### AGENDA SUBJECT

PRESENTATION BY KIM DUFFY, STUDENT FROM ART INSTITUTE OF DALLAS WHO HAS DONE A PHOTOGRAPHIC SERIES ON PARKER.

### SUMMARY

*"Kim Duffy is a Plano resident and a senior in the photography department at the Art Institute of Dallas. This past fall she was in a documentary photography class and given a ten week assignment to choose a small town 'without a Wal-Mart'. Having grown up on the edge of Parker and Plano, she decided Parker would be a perfect town rich with scenery and history to document. Kim is set to graduate in June with her BFA in Photography and plans to go to graduate school this coming fall."*

9. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON RESOLUTION 2012-361 AN INTERLOCAL AGREEMENT WITH LOVEJOY ISD FOR SEWER SERVICE.

Interim City Administrator Flanigan requested this item be tabled to a future date to allow City Attorney Shepherd additional time to finish the contract negotiations.

Item was tabled.

10. CONSIDERATION AND/OR APPROPRIATE ACTION ON ANTICIPATED USE OF FUNDRAISING DOLLARS BY THE FIRE DEPARTMENT DURING FY 2011-2012.

Fire Chief Sheff reviewed the Fire Department's forecast of expenditures with respect to proceeds from the annual fundraiser and other donations received from time to time. Approximately \$61,000 in proceeds was received from the 2011 fundraiser.

\$32,500 will be spent in FY 2011-2012 on the following items:

- a) \$5,000 to install temperature control devices (air conditioning/heating of the cab) on Engine 1 and to modify the interior of the cab in order to store advanced life support equipment and drugs on-board the engine while it sits in the fire station.
- b) \$5,000 to purchase a small, 16 foot cargo trailer to hold the department's specialized rope and swift water rescue equipment and gear.
- c) \$17,500 to be "reserved" for the future purchase of a Lifepak 15 defibrillator/monitor. The monitor will be purchased during FY 2013.
- d) \$5,000 for contingency purposes.

Council thanked Chief Sheff for presenting the plan and requested a monthly statement be sent to Finance Manager/H.R. Boyd. It was suggested that the information in the Chief's report be included in a future newsletter. (See Exhibit 10A for complete report).

11. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON TML TRAINING/  
MEETING FOR MAYOR CORDINA.

No action.

**ROUTINE ITEMS**

12. FUTURE AGENDA ITEM REQUESTS.

Discussion on Lucas Wal-mart site.  
LISD Sewer Service Agreement.

13. UPDATES

a. Property Cleanup

Interim City Administrator Flanigan noted the City would be renting equipment to remove the concrete foundation from the old water tower, as well as the storm cellar.

He also noted he and Mayor Pro Tem Marshall attended a meeting at North Texas Municipal Water District (NTMWD) and the drought conditions are not improving. NTMWD may implement Stage 4 water restrictions in April. The restrictions may have a severe impact on the City's water revenue and may prohibit any new home permits.

### 10A – Fire Department Report

---

## **Anticipated Use of Fundraising Dollars by the Fire Department during FY 2011\_2012**

### **Background:**

During the budget workshop last summer I was asked to provide Council for informational purposes the fire department's forecast expenditures with respect to proceeds from our annual fundraiser and other donations received from time to time.

For background, the fire department is administered by a leadership team which I head. The leadership team, all of whom are Parker residents, consists of myself as Fire Chief, Richard Sherard as Assistant Fire Chief and the division chiefs of our three functional areas: Operations (Marcus Allen), Emergency Medical Services (Kelley Stalder) and Administration (Pete Loughlin). Based upon recommendations from each member of the leadership team with respect to their area of responsibility, we develop our capital and other needs (based upon a strategic vision we adopted some time ago), then meet and prioritize the items. Independently, I set for the leadership team the amount of the fundraising proceeds I believe should be retained by the department for future needs and the amount of funds to be spent during this current fiscal year based upon the priorities set by the team.

### **Anticipated use of fundraising dollars during FY 2011\_2012:**

We raised approximately \$61,000 in proceeds from the 2011 fundraiser. About half is to be retained for future needs of the department and about half is to be spent on the items noted below. By saving for the future we build over time sufficient funds to facilitate the purchase of large dollar items. I believe such a financial plan is consistent with the spirit of those who donated the funds, is fiscally prudent and sound and is in the best interests of the citizens of Parker.

In order of priority, we have set aside \$32,500 of the \$61,000 raised by the fundraiser as follows:

\$5,000 to install temperature control devices (air conditioning/heating of the cab) on Engine 1 and to modify the interior of the cab in order to store advanced life support equipment and drugs on-board the engine while it sits in the fire station.

**Strategic Need:** Presently, we store our advanced life support bags (including drugs) in the watch room along with the defibrillator. When a medical call or accident call is received, the items are moved to Engine 1. Unfortunately, there have been times where the equipment and drugs were left behind. To ensure the equipment is always where it needs to be we plan to add the additional temperature controls to the cab that will operate off of the 120 volt land line that is attached to each

apparatus when they sit in the apparatus bay. We will obtain the requisite approval from City Administration before adding the additional land line.

\$5,000 to purchase a small, 16 foot cargo trailer to hold the department's specialized rope and swift water rescue equipment and gear.

**Strategic Need:** Presently, our technical rescue equipment is stored either on Engine 10 or in the fire station bunker room. In order to reach necessary firefighting equipment at the scene of a fire the rescue equipment must first be removed from Engine 10. This includes removing the heavy stokes basket which requires two firefighters to safely move. The use of a small trailer for technical rescue equipment is common for fire departments. A hitch will be added to the rear of Brush 1 to accommodate the trailer. The trailer will remain inside the fire station and will be attached to Brush 1 if and when it is needed.

\$17,500 to be "reserved" for the future purchase of a Lifepak 15 defibrillator/monitor. The monitor will be purchased during FY 2013.

**Strategic Need:** Several years ago as a pre-requisite to initiating advanced life support services we purchased a pre-owned Lifepak 12 defibrillator/monitor for approximately \$15,000 or half the cost of a new defibrillator. The Lifepak 15 is the current Lifepak model in-market today and has enhancements over the 12 model that is desired by our medical control physician. The Lifepak model of defibrillator is used by East Texas, Wylie FD, Plano FD and Murphy FD. The manufacturer has advised us that the model 12 has reached the end of its lifecycle with the manufacturer and will no longer be supported after 2013. We are placing half the estimated \$35,000 purchase price of a model 15 into "reserve" and plan on purchasing a LifePak 15 during FY 2013. As an aside, in the past five months we have responded to three instances of cardiac arrest in Parker.

\$5,000 for contingency purposes.

**Strategic Need:** We typically are faced with the need to supplement specialized training over and beyond that in the city budget or the purchase of unforeseen equipment needed on an immediate-need basis. This includes nozzles, hose, IT items and the like. These items are consistent with the purpose of the fundraising.

#### **Summary:**

In round numbers the fire department has accumulated \$161,000 in total fundraising dollars that are held in either bank accounts or C/Ds. These monies include the results of our most recent fundraiser. Based upon the above-referenced use of proceeds as established by the fire department's leadership

team we expect to reduce the \$161,000 to \$128,500 in available funds for future needs plus an additional \$17,500 set aside for the Lifepak 15.

