CITY COUNCIL MEETING

CALL TO ORDER: PROCLAMATION: Determination of Quorum

The Parker City Council met in a regular meeting on the above date at Parker City Hall, 5700 E. Parker Road, Parker, Texas 75002.

Mayor Marshall called the meeting to order at 7:00 p.m. Councilmembers Stone, Standridge, Levine, Pettie and Taylor were present.

Staff Present: City Attorney James Shepherd, City Administrator Jeff Flanigan, Finance/H.R. Manager Johnna Boyd, Police Chief Bill Rushing and Officer Kenny Price.

PLEDGE OF ALLEGIANCE

AMERICAN PLEDGE: Lou Zettler led the pledge.

TEXAS PLEDGE: Jim Threadgill led the pledge.

PUBLIC COMMENTS The City Council invites any person with business before the Council to speak to the Council. No formal action may be taken on these items at this meeting. Please keep comments to minutes.

Joe Sterk, 4200 Pecan Orchard – Mr. Sterk feels the City should pay for its water usage.

Lou Zettler, 4202 Donna Lane – Mr. Zettler was unhappy with his recent experience with the Zoning Board of Adjustments. He requested a solid wood fence on a portion of his property to reduce the sound of traffic on Parker Road. He feels the fencing requirements are discriminatory and the fee of \$600 poses a barrier for citizens to come forward with more variance requests.

John Wingfield, 5402 Kara Lane - He told his story of his arrest on September 18, 2012 by Officer Messerole. He was attacked by a drunken friend, called 9-1-1 and he was arrested for assault. Officer Messerole entered his home against his civil rights. He wants to reclaim his reputation, the City to reimburse him for his \$8,000 in attorney fees, his arrest expunged from his records, all arrest photos removed from the internet, an apology letter from the City and Officer Messerole fired.

INDIVIDUAL CONSIDERATION ITEMS

1. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON MEETING MINUTES FOR AUGUST 6, 2013. [SMITH]

MOTION: Councilmember Pettie moved to approve the minutes as amended. Councilmember Standridge seconded with Councilmembers Stone, Standridge, Levine, Pettie and Taylor voting for. Motion carried 5-0.

2. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON MEETING MINUTES FOR AUGUST 20, 2013. [SMITH]

Mayor Marshall requested "in the Preserve" be removed from the Motion for Item 8 on page 4.

MOTION: Councilmember Taylor moved to approve the minutes as amended. Councilmember Pettie seconded with Councilmembers Stone, Standridge, Levine, Pettie and Taylor voting for. Motion carried 5-0.

3. PUBLIC HEARING ON FY 2013 – 2014 PROPOSED BUDGETS. [BOYD]

Mayor Marshall opened the second of two public hearings at 7:16 p.m.

The proposed general fund budget is \$368,280 and proposed proprietary budget \$1,603,249. The water budget is supported by service rates for water, sewer and solid waste rather than tax dollars.

Mayor Marshall noted due to North Texas Municipal Water Districts rate increase, the water and sewer rates will be increasing this next year. This is the first increase in water rates in three years.

John Wingfield, 5402 Kara Lane – He feels the \$109K should be left in the City reserves to put back into the budget when major expenses occur. He is strongly in favor of body cameras for each police officer. He doesn't understand the need for a 500% increase in Police Department over time. He does not feel there is a need for a full-time administrative assistant with benefits to the police department when there are six officers that can complete their own paper work. He would rather see an increase in the fire department budget and put firefighters in the fire station to improve the fire department's response times.

Mayor Marshall responded to Mr. Wingfield's questions. All of these issues were discussed in our planning and budget meetings. Our City received a substantial sum of money from a sales tax audit performed by Collin County. With the way our year runs, there is no other way for the citizens to benefit from that money other than a tax rate decrease. The only other option is to deposit that money into a reserve account and then withdraw it a later date. The primary purpose for the initial withdrawal from the reserve account is that there was a substantial sum of money in the reserve account that the City did not spend this year for economic development with the Bedell developer. Money was set aside to subsidize some of

the developers costs to install water meters at an estimated \$7,000 per lot. None of that money was spent. The total was approximately \$175,000. We are withdrawing \$109,000 total from our reserve account and giving the citizens a tax break in the process. We received budget requests from both police and fire chiefs. Police chief requested staff, and the fire department stipends. The funds were allocated on a budget line by line basis.

Joe Sterk, 4200 Pecan Orchard – Again stated he wants the City to meter and pay for their water. Sycamore Road needs to be fixed rather than just repaired. He would rather the Council not lower the tax rate, but have Sycamore road fixed.

