PUBLIC COMMENTS The City Council invites any person with business before the Council to speak to the Council. No formal action may be taken on these items at this meeting. Please keep comments to 3 minutes.

- Ed Standridge discussed the drainage and erosion at Church Lane and Parker Road.
- Trudy Jackson on behalf of the Corinth Presbyterian Church discussed the drainage and erosion issues at Church Lane and Parker Road. The flooding and erosion in front of the church continues to be a problem after construction of Parker Road. Ms. Jackson provided photos of the issues. (See Exhibit A)

INDIVIDUAL CONSIDERATION ITEMS

1. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON MEETING MINUTES FOR JANUARY 15, 2013. [SMITH]

Amendments page 3, Item 4 Motion. Insert:

Motion was amended.

MOTION: Councilmember Leamy moved to put the three year staggered term on the May election ballot and include proposition one and two, subject to having contested candidates for Council. Councilmember Taylor seconded with Councilmembers Leamy, Levine, Pettle and Taylor voting for. Sumrow opposed. Motion carried 4 to 1.

MOTION: Councilmember Sumrow moved to approve the minutes as amended. Councilmember Leamy seconded with Councilmembers Leamy, Sumrow, Levine, Pettle and Taylor voting for. Motion carried 5-0.

2. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON ORDINANCES FOR EXISTING SPECIAL USE PERMITS. [SHEPHERD]

The Special Use Permits for 3908 Sycamore, 4505 Springhill and 5109 Cimmaron were authorized by prior council action in the years indicated in the proposed ordinances which were presented to Council. Approval of the ordinances is requested to correct and update the City records.

MOTION: Councilmember Leamy moved to approve Ordinance 690, 691 and 692 as written. Councilmember Pettle seconded with Councilmembers Leamy, Sumrow, Levine, Pettle and Taylor voting for. Motion carried 5-0.

Councilmember Sumrow recused herself from the meeting before action was taken on Ordinance 689.

MOTION: Mayor Pro Tem Levine moved to approve Ordinance 689 as presented. Councilmember Pettle seconded with Councilmembers Leamy, Levine, Pettle and Taylor voting for. Motion carried 4-0.

Councilmember Sumrow returned to the meeting.

3. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON A PROPOSITION, OR PROPOSITIONS, FOR THE MAY 2013 MUNICIPAL ELECTION TO EXTEND CITY COUNCIL TERMS, AND TO ADJUST EXISTING TERMS IF THE PROPOSITION TO EXTEND TERMS IS APPROVED. [MARSHALL/SHEPHERD]

The Council deliberated the question of whether to place a proposition on the ballot that would change council terms from two year to three year.

City Attorney Shepherd reviewed the legal and practical issues Council had previously discussed which included, but was not limited to:

- a. The mayor and council terms, effective May of 2013, would change from two years to three if a proposition to make that change passes.
- b. The three council members whose terms end in 2013 would result in the candidates winning election for those positions in 2013 having three year terms, ending in 2016---provided each winning candidate receives more than half the votes. An approved system of runoff elections would be necessary.
- c. The Mayor and the two councilmember positions elected in 2012 for two year terms would end in 2014. Candidates for those positions in 2014 would be running for three year terms, and would have to win by receiving a majority of the votes.

d. The three year staggered terms would result in two elections in each three year period, subject to runoff elections, or other legal requirements. Those elected must receive a majority vote.

e. The ability of council to make an appointment to fill an empty council position is lost with three year terms. The Texas Constitution requires the following for councils with terms between two and four years:

“... any vacancy or vacancies occurring on such governing body shall not be filled by appointment but must be filled by majority vote of the qualified voters at a special election called for such purpose within one hundred and twenty (120) days after such vacancy or vacancies occur.”

f. Council terms between two and four years also require automatic resignations by the Texas Constitution as follows:

“(b) If any of the officers named herein shall announce their candidacy, or shall in fact become a candidate, in any General, Special or Primary Election, for any office of profit or trust under the laws of this State or the United States other than the office then held, at any time when the unexpired term of the office then held shall exceed one year and 30 days, such announcement or such candidacy shall constitute an automatic resignation of the office then held, and the vacancy thereby created shall be filled pursuant to law in the same manner as other vacancies for such office are filled.”

Upon further research it was determined that a three year term would require candidates to be elected by a majority of the vote instead of our current plurality, and this could require runoff elections to be held at an additional expense both to the candidates and the City. Further, it would require special elections to be held in the event of a vacant seat or seats occurring on Council, no appointment could be made.

MOTION: Councilmember Leamy moved to 1) add an agenda item to the February 19 agenda to consider adopting a place system; and 2) place a proposition changing Council terms to three years on the May 11, 2013 ballot. Councilmember Sumrow seconded.

Council discussion ensued. Based on the new legal information Council felt this was not in the best interest of Parker at this time.

Councilmember Leamy repealed his motion and Councilmember Sumrow her second.

Mayor Pro Tem Levine moved to repeal the motion made at the January 15, 2013 meeting: *“Councilmember Leamy moved to put the three-year staggered term on the May election ballot and include proposition one and two, subject to having contested candidates for Council. Councilmember Taylor seconded.”* Councilmember Pettle seconded with Councilmembers Leamy, Sumrow, Levine, Pettle and Taylor voting for. Motion carried 5-0.

4. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON AN ENFORCEMENT PLAN FOR BICYCLES ON DUBLIN ROAD. [FRAGOSO/PETTLE]

City Attorney Jim Shepherd gave a review of the bicycle laws in the State of Texas Transportation Code:

- a) if there is traffic hazard, or a nuisance, City Council may take action to abate and remove the problem
- b) disorderly conduct may be using a bicycle to annoy a person passing the bicycle
- c) local authorities can regulate their streets, which may include registration and licensing of bicycles
- d) bicycles may be used on improved shoulders of a road
- e) bicycles are to follow the same traffic laws as motor vehicles
- f) bicycles are to ride to the curb
- g) bicycles are not to be more than 2 abreast
- h) bicycles are not to impede traffic
- i) may get the road fixed to include shoulders, better shoulders or bike lanes under certain circumstances in which both the adjacent landowner and the city pays for such

Chief Fragoso had contacted Richardson Bike Mart- Coordinator Sam Montag and advised him of the citizen complaints in regards to cyclists riding more than two abreast and stop sign issues. Montag said he would contact other bike clubs which ride through Parker and advise them of complaints. Parker Police officers will be advised of ride schedules so, when available, can be more of a presence throughout the cyclists' route.

City Police Chief Fragoso presented an enforcement plan or enforcement action:

- a) enforce: no more than two riders abreast
- b) enforce: stopping at stop signs
- c) increase police presence especially during bike club rides
- d) joint education programs with the bicycle clubs that ride on Dublin and/or in Parker

Chief Fragoso noted that no citations have been issued in the last 12 months. He related that it is difficult to enforce laws on bikers as they are not licensed, the bike is not licensed, persons stopped on a bicycle may give erroneous information and reports of violations to police may come in but by the time the police arrive at the reported location of a violation, the biker is gone.

Citizens spoke and submitted written statements regarding issues with bicyclist on Dublin Road:

- Jim Goldblatt, 3705 Saddle Trail - Jim Goldblatt stated that two abreast is too much for such a narrow road as Dublin. The asphalt is uneven and falls off and there is no shoulder to the road which makes it dangerous. The number of riders in a pack should be limited unless they pay a fee for the privilege. Mr. Goldblatt noted that Parker can place bicycle rule signage and he presented bicycle signs to Council for their consideration for posting on Dublin Road, see attachment.