### AGENDA SUBJECT

DISCUSSION AND UPDATE ON THE 2012 JAPAN GRASSROOTS SUMMIT BY  
COORDINATOR SHARON HARGROVE.

### SUMMARY

Japan Summit Participation by Parker Residents

Our Japanese guests will be enjoying the sights around Fort Worth and Dallas before going to their selected host community on Thursday, August 30. A Parker backyard BBQ welcoming party will be the beginning of a great weekend. On Friday all guests will spend the day enjoying group activities including Southfork Ranch, horseback riding and a high school football game. Saturday host families will include their guests in their normal activities. All host families are invited to the closing ceremonies in downtown Dallas.

If you are interested in being a host family (*there is still room for a few more families*) or would like more information please contact Sharon Hargrove at [Sharon.hargrove@yahoo.com](mailto:Sharon.hargrove@yahoo.com) or phone 214-509-9113.

STATE OF TEXAS §

## FACILITIES AGREEMENT

COUNTY OF COLLIN §

This agreement ("Agreement") is made by and among the City of Allen, Texas (the "City"), and Wal-Mart Real Estate Business Trust, a Delaware statutory trust (the "Developer") (collectively, the "Parties"), acting by and through their duly authorized representatives.

## RECITALS:

**WHEREAS**, the City has, as part of its Capital Project Program, had plans prepared to widen Bethany Road and improve the Intersection of Bethany Road and FM 2551 (the "City Project"); and

**WHEREAS**, Developer is the owner of real property in Lucas, Texas, described in Exhibit "A" (the "Developer Property") which property borders on the City limits and is immediately adjacent to the City Project; and

**WHEREAS**, Developer anticipates constructing a retail store on the Developer Property that will require access to FM 2551 at the location of the City Project; and

**WHEREAS**, inconvenience to the traveling public will be avoided and the public interest served if road construction by the City and improvements by Developer are coordinated in one construction project; and

**WHEREAS**, the City is willing to include improvements to FM 2551, which would otherwise occur at a future date with the construction of retail improvements to the Developer Property, with the City Project subject to City receiving reimbursement of one hundred percent (100%) of the additional costs attributable to the improvements for the benefit of the Developer Property as set forth herein; and

**WHEREAS**, Developer agrees to reimburse the City for such additional costs on the terms set forth herein;

**NOW THEREFORE**, in consideration of the premises and the mutual covenants contained herein and other valuable consideration the sufficiency and receipt of which are hereby acknowledged, the Parties agree as follows:

### Article I

#### Term

1.1 The term of this Agreement shall commence on the last date of execution hereof (the "Effective Date") and shall continue until all Parties have fully satisfied all terms and conditions of this Agreement unless sooner terminated as provided herein.

1.2 This Agreement may be terminated by the mutual written agreement of the Parties. The City may terminate this Agreement if Developer breaches any of the terms and conditions of this Agreement, and such breach is not cured by such party within sixty (60) days after receipt of notice thereof. This Agreement shall terminate without further action by the Parties if Commencement of Construction (hereinafter defined) of the City Project, including the Developer Improvements, has not occurred by the Outside Commencement Date (hereinafter defined).

## **Article II**

### **Definitions**

Wherever used in this Agreement, the following terms shall have the meanings ascribed to them:

“Approved Plans” shall mean the plans and specifications for the construction of the City Project as approved by the City and including Developer Improvements approved by Developer.

“City Engineer” shall mean the City of Allen City Engineer, or designee.

“Commencement of Construction” shall mean that (i) the plans for the City Project, including the Developer Improvements, have been prepared and all approvals thereof required by applicable governmental authorities have been obtained; (ii) the contract for construction has been awarded by the City; (iii) all necessary permits for construction of the City Project, including the Developer Improvements, pursuant to the respective plans therefore having been issued by all applicable governmental authorities, and (iv) the grading and/or preparation of right-of-way, or land as applicable, for the construction of City Project, including the Developer Improvements, has commenced.

“Completion of Construction” shall mean: (i) the City Project, including the Developer Improvements, has been substantially completed in accordance with the Approved Plans; and (ii) the City Project, including the Developer Improvements, has been accepted by the City in writing.

“Developer Improvements” shall mean the improvements added to the City Project for the benefit of the Developer Property as listed and described in Exhibit “B”, attached hereto and in accordance with the sketch depicted in Exhibit “C”, which Developer Improvements include, without limitation, a continuous left turn lane, right turn lanes, drainage, signs and markings etc. on FM 2551. Upon approval of the sketch depicted, the City of Allen, through its Engineer, will develop final engineering plans and specifications for construction.

“Force Majeure” shall mean any contingency or cause beyond the reasonable control of a party including, without limitation, acts of God or the public enemy, war, terrorist act, or threat thereof, riot, civil commotion, insurrection, government action or inaction (unless caused by the intentionally wrongful acts or omissions of the party), fires, earthquake, tornado, hurricane, explosions, floods, strikes, slowdowns or work stoppages.

“Outside Commencement Date” shall mean July 1, 2012.

“Verified Developer Costs” shall mean the total actual costs of the Developer Improvements verified and approved by the City (including a proportionate share of costs for engineering services by the City Engineer, permitting through TxDOT, 3.2% City construction fee, construction management, legal fees, surveying, and materials testing, in no event exceeding fifteen percent (15%) of the unit bid amounts for the Developer Improvements), but in no event shall Developer be responsible for any Verified Developer Costs exceeding Three Hundred Thousand and No/100 Dollars (\$300,000.00). The City shall provide reasonable back-up documentation to Developer to verify the Verified Developer Costs, such as paid invoices for the Developer Improvements.

### **Article III Project Development**

3.1 Project Construction. Subject to the terms and conditions set forth herein and events of Force Majeure, the City agrees to cause the Commencement of Construction to occur on or before Outside Commencement Date and the Completion of Construction of the City Project, including the Developer Improvements, as set forth herein to occur on or before March 13, 2013. The Verified Developer Costs associated with the Developer Improvements shall be paid by the Developer as set forth in Section 3.2 below. In the event that the City fails to complete the City Project, including the Developer Improvements, on or before March 13, 2013 (subject to Force Majeure), Developer shall have the right, but not the obligation, to complete the Developer Improvements at Developer’s sole cost and expense. In such event, the City agrees to cooperate with Developer in obtaining the permits, approvals and easements necessary to complete the Developer Improvements.

3.2 Temporary City Cost Participation. Developer agrees, within thirty (30) days, after Completion of Construction of the City Project, including the Developer Improvements, to pay to the City one hundred percent (100%) of the Verified Developer Costs. The City shall submit a written invoice to the Developer for the Verified Developer Costs (not to exceed \$300,000.00), which shall be paid by Developer to the City.

### **Article IV Miscellaneous**

4.1 Notice. Any notice required or permitted to be delivered hereunder shall be deemed received three (3) days thereafter if sent by United States Mail, postage prepaid, certified mail, return receipt requested, addressed to the party at the address set forth below (or such other address as such party may subsequently designate in writing) or on the day actually received if sent by courier or otherwise hand delivered.

4.2 Successors and Assigns. All obligations and covenants of the Developer under this Agreement shall be binding on the Developer, its respective successors and permitted assigns. The Developer may not assign this Agreement without the prior written consent of the City Manager, which shall not be unreasonably withheld, denied or delayed.