Mayor Marshall noted that later on the agenda is a report from the Drainage Subcommittee that is looking at drainage issues throughout the City. The waterline must be paid for from the water department budget. This is a costly project and will require bonds.

David Leamy, 5801 Rathbone Drive – What is the savings of the old tax rate on the current tax rolls? \$110K could have gone back into reserves and/or capital improvements or road improvements. He was concerned with the difficulty to raise the tax rate back up to cover future projects. Would like to see any savings be put back for specific projects such as road and water that are going to be substantial dollars. Would also like the City to look into federal dollars left over the re-investment act that built the two lanes on Bethany and if there is money still available, these are matching funds and use this money to match those funds.

Mayor Marshall closed the public hearing at 7:45 p.m.

4. PUBLIC HEARING ON 2013 PROPOSED TAX RATE. [BOYD]

Mayor Marshall opened the public hearing at 7:47 p.m.

The City currently has a 19 ½ month surplus of funds.

Franklin “Lash” Larue, 4408 Sycamore – He feels the City should keep the money and put it back to repair the infrastructure. Spending the money because you have it does not make sense. If you have it, save it and not ask for a future tax rate increase.

John Wingfield, 5402 Kara Lane – He asked, if we reduce the tax rate now, are there any projections as to when the rate will have to be raised back up. Mayor Marshall stated no. Save the money for future economic development.

Joe Sterk, 4200 Pecan Orchard – Agrees with others, put the \$110,000 in reserves and pay down current debt.

Lou Zettler, 4202 Donna Lane – favors any discounts to the citizens.

Mayor Marshall closed the public hearing at 7:55 p.m. and noted Council is scheduled to take a vote on the proposed budget and tax rate on September 10, 2013.

5. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON POSSIBLE AMENDMENTS TO ORDINANCE 666 REGARDING BULK TRASH PICKUP. [MARSHALL]

Bulk trash pick-up has been changed to a monthly service and it seems that Section 1, A & B and Section 2 needs to be re-evaluated.

Ordinance 666 will be modified so residents may put their bulk trash, including brush, at the edge of the roadway no more 7 days in advance of scheduled pick up.

MOTION: Mayor Pro Tem Levine moved to amend Ordinance 666 Section 1. A. and B. so neither brush nor bulk items may be place out at the roadway more than 7 days in advance of the pickup date; and a statement that reads the City recommends items be placed no more than 8 to 10 feet from the road way. Councilmember Taylor seconded with Councilmembers Stone, Standridge, Levine, Pettie and Taylor voted for. Motion carried 5-0.

6. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON DRAINAGE SUBCOMMITTEE REPORT. [FLANIGAN]

The drainage subcommittee reported that they would like Estate Lane to be a priority and for the City's engineer to develop an engineering and construction plan. Gregory Lane was considered but the residents of Gregory Lane asked not to be considered at this time. The drainage committee asks for residents to report ongoing drainage problems so those problems may be evaluated.

4. UPDATE ON TRANSPORTATION IN COLLIN COUNTY AREA.

Gary Graham, 5707 Overton - Mr. Graham is a Parker resident who is a transportation engineering manager for the City of McKinney. He gave an overview of regional road projects in Collin County. Many of the planned projects were not funded by TxDot but received funds from toll tag revenue and our County Commissioners are pushing for increased funding. PRESENTATION AND DISCUSSION ON A LAND CONCEPT PLAN FOR 48 ACRES IN THE ETJ, GENERALLY LOCATED AT CURTIS RD AND LEWIS LN [FLANIGAN]

SUMMARY

P&Z minutes for September 12:

Developer Ron Haynes is proposing a single family residential subdivision with 38 one acre lots. He is requesting one acre lots because all the surrounding subdivisions are one acre. The property is located in Parker's ETJ. The property across Lewis Lane, to the east, is the City of Lucas' ETJ. He would like the property annexed into the City. He has spoken with the homeowners of Southridge Estates about merging the HOA's.

The lots on the farthest west end of the property marked with a "P" will be open space and landscape buffer.

Curtis Lane is on the City Thoroughfare plan and shown to be realigned. He has considered how to do the realignment with this development. He has a proposed cul-de-sac where Curtis Lane is currently; however, Curtis Lane is a County Road and he will have to work with them. There is a drainage issue with water runoff from Southridge that will need to be addressed.

The property between Southridge and the proposed development is owned by two separate owners and is not for sale.

At this time, he is requesting any suggestions and thoughts on the development. This tract is under contract and before the purchase is made he wants to have open communication and support from the City.