- Stephanie Casson, 1807 Dublin Road - Stephanie Casson related that it is “packs” of bicyclers on Dublin Road, sometimes two to four abreast that cause problems. Dublin is not good for bicyclers, walkers with or without dogs and runners to mix safely as everyone is at risk.
- Andrea Dennis, 3307 Bluffs Lane - Andrea Dennis thanked Jim Shepherd for his research on bicycle laws. Ms. Dennis’ HOA has been raising this issue repeatedly and finds no citations being issued to be unacceptable. She has called the police department to report violations, and her calls have gone to voicemail, so by the time the officer may receive the report, the biker is long gone. Ms. Dennis suggests that maybe a permit which a rider must purchase from Parker be developed and the fees from such permits go towards enforcement.
- Sam Montag, 789 Pierre Lane, Bike Mart - Sam Montag is with the Richardson Bike Mart and a club ride master. He admits that Dublin is a problem and the bike clubs try to police themselves. Bikes can go 30 mph but usually ride single file. He notes there have been no bicycle accidents on Dublin Road. Mr. Montag indicated that his club offers voluntary rider education/training and does discipline riders as necessary during a ride as does Mr. Gurney. Dublin Road is a great road for bikers and one of the only North-South country roads available to them.
- Rick Gurney, 2609 Dublin Park Drive - Rick Gurney is a Parker resident who owns Plano Cycling and Fitness and is a ride master. He feels progress has been made with his club’s riders but adds some enforcement is needed.
- Russell Wright, 5207 Estate Lane - Russell Wright indicates that bike riders should be allowed on Dublin but not “packs” of bicyclists. He reminds us that we should not get in a hurry and to better share the road. He asks the bike clubs to help with the situation and for signage to be considered.
- Joan Schulman, 5004 Dublin Creek Lane - Joan Schulman reported that over the years she has seen no improvement regarding bicyclists on Dublin Road. They ride three and four abreast and it is disappointing that nothing has been done. She believes the “packs” are dangerous and out of control.
- Frank “Lash” Larue, 4409 Sycamore Lane - Lash LaRue indicated that Sycamore is a scenic street that before cars, bikes were there as were horses. Dublin is narrow and not all cars fit. Bicycling is good exercise.
- Lynn Kaneps, 4803 Ridgeview Drive - Lynn Kaneps suggests the bike clubs let the police know of activities and maybe have to get permission for several riders. The bicyclists do not stop at the stop sign.
- Tony Cassevechia, 5001 Reserve Court - Tony Cassavechia states that safety is the issue. Dublin is too narrow and packs of bicyclists are all over which makes for a dangerous situation. The road is choppy causing bikers to swerve into traffic so it would help if the pavement was cleaned up and dividers placed to determine the middle of the road. Signs could help also. Safety is paramount.
- John Chisholm, 2905 Dublin Road - John Chisolm asks if the City can limit bike club rides. He suggests we start with enforcement and have the clubs’ leadership take responsibility. Safety is the issue and fees are not needed.
- Susan Dendingo, 5008 Edgewater Court - Susan Dendinger reports that bikes are courteous to runners which she is but that it is hard for drivers to get around bikers. Residents should be given priority over guest riders. The S curve on South Dublin is and will be a problem until someone gets killed.

Mr. Montag and Mr. Gurney offered to work with the City to develop solutions to the bicycle issues on Dublin Road.

Mayor Pro Tem Levine and Councilmember Pettle will work with citizens and bike clubs to come up with recommendations for future consideration by Council.

4. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON A PROPOSITION FOR MAY 2013 MUNICIPAL ELECTION TO EXTEND CITY COUNCIL TERMS. [MARSHALL/SHEPHERD]

Mayor Marshall reviewed the PowerPoint presented at the previous meeting. City Attorney Shepherd drafted proposition one to address a Council three-year staggered term and proposition two would address extending councilmembers term coming up for election in 2013. Proposition one has to pass for proposition two to be an issue. If proposition one does not pass nothing changes.

Discussion was held regarding possible runoff elections to change to three-year staggered terms. A runoff election is held 5 to 6 weeks after the general uniform election and is an additional cost. With three-year terms a vacancy must be filled by majority vote within 120 days of vacancy, which would require a special election.

Mayor Marshall took public comments.

- Resident Eleanor Evans stated that spending too much time campaigning takes the focus off of the job.
- Resident Ed Standridge agrees that three-year staggered terms allows more time to learn the job.
- Resident Jim Threadgill leans toward the three-year term but understands it is a difficult decision.

MOTION: Councilmember Leamy moved to put the three-year staggered term on the May election ballot and include proposition one and two even if there are no candidates running. Councilmember Taylor seconded.

Motion was amended.

MOTION: Councilmember Leamy moved to put the three-year staggered term on the May election ballot and include proposition one and two, subject to having contested candidates for Council. Councilmember Taylor seconded -with Councilmembers Leamy, Levine, Pettle, and Taylor voting for. Sumrow opposed. Motion carried 4 to 1.

5. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON RESOLUTION 2013-402 APPROVING A MUTUAL AID INTERLOCAL AGREEMENT WITH THE COLLIN COUNTY ARSON TASK FORCE. [SHEFF]

The fire department presently has two fire investigators certified to investigate the cause and origin of fires. From time to time, mutual aid is required from the County Fire Marshal's office when our investigators are unavailable or we determine Parker lacks the resources or equipment to properly investigate a fire incident. The Collin County Fire Marshal's office is willing to provide investigators and other resources, but has requested we enter into a mutual aid agreement with the arson task force. The arson task force is organized by and under the control of the Fire Marshal's office.

provisions of the ordinances of the City of Parker not in conflict with the provisions of this Ordinance shall remain in full force and effect.

SECTION 5. SEVERABILITY Should any sentence, paragraph, subdivision, clause, phrase or section of this ordinance be adjudicated or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity of the Code of Ordinances as a whole.

SECTION 6. PENALTY CLAUSE Any offense committed before the effective date of this Ordinance is governed by the prior law and provisions of the Code of Ordinances as amended, in effect when the offense was committed and the former laws continued in effect for this purpose. Any person, firm or corporation violating any of the provisions or terms of this Ordinance shall be subject to the same penalty as provided for in the Comprehensive Zoning Ordinance of the City of Parker, as heretofore amended, and upon conviction shall be punished by a fine not to exceed the sum of Two Thousand Dollars (\$2,000.00) for each offense, and each and every day such violation shall continue shall be deemed and constitute a separate offense.

SECTION 7. EFFECTIVE DATE This Ordinance shall take effect immediately from and after its passage and the publication of caption, as the law provides.

ORDINANCE NO.