4.3 Severability. In the event any section, subsection, paragraph, sentence, phrase or word herein is held invalid, illegal or unconstitutional, the balance of this Agreement shall be

enforceable and shall be enforced as if the parties intended at all times to delete said invalid section, subsection, paragraph, sentence, phrase or word.

4.4 Governing Law. The Agreement shall be governed by the laws of the State of Texas, without giving effect to any conflicts of law rule or principle that might result in the application of the laws of another jurisdiction; and exclusive venue for any action concerning this Agreement shall be in the State District Court of Collin County, Texas. The Parties agree to submit to the personal and subject matter jurisdiction of said court.

4.5 Entire Agreement. This Agreement embodies the complete agreement of the parties hereto, superseding all oral or written, previous and contemporary agreements between the parties and relating to the matters in this Agreement, and except as otherwise provided herein cannot be modified without written agreement of the parties to be attached to and made a part of this Agreement. Nothing herein shall be construed in any way to require Developer to construct or operate retail improvements on the Developer Property.

4.6 Agreement Personal to Owner. The interests, easements, and covenants contained in this Agreement shall be personal with respect to Developer and shall not run with and against the Developer Property.

4.7 Recitals. The recitals to this Agreement are incorporated herein.

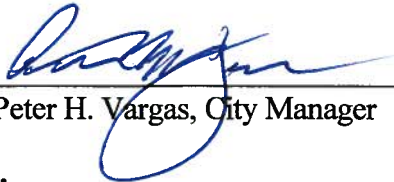

4.8 Exhibits. All exhibits to this Agreement are incorporated herein.

4.9 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original and constitute one and the same instrument.

Crumpton recorded in Volume 897, Page 39, Deed Records of Collin County, Texas and part of a tract of land described in Special Warranty Deed to SC Lucas Road, LP, recorded in Instrument No. 20060410000467670, Land Records of Collin County, Texas and being more particularly described as follows:

**BEGINNING** at a 5/8" iron rod with aluminum cap found at the northernmost end of a right-of-way corner clip at the intersection of the east right-of-way line of F.M. 2551 (a variable width right-of-way) and the north right-of-way line of West Lucas Road (a variable width right-of-way);

**THENCE** with said east right-of-way line, North 00°46'08" West, at a distance of 449.06 feet passing the northwest corner of said Crumpton tract, continuing in all a total distance of 1266.29 feet to a 5/8" iron rod with aluminum cap found at the southeast corner of a tract of land described in Special Warranty Deed to SC Lucas Road, LP, recorded in Instrument No. 20070604000748030, Land Records of Collin County, Texas;

**THENCE** departing said east right-of-way line and with the south line of said second reference SC Lucas Road, LP, tract, North 89°44'30" East, a distance of 955.59 feet to a point for corner;

**THENCE** with the west line of said Ahmandi tract, South 00°42'39" East, a distance of 548.98 feet to a 5/8" iron rod with "KHA" cap set at the southwest corner of said Ahmandi tract and the northwest corner of a tract of land described in deed to Billy James Stratton recorded in Volume 770, Page 183, Deed Records of Collin County, Texas;

**THENCE** with the west line of said Stratton tract, South 01°08'43" East, a distance of 398.40 feet to a 3/8" iron rod found at the southwest corner of said Stratton tract and the northwest corner of a tract of land described in deed to Patti Stratton Frie recorded in Volume 1745, Page 556, Land Records of Collin County, Texas;

**THENCE** with the west line of said Frie tract, South 01°01'20" East, a distance of 347.33 feet to a 5/8" iron rod with aluminum cap found in said north right-of-way line of West Lucas Road at the northeast corner of a tract of land described in Right-Of-Way Deed to County of Collin, recorded in Volume 3465, Page 272, Land Records of Collin County, Texas;

**THENCE** with said north right-of-way line, South 89°33'32" West, at a distance of 454.46 feet, passing a 5/8" iron rod with aluminum cap found at the southeast corner of said Crumpton tract, continuing in all a total distance of 926.37 feet to a 5/8" iron rod with aluminum cap found at the southernmost end of said right-of-way corner clip;

**THENCE** with said right-of-way corner clip, North 46°48'54" West, a distance of 45.55 feet to the **POINT OF BEGINNING** and containing 28.448 acres or 1,239,197 square feet of land.

## LIGHTING ORDINANCE

### Division 7. Lighting

#### Sec. 14.04.251 Purpose and intent

It is the intent of this division to preserve, protect, and enhance the lawful nighttime use and enjoyment of any and all property through the use of appropriate lighting practices and systems. Such individual fixtures and lighting systems are designed, constructed, and installed to: control glare and light trespass, minimize obtrusive light, conserve energy and resources while maintaining safety, security and productivity, and curtail the degradation of the nighttime visual environment.

#### Sec. 14.04.252 Definitions

Cut-off angle (of a luminaire). The angle, measured up from the nadir, between the vertical axis and the first line of sight at which the bare source is not visible.

Footcandle. A unit of illuminance amounting to one lumen per square foot.

Full cut-off type fixture. A luminaire or light fixture that, by design of the housing, does not allow any light dispersion or direct glare to shine above a 90-degree horizontal plane from the base of the fixture. Full cut-off fixtures must be installed in a horizontal position as designed, or the purpose of the design is defeated.

Fully shielded. A fully shielded luminaire is a luminaire constructed or shielded in such a manner that all light emitted by the luminaire, either directly from the lamp or indirectly from the luminaire, is projected below the horizontal plane through the luminaire's lowest light-emitting part as determined by photometry test or certified by the manufacturer. Fixtures will be installed in a horizontal position as designed, or disability glare will result.

Glare. The sensation produced by luminance within the visual field that is sufficiently greater than the luminance to which the eyes are adapted to cause annoyance, discomfort, or loss in visual performance and visibility.

Illuminance. The quantity of light, or luminous flux, arriving at a surface divided by the area of the illuminated surface, measured in lux or footcandles.

Light trespass. Light emitted by a lighting installation which falls outside the boundaries of the property on which the installation is sited.

Luminaire. A complete lighting unit consisting of a lamp or lamps together with the parts designed to distribute the light, to position and protect the lamps and to connect the lamps to the power supply.

Luminance. The physical quantity corresponding to the brightness of a surface (e.g., a lamp, luminaire, sky, or reflecting material) in a specified direction. It is the luminous

intensity of a area of the surface divided by that area. The unit is candela per square meter.

Lux (lx). The SI unit of illuminance. One lux is one lumen per square meter.

Obtrusive light. Spill light which, because of quantitative, directional or spectral context, gives rise to annoyance, discomfort, distraction or a reduction in the ability to see essential information.

Spill light. Light emitted by lighting installation that falls outside the boundaries of the property on which the installation is sited.

Up-lighting. Any light source that distributes illumination above a 90-degree horizontal plane.

(Ordinance 1999-12-00426.1 adopted 12/6/99)

#### **Sec. 14.04.253 General provisions**

(a) Curfew. All nonessential lighting in any district will be required to be turned off after business hours in the commercial zones and after midnight in residential areas, leaving only the necessary lighting for site security. The nonessential lighting shall remain off until dawn or one-half hour before a business opens, whichever is earlier. ("Nonessential" can apply, but is not limited to: display, aesthetic, parking, sign lighting, playground, or yard lights) excluding seasonal lighting in residential.

