public hearings to consider the implementation of a temporary moratorium. The provisions of this Ordinance do not apply to any completed application or plan for development for a Permit, plat, verification, rezoning, site plan, approved wastewater plan, or new or revised certificate of occupancy for Property Development that were filed prior to February 25, 2022. New Permits applied for as part of a previously approved Project may proceed once an exception is applied for and approved as described herein.

3. **Grandfathered Projects.** The temporary moratorium extended by this Ordinance shall not apply to Projects that are grandfathered as provided by state law. Property owners asserting grandfathered rights under Texas Local Government Code Chapter 245 must submit an application claiming an exception to this temporary moratorium to the planning department for review in accordance with City policy. Grandfathered status can be approved through an approved Grandfathered Development Status Determination Request. If a Grandfathered Development Status Determination Request has been finalized by staff on or after February 25, 2022, then a new request is not required to meet this exception. New permits applied for as part of a previously vested Project may proceed once an exception is applied for and approved as described herein.
4. **Development Agreement.** Property owners with a negotiated approval granted by the City Council providing for construction standards, platting, water, wastewater, and development rules pursuant to Texas Local Government Code Chapter 212, Subchapter G may apply for an exception in accordance with City policy. New Permits applied for as part of a Development Agreement Project may proceed once an exception is applied for and approved as described herein.

**B. Waivers.** Any property owner who does not assert rights under Texas Local Government Code Chapter 245, but who seeks authorization to proceed with the development permitting process during the time of the temporary moratorium can request a waiver. Property owners agreeing to construct certain water infrastructure at property owners' sole expense and who do not require land use modifications in consistent with the updated comprehensive planning, in accordance with Texas Local Government Code Chapter 212, Subchapter E may apply for a waiver in accordance with City policy.

## Section 9. DETERMINATIONS AND APPEALS

**A. Exceptions.** The Public Works Director or his designee shall make all initial determinations regarding the status of all Projects seeking to apply for Permits during this temporary moratorium and recognition of all Exceptions (as provided herein). Exceptions for Projects filed within thirty (30) days of the effective date of this Ordinance may be filed without a corresponding Permit application. Any exception application filed within this period will be decided within (10) business days of receipt. Any exception that is denied may be appealed to City Council or the applicant may apply for a Waiver. An exception may be applied for by lot, Project, plat, or all area covered by a particular Permit or agreement.

**B. City Council.** City Council shall make a final decision on waivers within 10 days of filing of application.

**C. Waivers.** The decision to approve an Exemption (as provided for above) shall rest solely with the City Council. Any denial will stand until the moratorium is lifted unless the Project requesting the waiver has a substantial change and reapplies for a waiver.

## **Section 10. REPEALER**

In the case of any conflict between other provisions of this Ordinance and any existing Ordinance of the City, the provisions of this Ordinance shall control.

## **Section 11. SEVERABILITY**

If any article, paragraph, sentence, subdivision, clause, phrase, or section of this Ordinance be adjudged or held to be unconstitutional, illegal, or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to invalid, illegal, or unconstitutional, and shall not affect the validity of Ordinance as a whole.

## **Section 12. ENFORCEMENT**

The City shall have the power to administer and enforce the provisions of this Ordinance as may be required by governing law. Any person violating any provision of this temporary moratorium is subject to suit for injunctive relief as well as prosecution for criminal violations, and such violation is hereby declared to be a nuisance.

Nothing in this Ordinance shall be construed as a waiver of the City's right to bring a civil action to enforce the provisions of this Ordinance and to seek remedies as allowed by law and/or equity.

## **Section 13. PROPER NOTICE AND MEETING**

It is hereby officially found and determined that the meeting at which this Ordinance was passed was open to the public, and that public notice of the time, place, and purpose of said meeting was given as required by the Open Meetings Act, Texas Government Code, Chapter 551. Notice and a public hearing were also provided as required by Texas Government Code Chapter 212, Subchapter E.

## **Section 14. EFFECTIVE DATE**

This Ordinance shall be effective upon the final day of the initial term of the temporary moratorium which is June 9, 2022 and shall extend the moratorium for 90 days.

READ, PASSED, AND APPROVED BY THE CITY COUNCIL OF PARKER,  
COLLIN COUNTY, TEXAS, THIS 7<sup>th</sup> DAY OF JUNE 2022.

