## FUTURE AGENDA ITEMS

### 7. FUTURE AGENDA ITEMS

Hearing no additional requests, Mayor Pettle encouraged everyone to email her requests. She noted the next regularly scheduled meeting, November 1, 2022 is canceled due to early voting. The next regularly scheduled meeting is November 15, 2022.

## WORKSHOP

### 8. COUNCIL TERM LENGTH

City Attorney Lansford reviewed his PowerPoint, noting he prepared the information, as some residents and Councilmembers indicated they wanted information about possibly increasing the length of terms for Mayor and Council. The current two (2) year terms can be too short to accomplish their goals and complete projects. Others are tired of annual elections, and this could give Council and Staff a year off. There could possibly be an election cost savings. An increase in term length would require an election for vacancies and could not be filled by appointment.

Council requested this be placed on an agenda for Council to decide whether or not to place it on the May 2023 ballot. The residents would vote on whether to increase term lengths or not.

## ADJOURN

Mayor Lee Pettle adjourned the meeting at 8:21 p.m.

ATTESTED:

Patti Scott Grey, City Secretary

APPROVED:

  
\_\_\_\_\_  
Mayor Lee Pettle

Approved on the 15th day  
of November, 2022.

I have been Parker resident since 1999, I have served on numerous committees' and on the city council. I am proud to be a Parker resident!

What I want to talk about is my concern that we have a few citizens in Parker that seem to enjoy holding Parker back and gain attention being negative. When I moved to Parker, we were a progressive thriving community, the envy of DFW and touted to be the #1 community in DFW. We had pride in our "Uniquely Country" community. However, over the years we have become a small town with a stale attitude encouraged by a few who oppose any change. What happened to the pride of yesteryear?

If you read the paper or watch the news, many small towns much like Parker are progressing.

- Princeton has a newly completed municipal building;
- Celina with growth and country charm;
- Aubrey with its small-town atmosphere;

And the list goes on as identified in the Dallas Morning news, except for Parker. We have let our town fall behind.

Over the past years efforts have been made to pass a municipal building bond, where the employees of Parker have sufficient work space and at the same time reflects pride and professionalism in our community and DFW.

If we had positive support from Parker residents 5+ years ago today, we would be meeting in an attractive complex that would support our city requirements and reflect a progressive community. Instead, we endure over crowded space for our city employees and a deteriorating portable building for our Police Department. Which I might add that we pay a monthly lease that results in lost dollars for the city.

Today, because the cost of material and labor to build a complex even smaller than we have discussed, would be in excess of 30% greater.

Some citizens have asked why we are not moving forward as the decision is the responsibility of the council. However, to move forward, a positive vote on a bond from Parker citizens is necessary.

A further example of our decline is with the recent budget. The vote for a tax reduction was approved . . . but why? We have streets and infostructure that need major repair. But more important is how we are treating our city employees compared to other local municipalities. Are they being rewarded for their contributions? Think of February with the freeze and the city workers were out in force away from their families working to support us the citizens, they each take pride in being there to assist you. And the list goes on. . .

So where do we go from here?

I for one have pride in Parker and all employees of Parker and will continue to support all city employees, Police and Fire, and the need for a new municipal complex. We need to regain the pride in our community and make Parker once again a growing jewel in DFW.