(Special Use Permit – Accessory Dwelling – 4007 Windream Lane)

AN ORDINANCE OF THE CITY OF PARKER, COLLIN COUNTY, TEXAS, AMENDING THE COMPREHENSIVE ZONING ORDINANCE BY GRANTING A CHANGE IN ZONING TO GRANT A SPECIAL USE PERMIT FOR AN ACCESSORY BUILDING, IN THE CITY OF PARKER, COLLIN COUNTY, TEXAS, AND BEING LOCATED AS SHOWN ON EXHIBIT "A" ATTACHED HERETO AND MADE A PART HEREOF, COMMONLY KNOWN AS 4007 WINDREAM LANE; PROVIDING A REPEALING CLAUSE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, in 1984, the City Planning Commission of the City of Parker and the governing body of the City of Parker, in compliance with the laws of the State of Texas and the ordinances of the City of Parker, have given requisite notice by publication and otherwise, and after holding due hearings and affording a full and fair hearing to all property owners generally and to all persons interested and situated in the affected area and in the vicinity thereof, the governing body, in the exercise of its legislative discretion, concluded that the Comprehensive Zoning Ordinance and Map should be amended; and

WHEREAS, an ordinance was not prepared to document the decision of the governing body in 1984; and

WHEREAS, the conditions of the 1984 decision of the governing body, and additional conditions enacted by agreement and consent of the current property owner are set forth in this ordinance; and

WHEREAS, failure to follow the provisions of this Special Use Permit ("SUP"), may result in the termination of this SUP:

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE
CITY OF PARKER, COLLIN COUNTY, TEXAS:

SECTION 1 PROPERTY

The zoning procedures for this accessory dwelling originally took place in 1984, resulting in approval of the accessory dwelling as proposed by the original applicants, Mr. and Mrs. E. A. Winnette. The facts and circumstances regarding the accessory dwelling since 1984 have been evaluated by the city council. It is the council's determination that it is in the best interest of the city is to issue this Ordinance establishing conditions for this SUP effective the date of this Ordinance. The property and accessory dwelling subject to this SUP are described in the attachments to this ordinance, and are commonly known as 4007 Windream Lane, Parker, Texas.

SECTION 2. SPECIAL USE PERMIT CONDITIONS

Jim Goldblatt, 3705 Saddle Trail, Parker, TX

Bike riders on Parker's two lane roads need to keep single file whenever traffic is near. Many do ride single file, but quite a few don't, and that includes some of the club group rides.

Our country lanes were not intended for bikes. The old asphalt edge is raveled. Newer asphalt has a drop-off at the edge. There's no safety shoulder. There is a big drainage ditch.

Two bikes riding side-by-side take up half the road, and auto traffic on Dublin Road already crowds the centerline. So a car or truck passing side-by-side bikes does not have enough safe clearance.

Plano has signs that say bikes may occupy a whole lane. Except for Parker Road we don't have extra lanes available for bikes, but the riders will use Plano's rules unless we provide signs with Parker's rules. So let's put up a few signs.

There will be more bike club rides starting up in the spring. In addition to Dublin Road, the routes include Springhill, Pecan Orchard, Donahoo, Donna, ... Sycamore. The number of riders is often very large, and the maximum number in a group needs to be limited unless the police are actively assisting.

Thank you.

Hi Lee,

OK, flyers were posted (via bicycle) on Saddle Trail and Ridgeview this afternoon, 27 total. Could do a few more tomorrow if you were to recommend a specific area.

Two things concern me:

a) It's possible that residents attending the meeting could be vastly outnumbered by bike club members, and if the bike clubs come early and in large numbers that residents might be turned away. I think residents should be given preference in case there is a shortage of seating.

b) The agenda mentioned that Chief Fragoso had contacted the Richardson Bike Mart club coordinator and advised him of "citizen complaints in regards to cyclists riding more than 2 abreast". However, per the minutes of the meeting of last April 3rd, Chief Fragoso was quoted as saying "in accordance with state law, bicyclists have the same rights and responsibilities as a vehicle. Bicyclist should move to the right in a single file when moving slower than traffic". My firm belief is that bikes need to be in single file when in the vicinity of traffic and that it is not safe for a car to try to overtake bikes riding two abreast. From a practical standpoint the bikes might be able to go as fast as the 30 mph speed limit, but for cars and trucks on Dublin that is usually the minimum speed driven.

We all are entitled to our own opinions on this matter, but our subdivision and a few others are directly impacted by this cycling traffic, as there is no way in or out of our area except to drive on Dublin Rd.

The cyclists must like it because it has low traffic and it is mostly downhill from the north.

I for one am tired of the hassle.

But to my earlier point, how do 25 bicycles differ from 25 cars traveling in a slow parade or the equivalent length of a line of people walking on the edge of a narrow road....? All are equal hazards on the narrow confines of Dublin Road.

I suspect the latter two examples would require a permit or an traffic escort.

Good luck with single file riding HOPE...it will be followed as well as the through car traffic speed limit at rush hour!

Thanks Ray. With my schedule I don't encounter large packs but am aware they exist. I was not aware they actually race as distinguished from a fast group. Perhaps the only difference i have with your position is I would be in favor of letting larger groups ride Dublin if and only if they comply with rules such as single file when traffic approaches from the rear. While I haven't checked I suspect state law gives cyclists rights to use public roads with certain constraints.

Thanks for the note and invitation to address the cyclist issues on Dublin Road with the Parker City Council.

Unfortunately, I am lecturing at the business school at UTD Tuesday night during your open hearing time on the 5th...so I cannot attend in person, but my comments are listed below if you care to relay or read them to the rest of

the council.

The majority of the occasions, when I encounter individual cyclists on Dublin Road, they are not really all that troublesome.

However cyclists usually travel at much lower speed than the 30 MPH limit...so each cyclist causes some traffic condition versus normal vehicular traffic. But it is not the problem. Noting that I am referring to single and/or a pair of riders. In fact, I had 3 single riders on Dublin Road just a few minutes ago as I was heading south from Parker towards our neighborhood this afternoon...none of them were any cause of traffic problems.

The real issues are the Racing or Large Cycling Club groups that appear in packs of 10-40 bike groups on the double lane narrow road - Dublin Road.

These large groups are the whole problem in my opinion.

The pack riding is usually found coming off of Parker Road and heading southbound on Dublin Rd. I have observed these packs of cyclists too many times for my frequent (multiple-daily) use of Dublin Road...these packs are usually found in the early evening or on the weekends. They are a real pain and they are hazardous.

These packs, when they first come off of a much busier and wider road (Parker) seem to take a natural relaxation to their road manners and riding spacing. This is where I have had most of the troublesome issues that I encounter. These packs seem to use the (north end) Dublin Road portion to drink fluids, or eat snacks, or relax and slow down to chat with their fellow riders...causing a much more dense riding pack of 3 to 4 wide regularly, to often more than 5 to 6 across, and up to 20 bikes in length, which then blocks all traffic in either direction on Dublin Road. This is the problem I would ask the city council to address.

Also when the cyclists are actually racing in these packs, which happens frequently...I have observed very poor cyclist consideration for the actual automobile traffic on Dublin Road, and almost a total cyclist focus on "drafting" and race positioning for passing other riders...once this condition caused me to have to totally stop my car to allow the oncoming racing pack

of more than 25 riders to pass my northbound position before I was able to safely proceed north to the stop sign at Parker.

Occasionally, I also get behind these groups coming out of our neighborhood (Dublin Creek Estates) headed southbound and I find myself unable to pass the string of riders due to the road's natural limitations and the size of the riding group.

Lastly, I have often had to wait behind a large group at the stop sign at Park/Betsy, where I find the pack again relaxing and lingering to chat and drink, or to allow slower riders to catch up to the bigger group, prior to proceeding further south on Dublin Road or turning west on Park Blvd.

Of course I frequently see the "relatively regular " cyclist activity of completely running the stop sign at this same intersection...also note that I rarely see them fully stop, put a foot down or "unclip" at this stop sign, which I am told is the current law for cyclists.