Re: Water Projections

Dear Mr. Olson:

We have reviewed the City of Parker's water demand projections from our February evaluation and we have no change to our recommendation that no additional lots be approved for development until a contract with NTMWD is executed. To recap our February evaluation determined that the demand from the City of Parker is at or beyond the supply of 3.5 MGD from NTMWD. The February evaluation has the same results as in previous years. Based on records provided by the City, the City pumped 3.33 MGD in August 2019 and 3.10 MGD in August of 2021. Water demand in the summer months is driven by higher temperatures and the duration between significant rain events. Historically, the hotter the weather and the longer period between rain events drives up water usage.

The February population is estimated to be 5,664 (meter count 2,030 times persons per meter 2.79). Based on the current population and the 2021 maximum daily usage, the 2021 maximum daily demand calculates to be approximately 472 gallons per capita per day (gpcd). The City also has an additional 834 lots currently being developed. Projecting the maximum daily demand including the upcoming residential lots, the maximum daily water demand will be 3,771,752 gallons. This is in excess of the currently contracted supply.

In the event a contract cannot be executed during the next 90 days of the moratorium, we will work with the city staff to monitor water usage during the months of June, July and August to better understand water usage during this period in 2022.

We are available at your convenience to discuss our findings and recommendations.

Sincerely,

John W. Birkhoff, P.E.

**AN ORDINANCE OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS, ENACTING A TEMPORARY MORATORIUM ON THE ACCEPTANCE, AUTHORIZATION, AND APPROVALS NECESSARY FOR THE SUBDIVISION, SITE PLANNING, DEVELOPMENT, ZONING, AND CONSTRUCTION IN THE CITY LIMITS AND EXTRATERRITORIAL JURISDICTION, PROVIDING FINDINGS OF FACT, DEFINITIONS, APPLICABILITY, PURPOSE, ENACTMENT, DURATION, EXTENSION, EXCEPTIONS AND EXEMPTIONS, DETERMINATION AND APPEALS; PROVIDING FOR SEVERABILITY, REPEALER, ENFORCEMENT, PROPER NOTICE AND MEETING, AND AN EFFECTIVE DATE.**

WHEREAS, the City Council of the City of Parker, Texas (the “City Council”), as a duly-elected legislative body, finds that it is facing significant historic and contemporary land use challenges that existing regulations and infrastructure were not designed to address; and

WHEREAS, the City Council finds that it is in the best interest of the City and its citizens to adopt and enact a moratorium in order to temporarily suspend the acceptance, authorization, and approvals necessary for the subdivision, site planning, development, zoning, and construction on real property in the City Limits and extraterritorial jurisdiction (“ETJ”); and

WHEREAS, the City has developed a Comprehensive Plan for development within the City and desires to protect its ability to regulate development within its jurisdiction; and

WHEREAS, the City has started the process of revisiting the Comprehensive Plan and studying land use and development in the City limits and ETJ, and has issued a Request for Qualifications for a professional land planning firm to provide comprehensive plan and development code services; and

WHEREAS, Texas Local Government Code Section 51.001 provides the City general authority to adopt an Ordinance or police regulations that are for the good government, peace, or order of the City and is necessary for carrying out a power granted by law to the City; and

WHEREAS, Texas Local Government Code Chapters 211, 213, 214, and 217 grant the City certain regulation authority concerning construction, land use, nuisances, structures, and development-related activities; and

WHEREAS, the City seeks to ensure that impending and future development is conducted in a fiscally sustainable and environmentally responsible manner; and

WHEREAS, the City limits and ETJ are comprised of a combination of topographical, ecological, and other features that create significant development challenges; and

WHEREAS, the City will change drastically if continued growth and development should occur under the City's existing Code of Ordinances and Comprehensive Plan, which no longer adequately address concerns about the effect of responsible development in the City and ETJ; and

WHEREAS, as codified in Texas Water Code Chapter 552, Subchapter A, the Legislature of the State of Texas granted municipalities the authority to own and operate "utility systems," which include water systems designed to provide domestic consumption of water; and

WHEREAS, Texas Water Code Section 552.015 grants Type A general-law municipalities the authority to provide for municipal water supply systems; and

WHEREAS, the City has determined that it is necessary to the health, safety, and welfare of the people in the City limits and ETJ to encourage and promote the development and use of the City's water utility and supply systems to serve the water provision needs of the citizens in the City limits and ETJ to prevent failure of water supply within the system; and

WHEREAS, the City conducted an analysis to determine the adequacy of the City's current water supply, facilities, and the need beyond the estimated capacity that is expected to result from properties currently in development; and