(b) Light trespass limits. No use or operation in any district shall be located or concentrated so as to produce intense glare or direct illumination across the bounding property line for a visible source of illumination nor shall any such light be of such intensity as to create a nuisance or detract from the use and enjoyment of adjacent property. The pre-curfew illuminance level measured on the property line at eye height on a plane perpendicular to the line of sight shall be no greater than 3 lux. The post-curfew illuminance level measured on the property line at eye height on a plane perpendicular to the line of sight shall be no greater than 1 lux.

(c) Streetlights. All street or other common or public area pole-mounted lights shall be fully shielded.

#### General requirements applicable to all outdoor lighting.

(1) When the outdoor lighting installation or replacement is part of a development proposal for which a site plan or plat is required under these regulations, the planning and zoning commission shall review and recommend approval or disapproval to the city council for the lighting installation as part of its site plan or platting process. All other lighting installations or

replacements shall be reviewed for compliance with this chapter, and approved or denied by the city administrator or his or her designee.

(2) Exterior lighting fixtures, whether attached to a building and/or freestanding, shall be of harmonious design.

(3) The applicant shall submit to the city sufficient information, in the form of an overall exterior lighting plan, to enable the city to determine that the applicable provisions will be satisfied. The lighting plan shall include subsections (A) through (E) below and also conform to subsections (F) through (N) below:

(A) A site plan, drawn to a scale of one-inch equaling 20 feet, showing buildings, landscaping, parking area, and all proposed exterior fixtures including lamps, supports, reflectors and other devices.

(B) Specifications for all proposed lighting fixtures including photometric data, designation as IESNA full cut-off fixtures where required, and other descriptive information on the fixtures.

(C) Proposed mounting height of all exterior mounting fixtures.

(D) Luminance level diagrams showing that the proposed installation conforms to the lighting level standards in this chapter.

(E) Drawings of all relevant building elevations showing the fixtures, the portions of the walls to be illuminated, the illuminance levels of the walls, and the aiming points for any remote light fixtures.

(F) All exterior floodlights, pole lights, and carriage lights should be designed or retrofitted with shielding in a manner such that all of the luminous flux falls upon either the surface of the structure to be illuminated or on the ground wholly within the property on which it is installed.

(G) All new lighting installations shall include timers, dimmers, and/or sensors to reduce overall energy consumption, and eliminate unneeded lighting when required by the planning and zoning commission and city council.

(H) When an outdoor lighting installation is being modified, extended, expanded, or added to, the entire outdoor lighting installation shall be subject to the requirements of this section, and shall be reviewed by the city administrator or his or her designee.

(I) Expansions, additions, or replacements to outdoor lighting installations shall be designed to avoid harsh contrasts in color and/or lighting levels.

(J) Electrical service to outdoor lighting fixtures shall be underground.

(K) Proposed lighting installations that are not covered by the special provisions in this chapter may be approved only if the planning and [zoning] commission and city council find they are designed to minimize glare, do not direct light beyond the boundaries of the area being illuminated or onto adjacent properties or streets, and do not result in excessive lighting levels.

(L) In the case of flags, statues, or other top-of-pole mounted objects which cannot be illuminated with down-lighting, upward lighting may be used only in the form of one narrow-cone spotlight which confines the illumination to the object of interest.

(M) Shielding requirements. Full cut-off shielding is required on undirected light sources of 150 watts or greater, and for directed or focused light sources with spot output of 100 watts or greater, not to exceed 1800 lux.

(N) Light trespass. No use or operation in any district shall be located or concentrated so as to produce intense glare or direct illumination across the bounding property line for a visible source of illumination nor shall any such light be of such intensity as to create a nuisance or detract from the use and enjoyment of adjacent property. The pre-curfew illuminance level measured on the property line at eye height on a plane perpendicular to the line of sight shall be no greater than 3 lux. The post-curfew illuminance level measured on the property line at eye height on a plane perpendicular to the line of sight shall be no greater than 1 lux.

(4) Lighting plans, written according to the requirements listed in subsections (3)(A), (B), (C) and (D) of this section, shall contain descriptive data sufficiently complete to enable the plans examiners to readily determine whether compliance with this chapter has been met. If such plans do not enable this ready determination by reason of the nature or configuration of the proposed devices, fixtures or lamps, the applicant may be required to submit analyses and data performed and certified by a recognized testing laboratory as evidence of compliance.

(5) Should any outdoor light fixtures or the type of light source therein be changed after the plan has been filed and approved, a change request must be submitted to the city for approval. The lighting plan change request must be

received by the city prior to the change and it must contain adequate information to assure compliance with this chapter.

(d) Security lighting.

(1) For the purposes of this section, security lighting is defined as lighting primarily designed to illuminate a fence line, barn or outdoor building which is intended to reduce the risk (real or perceived) of personal attack, to discourage intruders, vandals, or burglars, and to protect property.

(2) All lighting districts.

(A) All security lighting fixtures shall be shielded and aimed so that illumination is directed only within the owner's property boundaries and not cast on other areas. In no case shall lighting be directed above a horizontal plane through the top of the lighting fixture, and the fixture shall include shields that prevent the light source or lens from being visible from adjacent properties and roadways. The use of general floodlighting fixtures shall be prohibited unless it meets the shielding requirements of this chapter.

(B) Security lighting may illuminate vertical surfaces (e.g. building facades and walls) up to a level eight feet above grade or eight feet above the bottoms of doorways or entries, whichever is greater.

(C) Security lighting fixtures may be mounted on poles located no less than ten feet from the perimeter of the property boundary.

(D) Security lights intended to illuminate a perimeter (such as a fence line) shall include motion sensors and be designed to be off unless triggered by an intruder located within five feet of the perimeter. The zone of activation sensors must be within the property boundaries of the property wishing to be illuminated.

(E) Security lights shall combine timers with dusk-to-dawn photocells to ensure lights are on only when it is dark.

(F) Security lighting standards in the various lighting districts are as shown in appendix A, the Illuminating Engineering Society of North America (IESNA).

(G) In addition to the application materials set forth in the general provisions of this chapter, applications for security lighting installations shall include a written description of the need for and purposes of the security lighting, a site plan showing the area to be secured and the location of all security lighting fixtures, specifications of all fixtures, the

horizontal and vertical angles in which light will be directed, and adequate cross-sections showing how light will be directed only onto the area to be secured.

#### **Sec. 14.04.254 Special provisions**

Lighting installed and maintained by a public utility company or a public cooperative installed prior to the effective date of the ordinance amending this section [chapter] 14 shall be exempt.

(Ordinance 2007-08-00595 adopted 8/2/07)

#### **Sec. 14.04.255 Nonresidential provisions**

The following provisions shall apply to all nonresidential land uses including, but not limited to, commercial, light industrial, industrial, open space and public/municipal.