Sorry for the long diatribe...but you asked for input!

Let me finish with my suggestions for the council to consider as a solution:

1) Center lane demark/stripe/or/button Dublin Road so each of the north and south sides has a better definition than it has today.

This is sorely needed for both automobile and/or bicycle traffic. and safety.
Stop studying this and do it!

2) The city needs to limit the size (or totally prohibit) large packs of riders to utilize any "double lane" road in Parker...why do we even allow it??

3) Further to consider a total ban (unless licensed/registered and city permit issued) racing or large groups from our city's jurisdiction.

I ask the council...Why do we allow this imposition on our citizens? We should not put up with an unsafe and hazardous cyclist pack or racing route on Dublin Road or other double lane road in Parker. If a large walking group or car parade would want to use a Parker Road...wouldn't the city require a permit...why do bicyclist's get a pass for the same type of activity?

If large cyclist packs and cyclist racing were prohibited or require permitting In Parker, then I believe that the cyclists would quickly adapt to the better/wider streets and where no permitting is required - in nearby East Plano for their southbound routes. Los Rios Blvd is a concrete road construction, and it is 4 lanes wide...which is perfect for the traffic obstacles that these large bike groups create. I finally note, that if you observe these bicycle packs and their racing patterns...they come off of Los Rios at Park Blvd to come and go anyway...I say..."Let them stay in Plano"!

Thanks,

Ray Hemmig

I am not sure I can be there Tuesday, but I trust you can represent us very well.

The overriding issue is safety on Dublin Road. The road is narrow, with large curves and there are stretches where the road really needs repaving (like from Parker Road to Dublin Creek Estate). Perhaps a divider line will make a difference as well and some added signage. Not sure if the road study is done and what it recommended.

As for the bicyclists, being on this road given the above is an issue in and of itself. Added to this is very large groups that seem to take up the entire road at times. Some cars may try to pass them which adds to the hazard. I am not sure what the rules of the road for bicyclists are, but there is a danger here. Seems to me we have the make the road safer for bicyclists and again, there may need to be signage for both cars and bicyclists to abide by.

Hope this helps.

Thanks
Tony

Hey Lee, its John and Debbie. We really don't have any issues nor concerns regarding the bicycles on Dublin Road. The downside with traffic is a small price to pay for the novelty of being on the bike run path. Thanks for letting us know about the meetin.

Good morning!

I am not sure if I can come tonight, Tuesdays are busy evenings for us. In case I don't make it, I want to share my thoughts.

We see the issue as less about danger from cyclists as danger from the dramatic increase in road traffic from Murphy, Wylie, Plano, etc.

David and I would be very supportive of a plan to provide a safe bicycle route through Parker down Dublin Rd. Many of the cities and small towns in the area have made great strides to encourage safe cycling by providing marked pathways that keep the roads safe for both cyclists and cars. There is plenty of right of way along Dublin to widen the road enough to create a bike lane.

Dublin is a marquee road that the cyclists have discovered and embraced for its beautiful scenery. Why not open our arms instead of shut the door, and we all benefit...those that live in Parker as well as those that visit?

My family would use the bicycles sitting in our garage a lot more if Dublin was safe for cycling. My oldest would like to ride his bike to school, but we're not comfortable with that because it's just not safe. I see folks jogging and walking along Dublin every day. I'm sure they would love a safer path.

Parker is all about country living. Instead of trying to ban a healthy outdoor activity, why not embrace it, and at the same time open the road for our own families?

Thank you so much for your service to our city!

City Council,

I am not sure I fully understand the issue being debated tonight, but it sounds like there is a consideration to ban bicycles on Dublin Rd. I know my neighbor Erica Johnson sent the email below. I agree with her comments. I would much rather see some bike lanes that improve overall safety than ban bikes.

What the Council ought to be focused on, however, is the condition of Dublin Road for all vehicles, not just bikes. I am considering not taking my kids to Six Flags anymore because they can get more of a thrill simply riding from the middle of Dublin Road to the edge. I am not an expert on what causes a road to be so disfigured, but I wager its semi trucks riding on the road when 100 degree temps turn it to jello. If you want to ban something on Dublin Road, ban trucks over a certain weight. But the road needs to be fixed. Its dangerous. The degraded nature of the road causes cars to drive towards the center of the road, particularly on the hairpin turn, and that creates a higher risk of accidents.

Because the road needs to be fixed, it makes sense to install bike lanes at the same time and to consider using a better road surface less amenable to deformation.

Ok, now that I understand what is going on, I am not sure what you do. If the bicyclists know the law, its unclear what stops this problem. It may be one of those things that you can't do much about. I suppose you could put up a warning sign that bicyclists riding more than 2 abreast or failing to obey traffic laws will be ticketed. But it is tough to address this otherwise I think. The road does need fixing but that won't solve the problems that you mention.

With respect to Packs of bikes impeding traffic, that cannot be solved without banning bikes. Tractors sometimes impede traffic too. But they have a right to be on the road as well. With respect to cars following bikes too closely, I am not sure exactly what that means. Common sense suggests you need a little gap. I am always afraid that someone will fall in one of these big groups and that I won't have time to stop. That makes me doubly nervous when I try to pass a group. But I can't see a solution to this problem being legislated. People sometimes do the wrong thing no matter whether there is a law or not.

Even if you went to a single file rule, I don't think that solves the problem. As long as there is traffic coming the other way, you still can't pass safely.

Doing nothing can be the right solution sometimes.

Hi David,

The issues that have been brought to my attention are: the condition of Dublin Road, bicyclers who do not follow traffic laws by failing to stop for the stop sign at Dublin and Betsy(Park); "packs" of riders who impede traffic, ride more than two abreast and fail to obey traffic laws; and cars that follow bicyclers too closely. Banning bicycles is not an issue to my knowledge, just figuring out a way to have safety for all so we all may enjoy the beauty of Dublin Road. Bike lanes would be difficult due to the narrowness of Dublin Road and the city would have to acquire the rights of way from the landowners to widen the road. I am open to ideas and suggestions!

City Council,
 I am not sure I fully understand the issue being debated tonight, but it sounds like there is a consideration to ban bicycles on Dublin Rd. I know my neighbor Erica Johnson sent the email below. I agree with her comments. I would much rather see some bike lanes that improve overall safety than ban bikes.

What the Council ought to be focused on, however, is the condition of Dublin Road for all vehicles, not just bikes. I am considering not taking my kids to Six Flags anymore because they can get more of a thrill simply riding from the middle of Dublin Road to the edge. I am not an expert on what causes a road to be so disfigured, but I wager its semi trucks riding on the road when 100 degree temps turn it to jello. If you want to ban something on Dublin Road, ban trucks over a certain weight. But the road needs to be fixed. Its dangerous. The degraded nature of the road causes cars to drive towards the center of the road, particularly on the hairpin turn, and that creates a higher risk of accidents.

Because the road needs to be fixed, it makes sense to install bike lanes at the same time and to consider using a better road surface less amenable to deformation.

Hey Parker friends,

I just sent this to the city council. I don't know if you guys agree...if you do, add your 2 cents! 😊
Even better, go tonight! I'm going to do my best to be there.

Subject: Bicycles

Good morning!

I am not sure if I can come tonight, Tuesdays are busy evenings for us. In case I don't make it, I want to share my thoughts.