WHEREAS, upon review of the analysis by the City's Engineer and City Administrator, the City Council has made findings contained herein as **Attachment B** related to the inadequacy of existing essential public facilities in accordance with Section 212.135 of the Texas Local Government Code; and

WHEREAS, the City Council finds that certain essential public water infrastructure, supply, and improvements throughout the City limits and ETJ are inadequate and insufficient to adequately serve new development; and

WHEREAS, relying on the analysis provided by City staff, the outstanding permits issued by the City prior to this moratorium, and the City's impact fee analysis, the City Council makes the following findings:

1. Taking in account all water that has been committed by contract, the City's water facilities are at capacity; and
2. The current water system has bottlenecks that threaten the proper operation of the City's water system; and
3. Based on these bottlenecks and the contractual commitments that will utilize all additional supply of the City's water system, there is currently no additional supply available to commit to development of lots; and
4. This moratorium is reasonably limited to property located in the City limits and ETJ.

WHEREAS, until actions can be taken to increase the water supply of the City of Parker, allowing for additional water service connections to the Parker water service area will only exacerbate the situation; and

WHEREAS, the City Council finds that a temporary moratorium on the acceptance, authorization, and approvals necessary for the subdivision, site planning, development, and construction in the City limits and ETJ will prevent the situation from becoming worse, and will allow the City time to address the measures needed to remedy the shortage of supply and to secure funds to pay for such remedial measures; and

WHEREAS, additional evaluation of the existing supply, infrastructure, and development are needed to allow for growth and development within the City limits and ETJ while protecting the health, safety, environment, quality of life, and general welfare of its residents; and

WHEREAS, the City desires to study and evaluate the impact of further development, the need for additional water supply and facilities, appropriate zoning districts and district regulations, appropriate land use and water regulations, and issues that will affect future growth and development of the area within its jurisdiction; and

WHEREAS, the City finds this evaluation process will require community input and will take a reasonable amount of time to complete; and

WHEREAS, the City has determined that it is necessary to study and update its development ordinances and procedures in order to clarify and improve its planning policies based on the forthcoming regulations, strengthen the connection between the City's Code of Ordinances and the goals and needs of the City's residents, and to protect the health, safety, environment, quality of life, and general welfare of its residents; and

WHEREAS, in order for the City to have adequate and reasonable time to review, evaluate, and revise the City's development ordinances, and to consider the impact of the ordinances upon future growth, public health and safety, development, the natural environment, and place of architectural and ecological importance and significance within the City limits and ETJ, the City wishes to maintain the *status quo* by implementing a temporary moratorium, during which certain applications for development permits and/or approvals will be suspended; and

WHEREAS, the purpose of prohibiting certain applications for development permits and/or approvals during this period includes, within limitation, preserving the *status quo* during the planning process, eliminating incentives for hurried applications, facilitating thoughtful and consistent planning, avoiding exploitation of the delays inherent in the municipal legislative process, and preventing applications from undermining the effectiveness of the revised rules by applying for permits and/or approvals in order to avoid the application of new, possibly more restrictive, development regulations; and

WHEREAS, in recognition of the importance of development permits and/or approvals to the community, the City desires to implement the moratorium for a stated and fixed time period, and to include a waiver provision in accordance with Texas Local Government Code Chapter 212, Subchapter E; and

WHEREAS, all notices and hearings, including a hearing by the Planning & Zoning Commission, have been published and held in accordance with applicable statutes, law, and regulations; and

WHEREAS, based on findings contained herein, information provided by City staff, and the evidence submitted at public hearings, the City Council has determined that existing development ordinances and regulations and other applicable laws are inadequate to prevent existing essential public water facilities from exceeding capacity, thereby being detrimental to the public health, safety, and welfare of the residents of Parker; and

WHEREAS, the City Council finds that the enactment of this Ordinance is directly related to the immediate preservation of the public peace, health, or safety;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS:**

**Section 1. INCORPORATION OF RECITALS/FINDINGS OF FACT**

The recitals contained in the preamble of this ordinance are incorporated into the body of this Ordinance as it set out fully herein as legislative findings of fact.

**Section 2. DEFINITIONS**

As used in this Ordinance, these terms shall be defined as follows. Terms appearing in this Ordinance but not defined herein shall have the meanings provided in the City's Code of Ordinances, or if not defined therein then the common meanings in accordance with ordinary usage.