- (1) All parking area lighting shall be full cut-off type fixtures. Pole-mounted lights shall be a maximum height of 25 feet, measured from ground level to the base of the light fixture.
- (2) All building lighting for security or aesthetics will be full cut-off or a shielded type, not allowing any upward distribution of light, and shall not exceed a height of 25 feet, measured from ground level. Floodlighting is discouraged, and if used, must be shielded to prevent:
  - (A) Disability glare for drivers or pedestrians.
  - (B) Light trespass beyond the property line.
  - (C) Light above a 90-degree horizontal plane.
- (3) Unshielded wall-pack type fixtures are unacceptable.
- (4) Adjacent to residential property, no direct light source will be visible at the property line at ground level or above.
- (5) Externally lit signs, display, building and aesthetic lighting must be lit from the top and shine downward. The lighting must be shielded to prevent direct glare and/or light trespass. The lighting must also be, as much as physically possible, contained to the target area. Internally lighted signs are acceptable. (See article 3.16 of chapter 3 for further restrictions on lighted signs.)
- (6) The “maintained horizontal illuminance recommendations” set by the Illuminating Engineering Society of North America (IES) shall be observed.

(Ordinance 1999-12-00426.1 adopted 12/6/99)

**Sec. 14.04.256 Site plan standards**

(a) A photo-metric light plan shall be included in all site plans and shall include, but not [be] limited to, locations, size, height, orientation, wattage, design and plans of all outdoor lighting and lighted signs. For site plans showing a high level of illumination, the commission may require an isolux plan indicating levels of illumination in footcandles, at ground level. The plan shall adhere to the “maintained horizontal illuminance recommendations” set by the Illuminating Engineering Society of North America (IESNA). (See appendix A.)

(b) Should any outdoor light fixture or the type of light source be changed after the site plan has been approved, a change request must be submitted in writing to the building inspector for his approval, together with adequate information to assure compliance with this division, which must be received prior to substitution.

(Ordinance 2007-08-00595 adopted 8/2/07)

**Sec. 14.04.257 Temporary lighting exemption**

(a) Any person may submit a written request, on a form prepared by the city, to the building inspector for a temporary lighting exemption request. A temporary exemption shall contain the following information:

- (1) Specific exemption or exemptions requested.
- (2) Duration of time requested for exemption.
- (3) Type of lamp(s), fixture(s) and shielding provided.
- (4) Total wattage of lamp or lamps.
- (5) Proposed location on premises of the outdoor light fixture(s), including height.
- (6) Such other data and information as may be required by the building official.

(b) The building inspector shall have five business days from the date of submission of the request for temporary exemption to act, in writing, on the request. If approved, the exemption shall be valid for not more than thirty days from the date of issuance of the approval. The approval shall be renewable at the discretion of the building official upon a consideration of all the circumstances. Each such renewed exemption shall be valid for not more than thirty days.

#### **Sec. 14.04.258 Nonconforming lighting**

- (a) Existing lighting in conflict with this division shall be classified as nonconforming.
- (b) Nonconforming lighting shall not be altered, rebuilt, enlarged, extended, or relocated, unless doing so brings it into conformance.
- (c) Nonconforming lighting shall not be permitted to remain after cessation or change of the business or activity to which the lighting pertains.

#### **Sec. 14.04.259 Administration**

The duties and responsibilities of administering this division shall be vested in the building inspector of the city, the planning and zoning commission, or such other person as may be designated from time to time by the mayor.

#### **Sec. 14.04.260 Penalty**

Any person, firm or corporation violating any of the provisions of this division shall be deemed guilty of a misdemeanor and, upon conviction, shall be punished by a penalty or fine not to exceed the sum of one thousand dollars (\$1,000) for each offense, and each and every day such offense is continued shall constitute a new and separate offense.

#### **Sec. 14.04.261 Variances**

The board of adjustment shall have authority to grant variances from the provisions of this division in accordance with article 14.02, division 2, of this chapter.

Exhibits:	1) Proposed Resolution 2012-361 with Contract/Agreement

### AGENDA SUBJECT

CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON RESOLUTION 2012-362 AN INTERLOCAL AGREEMENT WITH LOVEJOY ISD FOR SEWER SERVICE.

### SUMMARY

At this writing, the LISD has not yet had an opportunity to respond to the contract draft sent last month. If the revisions are not significant when received, the council could act on the agreement. Otherwise we would want to give the LISD the time they need to review, comment, and perhaps obtain their Board's approval prior to Parker taking action.

Jim Shepherd

### POSSIBLE ACTION

- Approve the agreement by adopting the resolution.
- Table for additional time for LISD review.

**RESOLUTION NO. 2012-361**  
*(Interlocal Agreement Authorizing Sewer Service)*

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS, APPROVING THE TERMS AND CONDITIONS OF AN INTERLOCAL AGREEMENT BY AND BETWEEN THE CITY OF PARKER, TEXAS AND THE LOVEJOY INDEPENDENT SCHOOL DISTRICT, AND AUTHORIZING THE ESTABLISHMENT OF SEWER SERVICE; AUTHORIZING ITS EXECUTION BY THE MAYOR OR HIS DESIGNEE; AND PROVIDING AN EFFECTIVE DATE.**

**WHEREAS**, the City Council of the City of Parker, Collin County, Texas, has been presented a proposed Interlocal Agreement by and between the City of Parker, Texas and Lovejoy Independent School District, a copy of which is attached hereto and incorporated herein by reference (herein called "Agreement"); and,

**WHEREAS**, the Lovejoy Independent School District desires to have sewer service provided by the City of Parker to its Property; and,

**WHEREAS**, upon full review and consideration of the Agreement, and all matters related thereto, the City Council is of the opinion and finds that the terms and conditions thereof should be approved, and that the Mayor or his designee should be authorized to execute the Agreement on behalf of the City of Parker, Texas.

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS, AS FOLLOWS:**

**SECTION 1:** The terms and conditions of the Agreement, having been reviewed by the City Council of the City of Parker and found to be acceptable and in the best interests of the City of Parker and its citizens, be, and the same is hereby, in all things approved.

**SECTION 2:** The Mayor, or his designee, under the direction of the City Council of the City of Parker, is hereby designated as the official representative to act for the City in all matters relating to the establishment of sewer service to the new Lovejoy Independent School District middle school.

**SECTION 3:** The Mayor, or his designee, is hereby authorized to execute the Agreement and all other documents in connection therewith on behalf of the City of Parker, substantially according to the terms and conditions set forth in this Agreement.

**SECTION 4:** This Resolution shall become effective from and after its passage.

**DULY PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS, ON THIS THE \_\_\_\_\_ DAY OF \_\_\_\_\_, 2012.**

STATE OF TEXAS                   §  
   §       **SANITARY SEWER SERVICES AGREEMENT**  
COUNTY OF COLLIN           §

This agreement ("Agreement") is made by and between the City of Parker, Texas (the "City") and the Lovejoy Independent School District ("Owner"), acting by and through their duly authorized representatives (collectively, the "Parties").