We see the issue as less about danger from cyclists as danger from the dramatic increase in road traffic from Murphy, Wylie, Plano, etc.

David and I would be very supportive of a plan to provide a safe bicycle route through Parker down Dublin Rd. Many of the cities and small towns in the area have made great strides to encourage safe cycling by providing marked pathways that keep the roads safe for both cyclists and cars. There is plenty of right of way along Dublin to widen the road enough to create a bike lane.

Dublin is a marquee road that the cyclists have discovered and embraced for its beautiful scenery. Why not open our arms instead of shut the door, and we all benefit...those that live in Parker as well as those that visit?

My family would use the bicycles sitting in our garage a lot more if Dublin was safe for cycling. My oldest would like to ride his bike to school, but we're not comfortable with that because it's just not safe. I see folks jogging and walking along Dublin every day. I'm sure they would love a safer path.

Parker is all about country living. Instead of trying to ban a healthy outdoor activity, why not embrace it, and at the same time open the road for our own families?

Thank you so much for your service to our city!

MINUTES
CITY COUNCIL MEETING
February 19, 2013

CALL TO ORDER – Roll Call and Determination of a Quorum

The Parker City Council met in a regular meeting on the above date at Parker City Hall, 5700 E. Parker Road, Parker, Texas 75002.

Mayor Marshall called the meeting to order at 6:30 p.m. Councilmembers Leamy, Sumrow, Pettle and Taylor were present. Levine was absent.

Staff Present: City Attorney James Shepherd, City Administrator Jeff Flanigan, City Secretary Carrie Smith, Finance/H.R. Manager Johnna Boyd and Police Chief Tony Fragoso.

EXECUTIVE SESSION

Pursuant to the provisions of Chapter 551, Texas Government Code, Vernon's Texas Codes Annotated the City Council may hold a closed meeting.

Mayor Marshall recessed the meeting into Executive Session at 6:30 p.m.

1. RECESS TO CLOSED EXECUTIVE SESSION IN ACCORDANCE WITH THE AUTHORITY CONTAINED IN:

- a. Govt. Code 551.074 - deliberate the appointment, employment, evaluation and or duties of members of the Police Department.
- b. Govt. Code 551.071 - confidential legal advice regarding the item above.

2. RECONVENE REGULAR MEETING.

Mayor Marshall reconvened the regular meeting at 6:59 p.m.

3. ANY APPROPRIATE DELIBERATION AND/OR ACTION ON ANY OF THE EXECUTIVE SESSION SUBJECTS LISTED ABOVE.

No action was taken.

PLEDGE OF ALLEGIANCE

AMERICAN PLEDGE: Resident Ed Standridge led the pledge.

TEXAS PLEDGE: Finance/H.R. Manager Boyd led the pledge.

PUBLIC COMMENTS The City Council invites any person with business before the Council to speak to the Council. No formal action may be taken on these items at this meeting. Please keep comments to 3 minutes.

- Chuck Molyneaux, 6618 Poco Estados reported attending an emergency preparedness meeting hosted by the City of Grand Prairie, at which information on what to do in emergency situations was given to attendees. This meeting was held in a church and had vendors as well as authorities present to provide information. Mr. Molyneaux gave Council a bag that he received at the meeting which contained various items for emergencies. He suggested Parker look into providing such a meeting for our residents.

INDIVIDUAL CONSIDERATION ITEMS

4. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON MEETING MINUTES FOR JANUARY 29, 2013. [SMITH]

Amendments - the time the meeting was reconvened at 9:21 p.m. and City Attorney Shepherd's name was misspelled.

MOTION: Councilmember Pettle moved to approve the minutes as amended. Councilmember Leamy seconded with Councilmembers Leamy, Sumrow, Pettle and Taylor voting for. Motion carried 4 to 0.

5. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON WATER METER INSTALLATION. [BOYD]

Finance/H.R. Manager Boyd gave the Council a quick review of the water meter installation project. Currently 50% of the installation is completed. Staff is ready to move on and complete the installation. The first routes completed were Parker Lake Estates, Southridge, the Knolls and Red Oak Circle.

The new system collects data hourly and all information is downloaded to the website. A printout of the reports was given to Council. (See exhibit 5A)

MOTION: Councilmember Leamy moved to approve moving forward and completing the water meter installation. Councilmember Taylor seconded with Councilmembers Leamy, Sumrow, Pettle and Taylor voting for. Motion carried 4-0.

6. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON ORDINANCE 693 CALLING A GENERAL ELECTION ON MAY 11, 2013. [SHEPHERD/SMITH]

City Attorney James Shepherd reviewed the City's options for the May election.

1) A joint election with Plano Independent School District at a cost of \$8,000. This would require precinct numbers 175 and 196 to vote at Murphy City Hall for our City Council election on election day. The voters would still be able to Early Vote at any location contracted with the County. This option would allow the voters to cast their ballots for the City, Plano ISD and Collin College at one location. It was noted the Allen Independent School District voters would still be required to vote in two locations.

- 2) Not to hold a joint election with Plano Independent School District at a cost of \$10,000. All Parker voters in precincts 41, 60, 175 and 196 would vote for City Council at Parker City Hall. Voters voting in the Plano Independent School District election would vote at Murphy City Hall, meaning voters would vote at two locations.
- 3) Staff conduct the election and rent election machinery from County at an approximate cost of \$5,500.

Council discussed and reviewed the three options. Additional voting hours including Saturday, during early voting, can be conducted by City staff. Voters voting in the school districts, Plano and Allen, would vote at a separate location.

Proposed Ordinance 693 would need to be amended, Section 5 insert "period"; Section 6 in the chart delete Collin County; Section 7 delete "Collin County..."; and Section 8 last sentence Collin County designate the election judges.

MOTION: Councilmember Pettle made the motion to have City staff conduct the May 11, 2013 election; early voting hours to match Collin County's early voting schedule; and approve Ordinance 693 as amended. Councilmember Leamy seconded with Councilmembers Leamy, Sumrow, Pettle and Taylor voting for. Motion carried 4-0.

To inform all voters: voting hours and locations are to be well advertised on the City website, newsletter and with bulletin board postings.

7. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON RESOLUTION 2013-403 APPROVING AN AGREEMENT WITH ADMINISTRATOR, AND ITS RELATED AGREEMENT WITH THE PLANO ISD. [SHEPHERD/SMITH]

MOTION: Councilmember Leamy moved to approve an agreement with Collin County for rental of election equipment. Councilmember Pettle seconded with Councilmembers Leamy, Sumrow, Pettle and Taylor voting for. Motion carried 4 - 0.

8. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON BROADCASTING PUBLIC MEETINGS ON THE CITY WEBSITE. [SMITH/PETTLE]

Councilmember Pettle noted she had received numerous requests from the public that recordings of the meeting be made available on the City website. Other complaints were the audience could not hear the Council during meetings and reviewing the meeting on the website would allow them to listen to the meetings at a volume that was appropriate for them. This option would also allow someone that was unable to attend the meeting an opportunity to review it at a later time. Councilmember Pettle asked Council if they wanted staff to move forward with additional options and cost research.

Council requested staff move forward with further research and bring back at a later date.

9. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON A REQUEST FROM THE PARKER'S WOMEN'S CLUB TO PLACE TEMPORARY EVENT SIGNS ON CITY PROPERTY AND USE OF CITY LOGO ON FUNDRAISING ITEMS FOR THE PARKER VOLUNTEER FIREFIGHTER FUNDRAISER. [PETTLE]

Parker Women's Club chairperson Eleanor Evans and event coordinator Mindy Roehll requested the Council allow the Parker Women's Club (PWC) to place signage for their "Shop Til You Drop Event" on City property to advertise their fundraising event scheduled for March 22 and March 23. All signs will be removed within 24 hours after the event. Also noted the PWC falls within the guidelines for use of the City's logo on items for sale at this event and PVFD fundraiser. It was noted that the PWC uses funds it raises for the benefit of Parker by making donations to the PVFD fundraiser, presenting scholarship(s) to deserving Parker students and adopting a Parker family who needs a bit of help for the holidays among their activities..

Councilmember Leamy moved to approve organizations based within the City of Parker, whose membership consists of 75% Parker residents and which makes donations to the City of Parker in their yearly budget to place approved signs on City property. Councilmember Pettle seconded with councilmembers Leamy, Sumrow, Pettle and Taylor voting for. Motion carried 4 to 0.

10. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON COLLIN COUNTY DAYS IN AUSTIN ON MARCH 4TH AND 5TH. [MARSHALL]

In previous years members of staff and Council have attended Collin County days in Austin and Mayor Marshall asked if there was interest by anyone to attend this year. No Councilmember is able to attend Collin County Days in Austin on March 4 and March 5. City Attorney Jim Shepherd will attend.

ROUTINE ITEMS

11. FUTURE AGENDA ITEMS

March or April agenda – trail grant
First meeting in April - vehicle maintenance resolution
April meeting – broadcast media

12. DEPARTMENT REPORTS: ANIMAL CONTROL, POLICE, BUILDING, FINANCE, WEBSITE

Mayor Marshall noted 13 building permits have been issued this fiscal year which is more than double last year.

Councilmember Leamy asked City Administrator Flanigan to look into relocating the developer sign at Dillehay and West Lucas Road.

13. ADJOURN

Mayor Marshall adjourned the meeting at 8:19 p.m.

COMMENTS CONCERNING PROPOSED REVISIONS TO 156.37
SUPPLEMENTARY DISTRICT REGULATIONS

In wording this proposed ordinance revision I was trying to determine how certain property uses are being misused and are causing a problem with the image and laws of the City of Parker and its residents. I am well aware of how those of us responsible for making sure the health, safety and welfare of the City residents are protected. I am also aware of how we pride ourselves with the image of "Keep Parker Country". It is easy to place restrictions on things we personally feel are offensive to our personal lifestyle. It is not easy to compromise and place restrictions that can please everyone.

I know that we have specific zoning areas and yet we sometimes feel a catch all as limiting grass or weeds to 12 inches to all districts is sufficient for all zoning districts. Yet it is a difficult limitation to enforce and in some cases very unfair. I know that there are those individuals who feel all areas should be maintained in the same manner as they strive to achieve. This can lead to uncomfortable decisions on the part of those responsible for enforcement, and the need to attempt to achieve a compromise within the limits of the governing powers.

I personally observed, as many of you have, many areas which are not abiding by the mowing limitations, but are only offensive to a few. It does not seem these locations are hurting the image of Parker as a choice area for living as we are considered the best in the metroplex.

I know that the way the proposed revision is worded makes it seem that I believe all areas should be considered agriculture. I felt that by using the words "natural state" to refer to areas that could be allowed to use their property in ways that to me are more "country".

To me natural state means areas that have not been changed artificially or are in a primitive or unaltered state. That means, to me, a pasture or lot that is not being used for any activity other than what I have listed in the proposed revision (dated January 10, 2013).

This proposal would not supercede any HOA or other local restrictions that I am not aware of, but in several cases it would make it possible for those of us who want to use our property in other ways than just keeping it mowed down to satisfy others.

I like the comments of residents who want to keep Parker "Countryside in the Midst of Congestion" and keep our charm and country like quality of life.

Someday we may feel we should attain the urban lifestyle of other Cities as Highland Park, Plano, Dallas, etc., but for now I would prefer we show some latitude in how we can compromise with our neighbors and still be proud of our city.

156.37 SUPPLEMENTARY DISTRICT REGULATIONS (EXISTING)

(D) Lot maintenance. In all districts, lots shall be maintained in such a manner as to be free and clear of debris. All vegetation, except for regularly cultivated crops, trees, or shrubbery, which exceeds 12 inches in height, shall be presumed to be objectionable and unsightly. Regularly cultivated crops shall not be allowed to grow within the right-of-way of any public street or easement but shall be kept mowed. It shall be the duty of any person owning, claiming, occupying, or having supervision or control of any real property to cut and remove all weeds, brush, or other objectionable or unsightly matter as often as may be necessary; provided that the removing and cutting same at least once in every 30 days shall be deemed a compliance with this chapter; and to use every precaution to prevent the same growing on the premises to become a nuisance.

156.37 SUPPLEMENTARY DISTRICT REGULATIONS (PROPOSED)

(D) Lot maintenance. In all districts, lots shall be maintained in such a manner as to be free and clear of debris. All vegetation, except for regularly cultivated crops, trees, or shrubbery, which exceeds 12 inches in height, shall be presumed to be objectionable and unsightly. The following provisions relate only to the height of grass and weeds on properties with an area or areas, which have remained in their natural state:

(1) On lots of 2 acres or more: that portion of the property that has remained in its natural state – grass and weeds are not permitted to grow to a height in excess of eight (8) inches adjacent to a public or prescriptive road right of way for a distance of ~~twenty (20)~~ten (10) feet into the property from said right of way and within ten (10) feet of adjoining property Discussion is needed on whether it is measured from right of way or edge of payment. Beyond the above limits, grass and weeds are not permitted to grow to a height in excess of twenty-four (24) inches, unless the vegetation is for agricultural operations.

(2) Agricultural operation includes the following activities:

- (A) Cultivating the soil;
- (B) Producing crops for human food, animal feed, planting seed, or fiber;
- (C) Floriculture;
- (D) Viticulture;
- (E) Horticulture;
- (F) Silviculture;
- (G) Wildlife management;
- (H) Raising or keeping livestock or poultry.

(3) This does not apply to front yards as defined in Supplemental District Regulations Section 156.37 (G) (1).