- A. **“Essential Public Facilities”** means water, sewer/wastewater, or storm drainage facilities or street improvements provided by a municipality or private utility.
- B. **“Permit”** means a license, certificate, approval, registration, consent, permit, contract, or other agreement for construction related to, or provision of, service from a water or wastewater utility owned, operated, or controlled by a regulatory agency, or other form of authorization required by law, rule, regulation, order, or ordinance that a person must obtain to perform an action or initiate, continue, or complete a project for which the permit is sought
- C. **“Project”** means an endeavor over which a regulatory agency exerts its jurisdiction and for which one (1) or more permits are required to initiate, continue, or complete the endeavor.
- D. **“Property Development”** means the construction, reconstruction, or other alteration or improvement of buildings or the subdivision or replatting of a subdivision of property.

### **Section 3. APPLICABILITY**

The City of Parker hereby enacts this Ordinance in order to implement a temporary moratorium on the acceptance and processing of certain applications and issuance of particular permits and other forms of municipal authorizations related to specific construction and land development activities. This temporary moratorium applies to all city zoning district uses within the City limits and ETJ.

Unless a Project falls within an Exception (as provided below), this temporary moratorium applies to all applications for property development permits. Permits that are affected or not affected by the moratorium are attached as **Attachment A**. The applicability of the moratorium to any permit not listed shall be determined based on the purpose of the moratorium and may be added to the list by the City Administrator.

### **Section 4. PURPOSE**

This temporary moratorium is being enacted to maintain the *status quo*, and to:

- A. Assess the short-term and long-term Comprehensive Plan;
- B. Review the City's policies on the acceptance of applications for municipal Permits for construction or development;
- C. Update the City's permitting and planning requirements and processes for utility and transportation infrastructure;
- D. Obtain and review public input and expert guidance; and
- E. Update the City's water utility infrastructure and supply.

### **Section 5. ENACTMENT**

The City of Parker hereby enacts this Ordinance implementing a temporary moratorium on the City's acceptance, review, approval, and issuance of permits in the City limits and ETJ.

### **Section 6. DURATION**

The initial duration of this temporary moratorium shall be for a period of ninety (90) days after enactment of this Ordinance, or repeal of this Ordinance by the City, whichever is sooner.

### **Section 7. EXTENSION**

If the City determines that the initial period is insufficient for the City to fully complete its study and increase its water supply, this Ordinance may be renewed or extended for an additional period of time necessary to complete the implementation of the changes to the City codes, policies,

and processes and the implementation of actions necessary to expand the City's water supply in accordance with the time limits as provided by law upon a majority vote of the City Council.

## Section 8. EXCEPTIONS AND EXEMPTIONS

**A. Exceptions.** Any property owner who believes that he or she falls within the below exceptions shall provide notice of the exception at time of application for any permit with the City-approved form. Exceptions are administratively approved or denied. Any exception that is denied may be appealed to the City Council. Exceptions will be determined within the same time period as the administrative completeness check for each Project, or within ten business days, whichever is sooner. If a Grandfathered Development Status Determination Report is required, then the exception can be applied concurrently with the Request but the time frame of the Request shall be controlling.

**1. No Impact Projects.** The temporary moratorium implemented by this Ordinance does not apply to a Project that does not:

- Impact Water Supply and/or Capacity; and
- Require land use modifications inconsistent with the updated Comprehensive Plan.

To make a determination of whether a Project is no impact as listed, an applicant shall apply for an exception to the moratorium.

**2. Ongoing Projects.** The temporary moratorium implemented by this Ordinance does not apply to any Projects that are currently, actively in progress for which valid City permits have been issued and have not expired as of February 25, 2022, such being the fifth business day after the date on which the City published notice of the public hearings to consider this Ordinance. The provisions of this Ordinance do not apply to any completed application or plan for development for a Permit, plat, verification, rezoning, site plan, approved wastewater plan, or new or revised certificate of occupancy for Property Development that were filed prior to February 25, 2022. New Permits applied for as part of a previously approved Project may proceed once an exception is applied for and approved as described herein.

**3. Grandfathered Projects.** The temporary moratorium implemented by this Ordinance shall not apply to Projects that are grandfathered as provided by state law. Property owners asserting grandfathered rights under Texas Local Government Code Chapter 245 must submit an application claiming an exception to this temporary moratorium to the planning department for review in accordance with City policy. Grandfathered status can be approved through an approved Grandfathered Development Status Determination Request. If a Grandfathered Development Status Determination Request has been finalized by staff on or after February 25, 2022, then a new request is not required to meet this exception. New

permits applied for as part of a previously vested Project may proceed once an exception is applied for and approved as described herein.