**RECITALS:**

**WHEREAS**, this Agreement is being entered into pursuant to the Interlocal Cooperation Act, V.T.C.A., Government Code, Section 791.001, *et seq.* (the "Act"); and

**WHEREAS**, the Owner is the owner of real property located in the City of Lucas, Collin County, Texas and being described in Exhibit "A" (the Property); and

**WHEREAS**, the Owner desires to have sewer services provided by the City to the Property; and

**WHEREAS**, the City and Owner are both units of local governments engaged in the provision of governmental functions and services to their citizens as defined by Section 791.003 of the Act; and

**WHEREAS**, these functions and services serve the public health, safety and welfare, promote efficiency and effectiveness of local government and are of mutual concern to the parties; and

**WHEREAS**, the Owner intends, without cost to the City, to design and construct for the benefit of the Property a certain sewer facility (hereinafter defined as the "Facilities") on the Property and extending from the Property to a connection point in the City's sewer system (the "System") and for the benefit of the Property; and

**WHEREAS**, the City intends to allow the Facilities to be connected to the City's System; and

**WHEREAS**, the Owner and the City desire to enter into this Agreement for design and construction of the Facilities and for the provision of sewer services to the Property; and

**WHEREAS**, the Owner and the City also desire to enter into this Agreement for the purpose to set forth the parties rights and obligations with regard to public sanitary sewer connections and fees related thereto.

**NOW THEREFORE**, in consideration of the premises and the mutual covenants contained herein and other valuable consideration, the sufficiency and receipt of which, are hereby acknowledged, the parties agree as follows:

## **Article I Term**

The term of this Agreement shall be for a period of one year commencing on the last date of execution hereof (the "Effective Date") and shall thereafter automatically continue for successive terms of one year each, unless sooner terminated as provided herein.

## **Article II Definitions**

"City" shall mean the City of Parker, Texas.

"City Engineer" shall mean the city engineer for the City or the designated representative.

"Commencement of Construction" shall mean that (i) the plans have been prepared and all approvals thereof required by applicable governmental authorities have been obtained for construction of the Facilities or respective portion thereof; (ii) all necessary permits for the construction of the Facilities or respective portion thereof, pursuant to the respective plans therefore having been issued by all applicable governmental agencies.

"Completion of Construction" shall mean: (i) substantially completed in accordance with the approved plans; and (ii) the Facilities or respective portions thereof, have been approved by the City.

"Effective Date" shall mean the last date of execution of this Agreement.

"Facilities" shall collectively mean the sewer line to be constructed by the Owner in accordance with the approved plans through Parker to the point of connection to the City of Parker Lift Station.

"Force Majeure" shall mean strikes, riots, acts of God, shortages of labor or materials, war, governmental approvals, laws, regulations, or restrictions, or any other cause of any kind, whatsoever which is beyond the reasonable control of a party.

"Lift Station" shall mean the City of Parker lift station at the intersection of West Lucas Road and Rathbone, in the City of Parker, Texas, to which the Facilities of Owner are to be connected under the terms of this Agreement.

"Owner" shall mean the Lovejoy Independent School District, an independent public school district organized under the laws of the State of Texas, and any subsequent owner of any portion of the Property.

"Plans" shall mean the plans and specifications submitted for the design, installation, and construction of the Facilities, or respective portions thereof, to be approved by the City.

"Property" shall mean the real property described in Exhibit "A" attached hereto.

"System" shall mean the sewer system of the City.

### **Article III**

#### **Sewer Service**

3.1 **Provision of Sewer Service.** Upon and subject to the terms and conditions set forth herein, during the term of this Agreement the City shall provide sanitary sewer service to the Property located in the City of Lucas. Nothing contained herein shall require City to provide sewer services to any other tract of land within the City of Lucas except for the Property.

3.2 **Project Construction.** The Owner agrees without cost to the City, to design, construct and install the Facilities, from the Property to the Lift Station and connecting into the System, subject to City's approval. The Owner agrees to cause Commencement of Construction of the Facilities to occur within \_\_\_\_\_ (\_\_\_\_\_) days after City approval of the Plans, and to cause Completion of Construction of the Facilities within \_\_\_\_\_ (\_\_\_\_\_) days thereafter. The Owner agrees to submit the Plans for the Facilities to the City for its approval prior to commencement of construction. The Owner agrees to design, install, construct and maintain the Facilities in accordance with all applicable City standards. The City of Parker will not be responsible for maintenance of the Facilities. The City is responsible for the maintenance of the Lift Station.

3.2.1 **Equipment.** The Owner shall purchase, or reimburse the City for the purchase of, an emergency pump as described in Exhibit "B". The pump, trailer, and any related necessary equipment shall be the property of the City.

3.3 **Impact Fees.** The City will not charge an impact fee.

3.4 **Connection Fee.** The City shall not charge Owner a connection fee at the time of connection to the System.

3.5 **Sewer Service Charge.** The Owner shall pay to the City for the services provided herein a monthly sewer service charge (the "Sanitary Sewer Charge") determined by multiplying the Metered Volume (hereinafter defined) times the City's per gallon cost of sewer treatment and transportation imposed by NTMWD, as the same exists from time to time (the "NTMWD Sewer Charge"), plus 10%. City and Owner agree that the number of gallons of sewage contributed

by Owner to City's System (the "Metered Volume") shall be equal to the number of gallons of potable water provided to Owner's buildings on the Property, exclusive of any gallons of potable water used for irrigation or other outdoor uses, as determined from the water meter serving the buildings located on the Property. Owner hereby authorizes the City to read the Owner's potable water meter serving the buildings on the Property to determine the Metered Volume and assess the sewer charges based thereon. Upon written request by Owner, City shall provide to Owner the current NTMWD Sewer Charge and the amounts paid by City to NTMWD during the term of this Agreement.

3.6 **Construction and Plan Review.** The Owner shall pay a fee in the amount of 3.2% of the total cost of construction of the Facilities located within the jurisdictional limits of the City in consideration for the City's inspection of the construction of the Facilities and review of the plans, to be paid to the City prior to Commencement of Construction of the Facilities.

3.7 **Easements.** The Owner shall, prior to approval of the Facilities by the City and without cost to the City, acquire, dedicate and convey to the City all necessary easements in the City of Parker for the Owner's construction, operation and maintenance of the Facilities.

3.8 **Limitation of Service.** The use of the Property for purposes of sewer service shall be limited to middle school and middle school related uses and ancillary uses such as worship services, Sunday school and daycare. The maximum allowable sewer discharge shall be up to 100 gpm. In the event the uses of the Property changes without the prior written consent of City, City shall have the right without further notice to suspend or terminate sewer service to the Property.

3.9 **Industrial Pretreatment.** The Owner and any user of sewer services of the Facilities shall comply with the City's and NTMWD's requirements for industrial pretreatment, if applicable.

3.10 **NCTCOG Standards.** Except as otherwise provided in this Agreement, the construction of the Facilities by Owner shall be in accordance with the Standard Specifications for Public Works Construction published by the North Central Texas Council of Governments, as amended, and as modified by the City, and to the extent applicable are hereby incorporated by reference.

## **Article IV**

### **Termination**

- 4.1 This Agreement shall terminate upon either of the following:
- (a) by written agreement of the Parties;
  - (b) by City in the event Owner breaches any of the terms or conditions of this Agreement and, such breach is not cured within thirty (30) days after written notice thereof from City to Owner, provided, however, that in the event the breach cannot be cured through diligent effort within such thirty

(30) day period and Owner commences action to cure such breach within such thirty (30) day period and diligently pursues such action and the City shall extend the period to cure for an additional thirty (30) days.