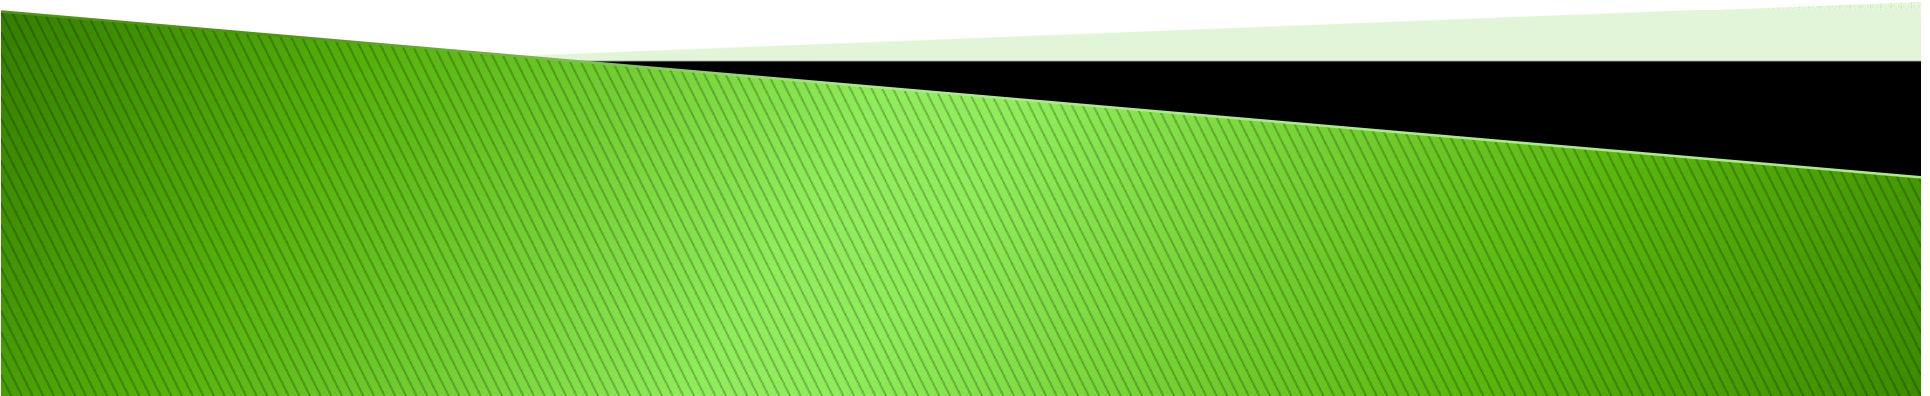

Regularly cultivated crops shall not be allowed to grow within the public or prescriptive road right-of-way of any public street or easement but shall be kept mowed. It shall be the duty of any person owning, claiming, occupying, or having supervision or control of any real property to cut and remove all weeds, brush, or other objectionable or unsightly matter as often as may be necessary; provided that the removing and cutting same at least once in every 30 days shall be deemed a compliance with this chapter; and to use every precaution to prevent the same growing on the premises to become a nuisance.

Thoughts on Wild Animals

Review of 92.03

Russell Wright

1/10/2013

This is a Starting Place

- ▶ I reviewed a couple of cities' animal ordinances, looked online and jotted down some thoughts
- ▶ Do not construe my thoughts for a finished product...they are a starting place for conversation only

What is the Problem?

- ▶ Excessive restrictions for animals based on...?
 - Poisonous?
 - Wild and vicious?
 - Size?
 - Protected species?

General

- ▶ Is it covered by other ordinances?
- ▶ Is there a nuisance component?
- ▶ Are the issues real and what have we experienced?
- ▶ Can it/will it/how will it be enforced?
- ▶ Opinion
 - What constitutes good/bad animals/pets
 - Capuchin monkeys vs marmosets

Health/Safety

- ▶ Are there real safety issues?
- ▶ Should a citizen be allowed to make decisions that affect their own safety and that of their family?
- ▶ Is there something that is putting others at risk?

Parker Considerations

- ▶ Many diverse areas of Parker
 - HOA/non-HOA
 - Agricultural/City residential
 - Old/New
- ▶ One size probably doesn't fit all
- ▶ Grandfathering
- ▶ Will anyone really notice relative to the size?
- ▶ Overly complex?

Community Impact / Freedom

- ▶ More rules and regs = less freedom
- ▶ Is it something a city should control?
- ▶ Will it withstand a legal challenge?
 - City of Plano example
- ▶ How would you feel if it directly affected you?
- ▶ Does it have the potential to be misused?
 - Spite
- ▶ Does it directly conflict with freedoms guaranteed by our founding documents?

My Observations

- ▶ The primary purpose should be to protect residents from wild and vicious animals
- ▶ Definition of large animals should be moved into definitions section, 92.01
- ▶ Do we need the large animal section?
- ▶ Do we have/need a special permit process for animals?

§ 92.03 WILD, EXOTIC, AND VICIOUS ANIMALS. - EXISTING

(A) *Prohibited animals.* It shall be unlawful for a person to keep or harbor a prohibited animal within the city limits. Prohibited animals include the following. Any animal, regardless of state or duration of captivity, that poses a potential physical or disease threat to the public, that is protected by international, federal or state regulations, or that is considered to be excessively odiferous, noisy or having offensive characteristics, including but not limited to the following:

(1) *Class Reptilia.* Family Helodermatidae (venomous lizards); Family Viperidae (rattlesnakes, copperheads, cottonmouths, other pit vipers and true vipers); Family Elapidae (coral snakes, cobras, mambas and other elapids); the following listed species of Family Colubridae-*Dispholidus typus* (boomslang), *Hydrodynastes gigas* (water cobra), *Boiga* (mangrove snake), and *Thelotornis* (African twig snake) only; Order Phidia, Family Boidae (racers, boas, water snakes and pythons); and Order Crocodilia (crocodiles, alligators, caimans and gavials).

(2) *Class Aves.* Order Falconiforms (such as hawks, eagles and vultures); Subdivision Ratitae (such as ostriches, rheas, cassowaries and emus); Order Strigiforms (such as owls); genus *Meleagris* (such as turkey); genus *Inachis* (such as peacocks).

(3) *Class Mammalia.* Order Carnivora, Family Felidae (such as ocelots, margays, tigers, jaguars, leopards and cougars), except commonly accepted domesticated cats; Family Candidae (such as wolves, wolf-dog hybrids, dingos, coyotes and jackals), except domesticated dogs; Family Mustelidae (such as weasels, skunks, martens, mink and badgers); Family Procyonidae (raccoon); Family Ursidae (such as bears); Order Marsupialia (such as kangaroos and common opossums); Order Edentata (such as sloths, anteaters and armadillos); Order Proboscidea (elephants); Order Primata (such as monkeys, chimpanzees and gorillas); Order Rodentia (such as porcupines); Species Procine (such as swine and potbellied pigs).

(B) Prohibited animal does not mean a gerbil, hamster, guinea pig or laboratory mouse or rat.

(C) *Large animal.*

(1) A large animal is defined as any herbivorous grazing animal over 500 pounds body weight. It shall be unlawful for any person to keep a large animal on any premises except as follows, or to keep any large animal on any premises in an unsanitary condition.

(2) The minimum lot size for large animals is 1.8 net acres. For each lot, the portion of the lot in excess of one-half acre is determined to be the net grazing area. A person may keep large animals in accordance with the following:

(a) One large animal per one-half acre of net grazing area, when each animal is provided a fully enclosed stall inside a barn, suitable for the large animal's care and feeding, accessible by the animal and not used for storage or other use.

(b) One large animal per acre of net grazing area when no fully enclosed stall is provided for the large animal.

(c) Two herbivorous grazing animals less than 500 pounds body weight shall be considered the same as one large animal in the calculation of the number of animals permitted on a lot.

(d) A special permit may be requested by applicants wishing to keep animals with a minor variance from the terms of this division (C).

(Ord. 414, passed 12-17-1996; Am. Ord. 560, passed 10-26-2004; Am. Ord. 625, passed 7-1-2008) [Penalty, see § 92.99](#)

AGENDA SUBJECT

CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON A PLAT TITLED KING'S CROSSING PHASE 1 (AKA BEDELL TRACT) BEING 52.57 ACRES IN THE ANN S. HURT SURVEY, ABSTRACT NO 428. [FLANIGAN]

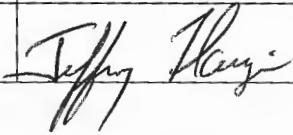

SUMMARY

Attached is a letter dated February 27, 2013 from Birkhoff, Hendricks & Carter which shows their comments on the construction drawings of King Crossing Phase 1. Items 1 & 3 still needs to be provided to the city, Item # 2 was addressed with Planning & Zoning to provide a temporary roadway to Lewis Lane on Havenhurst Court, Items, 4, and 5 are allowed in Exhibit C of the Development Agreement. Items 6-11 are all related to the sewer system.