4. **Development Agreement.** Property owners with a negotiated approval granted by the City Council providing for construction standards, platting, wastewater, and development rules pursuant to Texas Local Government Code Chapter 212, Subchapter G may apply for an exception in accordance with City policy. New Permits applied for as part of a Development Agreement Project may proceed once an exception is applied for and approved as described herein.

**B. Waivers.** Any property owner who does not assert rights under Texas Local Government Code Chapter 245, but who seeks authorization to proceed with the development permitting process during the time of the temporary moratorium can request a waiver. Property owners agreeing to construct certain water infrastructure at property owners' sole expense and who do not require land use modifications in consistent with the updated comprehensive planning, in accordance with Texas Local Government Code Chapter 212, Subchapter E may apply for a waiver in accordance with City policy.

## **Section 9. DETERMINATIONS AND APPEALS**

- A. Exceptions.** The Public Works Director or his designee shall make all initial determinations regarding the status of all Projects seeking to apply for Permits during this temporary moratorium and recognition of all Exceptions (as provided herein). Exceptions for Projects filed within thirty (30) days of the effective date of this Ordinance may be filed without a corresponding Permit application. Any exception application filed within this period will be decided within (10) business days of receipt. Any exception that is denied may be appealed to City Council or the applicant may apply for a Waiver. An exception may be applied for by lot, Project, plat, or all area covered by a particular Permit or agreement.
- B. City Council.** City Council shall make a final decision on waivers within 10 days of filing of application.
- C. Waivers.** The decision to approve an Exemption (as provided for above) shall rest solely with the City Council. Any denial will stand until the moratorium is lifted unless the Project requesting the waiver has a substantial change and reapplies for a waiver.

## **Section 10. REPEALER**

In the case of any conflict between other provisions of this Ordinance and any existing Ordinance of the City, the provisions of this Ordinance shall control.

## **Section 11. SEVERABILITY**

If any article, paragraph, sentence, subdivision, clause, phrase, or section of this Ordinance be adjudged or held to be unconstitutional, illegal, or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal, or unconstitutional, and shall not affect the validity of Ordinance as a whole.

## **Section 12. ENFORCEMENT**

The City shall have the power to administer and enforce the provisions of this Ordinance as may be required by governing law. Any person violating any provision of this temporary moratorium is subject to suit for injunctive relief as well as prosecution for criminal violations, and such violation is hereby declared to be a nuisance.

Nothing in this Ordinance shall be construed as a waiver of the City's right to bring a civil action to enforce the provisions of this Ordinance and to seek remedies as allowed by law and/or equity.

## **Section 13. PROPER NOTICE AND MEETING**

It is hereby officially found and determined that the meeting at which this Ordinance was passed was open to the public, and that public notice of the time, place, and purpose of said meeting was given as required by the Open Meetings Act, Texas Government Code, Chapter 551. Notice and public hearings were also provided as required by Texas Government Code Chapter 212, Subchapter E.

Re: Water Projections

Dear Mr. Olson:

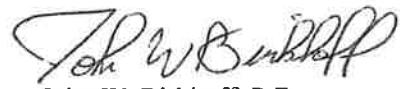

We have evaluated the City of Parker's water demand projections and have determined that the demand from the City of Parker is at or beyond the supply of 3.5 MGD from NTMWD. This current evaluation has the same results as in previous years. Based on records provided by the City, the City pumped 3.33 MGD in August 2019 and 3.10 MGD in August of 2021. Water demand in the summer months is driven by higher temperatures and the duration between significant rain events. Historically, the hotter the weather and the longer period between rain events drives up water usage.

The current population is estimated to be 5,664 (meter count 2,030 times persons per meter 2.79). Based on the current population and the 2021 maximum daily usage, the 2021 maximum daily demand calculates to be approximately 472 gallons per capita per day (gpcd). The City also has an additional 834 lots currently being developed. Projecting the maximum daily demand including the upcoming residential lots, the maximum daily water demand will be 3,771,752 gallons. This is in excess of the currently contracted supply.

We recommend that no additional lots be approved within the City of Parker's CCN until the NTMWD supply contract can be completed and the Central Pump Station brought online. To complete the pump station will require the connection to the NTMWD 84-inch supply line, which will require approximately 30-60 days to schedule and complete.

We are available at your convenience to discuss our findings and recommendations.