## **Article V**

### **Miscellaneous**

5.1 **Successors and Assigns.** This Agreement shall be binding on and inure to the benefit of the parties and their respective heirs, executors, administrators, legal representatives, successors, and assigns. This Agreement may not be assigned without the written consent of the other parties.

5.2 **Limitation on Liability.** It is acknowledged and agreed by the parties that the terms hereof are not intended to and shall not be deemed to create a partnership or joint venture among the parties. It is understood and agreed among the parties that each party, in satisfying the conditions of this Agreement, has acted independently, and each party assumes no responsibilities or liabilities to third parties in connection with these actions.

5.3 **Authorization.** Each party represents that it has full capacity and authority to grant all rights and assume all obligations that is granted and assumed under this Agreement.

5.4 **Notice.** Any notice required or permitted to be delivered hereunder shall be deemed received three (3) days thereafter sent by United States Mail, postage prepaid, certified mail, return receipt requested, addressed to the party at the address set forth below or on the day actually received when sent by courier or otherwise hand delivered.

5.5 **Entire Agreement.** This Agreement embodies the complete agreement of the parties hereto, superseding all oral or written, previous and contemporary agreements between the parties and relating to the matters in this Agreement, and except as otherwise provided herein cannot be modified without written agreement of the parties to be attached to and made a part of this Agreement.

5.6 **Governing Law.** The validity of this Agreement and any of its terms and provisions, as well as the rights and duties of the parties, shall be governed by the laws of the State of Texas; and venue for any action concerning this Agreement shall be in District Court of Collin County, Texas. The parties agree to submit to the personal and subject matter jurisdiction of said court.

5.7 **Amendment.** This Agreement may be amended by the mutual written agreement of the parties.

5.8 **Legal Construction.** In the event anyone or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect other provisions, and it is the intention of the parties to this Agreement that in lieu of each provision that is found to be illegal, invalid, or unenforceable, a provision be added to this Agreement which is legal, valid and enforceable and is as similar in terms as possible to the provision found to be illegal, invalid or unenforceable.

5.9 **Recitals.** The recitals to this Agreement are incorporated herein.

5.10 **Counterparts.** This Agreement may be executed in counterparts. Each of the counterparts shall be deemed an original instrument, but any of the counterparts shall constitute one and the same instrument.

5.11 **Exhibits.** Any exhibits to this Agreement are incorporated herein by reference for all purposes wherever reference is made to the same.

5.12 **Survival of Covenants.** Any of the representations, warranties, covenants, and obligations of the parties set forth in this Agreement shall survive termination.

5.13 **Compliance with Laws.** The parties shall fully comply with all local, state and federal laws, including all codes, ordinances and regulations applicable to this Agreement and the work to be done thereunder, which exist or which may be enacted later by governmental bodies having jurisdiction or authority for such enactment.

5.14 **Severability.** In the event any section, subsection, paragraph, sentence, phrase or word herein is held invalid, illegal or unconstitutional, the balance of this Agreement shall be enforceable and shall be enforced as if the parties intended at all times to delete said invalid section, subsection, paragraph, sentence, phrase or word.

5.15 **Recordation of Agreement.** A certified copy of this Agreement shall be recorded in the Deed Records of Collin County, Texas.

5.16 **Covenants Run With Property.** The provisions of this Agreement are hereby declared covenants running with the Property and are fully binding on the Owner and each and every subsequent owner of all or any portion of the Property but only during the term of such party's ownership thereof (except with respect to defaults that occur during the term of such person's ownership) and shall be binding on all successors, heirs, and assigns of the Owner which acquire any right, title, or interest in or to the Property, or any part thereof. Any person who acquires any right, title, or interest in or to the Property, or any part hereof, thereby agrees and covenants to abide by and fully perform the provisions of this Agreement with respect to the right, title or interest in such Property.

5.17 **Conditions of Precedent.** This Agreement is subject to and conditioned upon City obtaining all necessary governmental consents and permits to provide sewer service to the Property. Owner agrees to cooperate with the City in obtaining all necessary approvals, if any, from the State of Texas or other governmental entity, including the North Texas Municipal Water District.

## TNV DI Series Industrial Diesel Engine

### Features

#### Clean Emissions

Building off the proven TNE design, Yanmar has achieved superior exhaust emissions by improving the combustion chamber and fuel injection equipment design. Engines are compliant with 2008 EPA Tier 4 and EU stage III A exhaust emissions regulations.

#### Reliable and Durable

The TNV engines now proudly take up the running as Yanmar's premium small industrial diesel. They offer even more enhanced durability due to better block cooling, a stiffer crank and pistons, finer tolerance in the journal, and more. CAE analysis has brought lower vibrations and higher strength to the mounting structure for even better reliability in heavy-duty jobs.

#### Fuel Delivery and Economy

A newly designed, in-line MP type fuel injector pump is utilized to assure more precise fuel delivery and control. The result is reduced emissions, improved performance over a wide range of applications and good fuel economy which assures that Yanmar's reputation for superior starting characteristics continues.

#### Noise Level Reduction

Yanmar's original CAE techniques have optimized the stiffness, minimized transformation, and reduced radiant noise in the cylinder block. Gear noise reduction is achieved through an improved gear tooth profile resulting in less mechanical noise.

### AGENDA SUBJECT

CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON ELECTION EQUIPMENT, SUPPLIES AND SERVICE FOR THE MAY, 2012 ELECTION.

### SUMMARY

Comparisons of costs and services:

1) Collin County turn-key will include:

- Voting Equipment (includes all programming)
- Hiring and appointment of judges and clerks
- Tabulations and Centralized counting

Estimated Cost \$11,793

2) Renting Voting Equipment from Collin County will include:

- Renting voting equipment (includes all programming)
- City staff run the election
- City hire and appoint judges, clerks and counting board for the election

Estimated cost \$8,248.04

After reviewing the costs and services that would be provided by the County, staff now believes it to be most economical to go with Option 2, saving an estimated \$5,418.

### POSSIBLE ACTION

Select option 1 or 2.

### AGENDA SUBJECT

CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON THE ROLES AND DUTIES OF PARKER BOARDS AND COMMISSIONS.

### SUMMARY

The roles and duties of commission members of the P&Z and ZBA are set forth in specific state statutes, and in specific ordinances of Parker. The ordinance on the Parks board is not based on the statutory requirements of a state law. The city does have an ordinance which creates the board, and defines its duties.

Providing a prospective applicant, or a serving member, of a quick and accurate guide to the rules should be helpful to anyone who wants to do a good (and legal) job of serving. Including the specific references to the Parker Code of Ordinances and state law will help avoid confusion and misunderstanding of the mission and legal limits of our boards and commissions.

Jim

### POSSIBLE ACTION

- A. Adopt the three proposed summaries of the roles and duties.
- B. Provide specific training to each board, and each new member, on at least a yearly basis.
- C. Provide copies of, or the online link to, the Parker code sections relevant to the boards.
- D. All of the above
- E. Some, or none, of the above.