The sewer system is complicated for the fact the developer assumed they would be able to pump the effluent for the entire subdivision into the existing lift station in PLE on Lucas Road. The design of a new lift station large enough for all of Kings Crossing, yet adaptable to pump the effluent for the first 38 homes has become an issue. A study of how to make the overall sewer system function has begun and several alternatives have been proposed. Additional funding will be required from either the developer, the city, or both. Currently we are back to the development agreement plans for sewer. A discussion of the alternatives is suggested when it is convenient for council.

POSSIBLE ACTION

1. Approve, with conditions regarding sewer design and funding
2. Deny, pending resolution of sewer design and funding.
3. Table for further deliberation.

2. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON A PLAT TITLED KING'S CROSSING PHASE 1 (AKA BEDELL TRACT) BEING 52.57 ACRES IN THE ANN S. HURT SURVEY, ABSTRACT NO 428.

Planning and Zoning Commission reviewed the plat submitted by Bedell Farms Limited. Developers engineer Richard Hovas and developer Steve Sallman was present to answer questions.

Parker City Engineer Birkhoff has reviewed the plat and provided the developer a list of issues to be addressed. The flood study and lift station plans have been prepared and submitted to the Engineer Birkhoff for review. Commissioner Stanislav requested a second point of access to Lewis Lane. Mr. Sallman agreed to add a temporary emergency access.

The developer noted there would be three retention ponds constructed in the flood area. The homeowners association will maintain the water channel and a drainage easement have been provided.

MOTION: Commissioner Stanislav moved to recommend approval subject to developer addressing all city engineer issues, addition of a temporary emergency access to Lewis Lane, and a final report submitted to the Commission with approval by City Engineer. Commissioner Lozano seconded with Commissioners Stone, Raney, Wright, Lozano, and Stanislav voting for. Motion carried 5 to 0

3. CONSIDERATION AND/OR ANY APPROPRIATE ACTION TO AMEND THE CITY ORDINANCES ON PASTURE MAINTENANCE (ORD. 553 & 571, CODIFIED IN THE PARKER MUNICIPAL CODE CHAPTER 94).

The Commission had a lengthy discussion reviewing Commissioner Stone's notes and comments provided in the packet. (See exhibit A.)

MOTION: Commissioner Stone moved to bring this issue back in January to provide additional research. Commissioner Raney seconded, with commissioners Stone, Raney, Wright, Lozano and Stanislav voting for. Motion carried 5 to 0.

4. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON AMENDING CODIFICATION CHAPTER 92, ANIMALS.

Commission discussed the current Animal ordinance 92.03. Commissioner Lozano was asked to do further research and look at surrounding cities Animal ordinances.

MOTION: Commissioner Stanislav moved to table this item to a future date. Commissioner Lozano seconded, with Commissioners Stone, Raney, Wright, Lozano and Stanislav voting for. Motion carried 5 to 0.

Re: Kings Crossing Phase 1 – Fifth Review

Dear Mr. Flanigan:

As requested, we have reviewed the Engineering Plans and Preliminary Plat for the Kings Crossing Phase 1, dated February 18, 2013. We received these plans from Tipton Engineering on February 21, 2012.

This review was for the Engineering Plans and Preliminary Plat only. Our review of the Preliminary Plat and Engineering Plans is for general compliance with the City of Parker's development requirements and good engineering practice, and does not relieve the engineer of record of his responsibilities under the Texas Engineering Practice Act and Texas Surveyor's Act.

The following comments have not been addressed.

Comments

1. The previous flood study comments have been addressed. We recommend that a complete and final copy be provided to the City.
2. *Only 1 point of access from an improved public roadway is provided for this development. City Ordinance requires 2 points of access be provided.*
 - **Status this review: Complete.** An access easement has been added to the plat. This shall be a permanent drive and be constructed in accordance with City of Parker fire lane standards.
3. *The Plat and Engineering Plans shall be sent to NTMWD for review. We recommend that the City receive written approval from NTMWD regarding the enclosed Plat and Engineering Plans.*
 - **Status this review: An approval letter from NTMWD shall be provided to the City prior to construction.**
4. *Maximum length cul-de-sac allowable to City Ordinance is 600-feet. Havenhurst Court and Chestwick Court exceed this limit.*
 - **Status this review: Complete.** As stated in the enclosed response letter from Tipton Engineering, the developers agreement allows a maximum length cul-de-sac of 1500-feet.

5. *Dead end water lines are not allowed.*
 - **Status this review: Not Complete.** A fire hydrant is proposed at the end of the dead end water line. Acceptance of the fire hydrant being located at this location is at the City's discretion.
6. *Provide the sanitary sewer design data on the profile.*
 - **Status this review: Not Complete.** Also provide future flows as the overall sewer basin analysis proposes that sanitary sewer flows from existing and future developments will be connected to the proposed 8-inch sanitary sewer on a 0.4% slope.
7. *Clarify if the proposed sanitary sewer lines being shown from the existing lift stations to the future lift station will be used solely for transmission of the existing flows, or if service taps will be connected to them.*
 - **Status this review: Complete.** Future gravity sanitary sewer lines are no longer shown from the existing Parker Lakes Estates lift station sites to the proposed lift station.
8. *Indicate phasing on the Overall Sewer Basin Analysis. Future sanitary lines, lift stations, and developments are shown. However, it is not indicated what facilities will be built with each development that occurs.*
 - **Status this review: Not Complete.** Lift station plans have not been provided. It is not clear if the proposed lift station will be constructed with this development, but will serve the entire basin or if improvements will be required upon further development within the basin.
9. *Lift station is labeled as "Not in this contract". Who will be constructing the station? Is this the design for the lift station, or will separate plans be submitted?*
 - **Status this review: Complete.** A proposed lift station is labeled on the enclosed plans, however lift station plans and design data has not been submitted for review.
10. *Revise lift station details. See enclosed mark-ups.*
 - **Status this review: Not Complete.** Lift station plans were not provided for review.
11. *The existing lift station along West Lucas Road does not have adequate capacity for this development. A revised plan is required to convey flow to NTMWD. It seems prudent to enlarge the proposed lift station to convey flow from the two existing lift stations, Lovejoy ISD, and your development to NTMWD through one force main.*
 - **Status this review: The proposed lift station and force main configuration has been revised.** The existing Parker Lakes Estates Phase 1 lift station will be re-directed into the Kings Crossing Phase 1 sanitary sewer system. The proposed Kings Crossing lift station will then connect into the existing force main from Parker Lakes Estates Phase 1 lift station to the NTMWD receiving manhole. This configuration will require the sewage to pass through two lift stations prior to being discharged into the NTMWD system.

We recommend that the existing force main from the point where the Parker Lakes Estates Phase 1 and Phase 3 force mains converge to the NTMWD receiving manhole be evaluated for the fully developed basin flows. As phasing of future improvements is not shown, it does not appear that the 6-inch force main at this location will be of adequate size to convey the fully developed flow.