Sincerely,

  
 John W. Birkhoff, P.E.

# 2021~2022 Parks and Recreation Annual Update Report

August 31, 2022

Dear Mayor and City Council,

With Covid and inflation still in the picture, we have continued to make progress that we are proud to report .

1. New commission members were installed December 2021. Early in December , holiday lights were installed on City Hall, compliments of J. Bell Lighting.
2. Re-Cap of Parkerfest October 24, 2021: A great tent was erected across from City Hall. Many activities took place over a 3 hour period including a successful food drive, donations for Angel Tree, food vendors , games, face painting, carnival eats and treats, pumpkin crafts with Pier Burgess garnered attention from state level officials at Keep Texas Beautiful, a petting zoo, bounce house, and much more. Over 350 people attended , thanks to Chief Brooks and his staff skillfully guiding the folks for parking, drop- offs, and navigating the attendees around The Blues Brothers band. Monies and donations raised exceeded \$5000 in value for worthy community projects. We are in the process of finalizing Parkerfest 2022, with a subcommittee hard at work.
3. Wildflowers planting with seeds donated by Kimberly and Duane Hinshaw and bed work by Cherie Ware , the commissioner and volunteers resulted in a nice showing of bluebonnets and wildflowers , despite multiple hard freezes over that last 18 months. Another seeding will occur in the upcoming fall months.
4. The Parker Women's Club had their annual fundraiser , designating the Park and Recreation Commission the beneficiary of \$14,000.00 for park improvements , benches and tables, and further enhancements for residents to enjoy. Kimberly Hinshaw spearheaded this contribution. Presently, the Commission is researching items and cost that would make the greatest impact on the Park/ Preserve. Also, the split rail fence ( that has deteriorated) is in the midst of replacement , as soon as weather allows. The redwood signs at each entrance of the Preserve, have been completed , thanks to Rick Debus , Franks DaCosta and Logan Donaghy.
5. The Great American Clean-Up was done in conjunction with Keep Texas

Beautiful, led by Frank and Donna DaCosta. It was initially delayed by weather, by occurred in late May . Many thanks to the team of volunteers that worked hard on this outdoor project, despite the weather breaking heat. Clean-up items and materials were again provided by Keep Texas Beautiful and Lowe's.

6. First Responder Signs will again be on display following Parkerfest.
7. As of this writing, Parkerfest 2022 planning is in full swing, slated to occur Sunday, October 30, 2022, 3-6pm. A similar venue in the park - staged in same area, with entertainment, food, vendors, fun and games. We do need volunteers and hope the City Council, Parker residents and staff to assist! Admission will be canned/dry goods, and donations for Angel Tree , in lieu of a fee.
8. This past year , Keep Texas Beautiful offered several online training programs free for our commissioners , to learn unique ways other cities and towns have beautified and improved their cities.
9. The Commission plans on a Holiday Tree Lighting, treats , and special visitors from up North on Sunday, November 30, 2022 4-6 pm. Ideas and planning are underway. We are looking forward to another surprise this year.

I want to thank all the commissioners, alternates, city staff, volunteers, donors and sponsors. It's takes all of us to keep Parker unique.

Chair, Parks and Recreation Commission

7. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON ORDINANCE NO. 766, REINSTITUTING THE PARKER PARKS AND RECREATION COMMISSION. [PETTLE/OLSON/SHELBY] [TABLED – 10082018 AND 06182019]

Mayor Pettle said when she discussed the issue of the **annual review** of the Parks and Recreation Commission with City Attorney Shelby he indicated the matter was best handled with the Future Agenda Items rather than being a part of the ordinance.

MOTION: Councilmember Smith moved to approve Ordinance No. 766, reinstating the Parker Parks and Recreation (P & R) Commission, noting the **annual review** would be handled on the Future Agenda Items rather than be stated in the Ordinance. Councilmember Taylor seconded with Councilmembers Abraham, Meyer, Smith, Standridge, and Taylor voting for the motion. Motion carried 5-0.

Mayor Pettle thanked everyone who helped with the reestablishment of the Parks and Recreation (P & R) Commission.

Kimberly Hinshaw, 5208 Estate Lane, conveyed how excited she is to see the Parks and Recreation Commission reinstated and to be involved with it. Ms. Hinshaw said she had lots of ideas for the community as far as activities and beautification projects. She said she was a longtime resident, and that Parker was featured in D Magazine as the best little city in North Texas, partially due to the city's beautification and community efforts.