**Position Description**  
**City of Parker**  
**Planning and Zoning Commission Member**

The primary responsibility of the Planning and Zoning Commission (P&Z) is to make recommendations to the City Council on matters affecting community development. In particular, the responsibilities include:

1. **Comprehensive Plan.** The P&Z may review the Comprehensive Plan of the City and suggest amendments to the City Council regarding the future growth and development of the City.
2. **Land Use Regulations.** The P&Z may draft and recommend the adoption or amendment of zoning and subdivision regulations to the City Council.
3. **Review Subdivisions.** The P&Z may recommend approval, conditional approval, or disapproval of subdivision plats that comply with subdivision regulations.
4. **Review Plats and Site Plans.** The P&Z may review and recommend approval, approval with modifications, or disapproval of plats and site plans according to standards set forth in the state law and the Parker Code of Ordinances.
5. **Official Map.** The P&Z shall review and make a recommendation to the City Council to amend the Official Map of the City.
6. **Report on Referred Matters.** The P&Z may report on all matters referred to it by the City Council, including proposed amendments to the subdivision regulations and the comprehensive zoning ordinance.
7. **Training.** The P&Z shall attend training as required by the City Council.
8. **Special use permits.** After public notice and hearing, proof of receipt of all applicable permits, consideration of public health, safety, and general welfare, and subject to appropriate conditions and safeguards, a special use permit may be granted by the City Council, upon recommendation from the P&Z.

**Duties of the Chairman**

- Preside at all meetings of the P&Z to preserve order and enforce required commission procedures
- Submit such recommendations and information that would be considered proper concerning the business and procedure of the P&Z
- Act as spokesperson for the P&Z
- Encourage active discussion of all items brought before the P&Z

**Duties of the Vice Chairman**

- Assist the Chair in directing the total affairs of the P&Z

Nothing in this position description shall supersede LGC Sec. 211.007, and/or the provisions of the Parker Code of Ordinances, which take primacy in any dispute or interpretation over duties of officers or members of the Planning and Zoning Commission.

**Position Description  
City of Parker  
Planning and Zoning Commission Member**

- In the absence of the Chair, assume all duties of the Chair of the P&Z

**Duties of the Secretary**

- Record minutes at the P&Z meetings
- Maintain books and records of the P&Z

**Duties of the Commissioner**

- Hear zoning cases filed by property owners and/or their representatives with respect to individual zoning cases
- Hear zoning cases at the request or approval of the City Council
- Hear, and/or recommend any matter relating to planning or subdivision control as may be specified by the subdivision ordinance or other applicable law
- Perform other such duties as may from time to time be assigned by the City Council

Many of the duties of the P&Z are defined by state law, found in the Texas Local Government Code, Chapter 211, and further defined where allowed by state law by the Parker Code of Ordinances ("PCO"). For example, all actions of the P&Z are advisory in nature to the City Council [PCO 150.02 (F)]. All persons appointed to serve as P&Z commissioners should be thoroughly familiar with the following:

- a. PCO section 150.02, regarding the Parker Planning and Zoning Commission.
- b. PCO. Chapter 155, regarding subdivision regulations and plats
- c. PCO. Chapter 156, regarding the Comprehensive Zoning Ordinance of the City of Parker

Nothing in this position description shall supersede LGC Sec. 211.007, and/or the provisions of the Parker Code of Ordinances, which take primacy in any dispute or interpretation over duties of officers or members of the Planning and Zoning Commission.

**Position Description**  
**City of Parker**  
**Zoning Board of Adjustments Member**

The primary responsibility of the Zoning Board of Adjustment (ZBA) is to adjudicate on matters where citizens seek exemptions from local zoning regulations. Decisions of the ZBA are binding, and can only be appealed through the Court system.

- 1. Zoning Variance Requests.** The ZBA will review requests for variances submitted to the ZBA by applicants who want an exemption to the local zoning ordinances in order to use their land in a particular way. The criteria for granting a variance are quite precise and must be met in order for a variance to be granted and withstand appeal
- 2. Hearing Appeals.** The ZBA may be asked to review requests submitted to the ZBA by residents who disagree with a decision made by the City Council.
- 3. Training.** Training will be as required by the City Council.

The state and local laws regulating the ZBA are found in Local Government Code sections 211.008 through 211.011, and the Parker Code of Ordinances ("PCO") at sections 156.67 through 156.68.

Nothing in this position description shall supersede the Texas LGC Sec 211.008-011, and/or the Parker Code of Ordinances, which takes primacy in any dispute or interpretation over duties of officers or members of the Zoning Board of Adjustment.

**Position Description**  
**City of Parker**  
**Parks and Recreation Commission Member**

The function of the Parks and Recreation Commission (P&R) is to make recommendations to the City Council on matters affecting the Preserve and other open spaces in Parker. In general, the responsibilities include the following:

1. **Master Plan.** The P&R shall provide direction on a Master Plan for the open spaces, to include nature areas, trails, historical areas, public gardens and public recreational activity spaces.
2. **Programs and Facilities.** The P&R shall review current parks and recreation programs and facilities to determine additional needs, and submit recommendations pertaining to parks and recreation guidelines, policies, facilities, or user fees, if any, to the City Council.
3. **Public Input.** The P&R shall provide and gather public input on parks and recreation-related long-range plans.
4. **Review.** The P&R shall review all parks and recreation-related matters submitted to the P&R by the City Council
5. **Budget.** The P&R shall make recommendations to the City Council on operating and capital budget needs as well as fees and charges, and monitor the parks and recreation budget throughout the year.
6. **Utilization.** The P&R shall promote maximum utilization of parks, recreation facilities and programs.
7. **Training.** The P&R shall attend training, as required by the City Council.
8. **Programs and Services.** The P&R shall enhance the quality of the leisure life of all county residents through parks and recreation programs and services

**Officer Duties**

**Chairman:**

- Plan agendas
- Conduct regular meetings
- Lead annual strategic planning process
- Function as first line of communication with City Staff and City Council
- Present to City Council as required
- Submit articles to City Newsletter and content to City website.

**Co - Chairman:**

- In absence of Chair, assume all duties of Chair of P&R
- Participate in planning sessions with Chair and Secretary

Nothing in this position description shall be intended to supersede Parker Code of Ordinance Chapter 97, which takes primacy in any dispute or interpretation over duties of officers or members of the Parks and Recreation Commission.

**Position Description  
City of Parker  
Parks and Recreation Commission Member**

- Review agendas and minutes
- Oversee P&R sub-committees
- Work with City Council liaison

**Secretary:**

- Record meeting minutes
- Develop grant applications
- Assist Chair and/or Co-Chair with assigned sub-committees
- Participate in planning sessions with Chair and Co-Chair

**Finance/Budget:**

- Develop grant applications for City Council consideration
- Monitor P&R budget for City Council
- Keep P&R informed of expenses and budget items

**Duties of Alternates**

- Attend meetings in a non-voting capacity
- Vote, as needed, in the absence of a Commissioner

The Parker Code of Ordinances sets forth the requirements, duties, and procedures of the P&R. Those considering applying for a position on the P&R, and certainly those who are appointed, should be thoroughly familiar with the Parks and Recreation Commission ordinance that creates and regulates the P&R. The ordinance includes the following:

PCO Section 97.05 – Places, Alternates, and Duties of Officers

PCO Section 97.06 – Powers and Duties (of the commission)

PCO Sections 97.07 – 97.10 – Miscellaneous provisions.

Nothing in this position description shall be intended to supersede Parker Code of Ordinance Chapter 97, which takes primacy in any dispute or interpretation over duties of officers or members of the Parks and Recreation Commission.