Jeff

Thanks for visiting with me this afternoon.

I have the two tracts shown on the attached exhibits under contract. I am a single family land developer. I am wanting to go forward and purchase and develop these two tracts in the same manner as Southridge. In fact, Paul Taylor, the most prominent builder in Southridge will likely be the homebuilder on our lots. The proposed plan on these two tracts that total 49.9 acres is for 38 minimum one acre lots (net of any road right of way). As you know these tracts are located in the ETJ of Parker and as such I cannot apply for zoning until the tracts are actually annexed into the City of Parker. Therefore, I would like to ask the City P&Z and City Council for their approval of the attached land plan showing the 38 one acre minimum lots and the proposed road alignments. If the City P&Z and City Council approve of my land plan and road alignments I will proceed to purchase the two tracts and then ask for annexation of these two tracts into the City of Parker and to have the tracts officially zoned as per the land plan of minimum one acre lots. By bringing this into the city Parker would of course increase its tax base as well as have control of the development of the land and the construction of the homes to assure these things are done in a quality way per the City's standards.

All the best,

Ron Haynes

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF PARKER, TEXAS, APPROVING A NEGOTIATED RESOLUTION BETWEEN THE ATMOS CITIES STEERING COMMITTEE AND ATMOS ENERGY CORP., MID-TEX DIVISION REGARDING THE COMPANY'S 2013 ANNUAL RATE REVIEW MECHANISM FILING IN ALL CITIES EXERCISING ORIGINAL JURISDICTION; DECLARING EXISTING RATES TO BE UNREASONABLE; ADOPTING TARIFFS THAT REFLECT RATE ADJUSTMENTS CONSISTENT WITH THE NEGOTIATED SETTLEMENT AND FINDING THE RATES TO BE SET BY THE ATTACHED TARIFFS TO BE JUST AND REASONABLE; REQUIRING THE COMPANY TO REIMBURSE CITIES' REASONABLE RATEMAKING EXPENSES; REPEALING CONFLICTING RESOLUTIONS OR ORDINANCES; DETERMINING THAT THIS ORDINANCE WAS PASSED IN ACCORDANCE WITH THE REQUIREMENTS OF THE TEXAS OPEN MEETINGS ACT; ADOPTING A SAVINGS CLAUSE; DECLARING AN EFFECTIVE DATE; PROVIDING A MOST FAVORED NATIONS CLAUSE; AND REQUIRING DELIVERY OF THIS ORDINANCE TO THE COMPANY AND THE STEERING COMMITTEE'S LEGAL COUNSEL.

WHEREAS, the City of Parker, Texas ("City") is a gas utility customer of Atmos Energy Corp., Mid-Tex Division ("Atmos Mid-Tex" or "Company"), and a regulatory authority with an interest in the rates and charges of Atmos Mid-Tex; and

WHEREAS, the City is a member of the Atmos Cities Steering Committee ("ACSC"), a coalition of approximately 164 similarly situated cities served by Atmos Mid-Tex that have joined together to facilitate the review of and response to natural gas issues affecting rates charged in the Atmos Mid-Tex service area; and

WHEREAS, pursuant to the terms of the agreement settling the Company's 2007 Statement of Intent to increase rates, ACSC Cities and the Company worked collaboratively to develop a Rate Review Mechanism ("RRM") tariff that allows for an expedited rate review

process controlled in a three-year experiment by ACSC Cities as a substitute to the current Gas Reliability Infrastructure Program (“GRIP”) process instituted by the Legislature; and

WHEREAS, the City took action in 2008 to approve a Settlement Agreement with Atmos Mid-Tex resolving the Company’s 2007 rate case and authorizing the RRM tariff; and

WHEREAS, in 2013, ACSC and the Company negotiated a renewal of the RRM tariff process for an additional five years; and

WHEREAS, the City passed an ordinance renewing the RRM tariff process for the City for an additional five years; and

WHEREAS, the RRM renewal tariff contemplates reimbursement of ACSC Cities’ reasonable expenses associated with RRM applications; and

WHEREAS, on or about July 15, 2013, the Company filed with the City its first annual RRM filing under the renewed RRM tariff, requesting to increase natural gas base rates by \$22.7 million; and

WHEREAS, ACSC coordinated its review of Atmos Mid-Tex’s RRM filing through its Executive Committee, assisted by ACSC attorneys and consultants, to resolve issues identified by ACSC in the Company’s RRM filing; and

WHEREAS, the ACSC Executive Committee, as well as ACSC’s counsel and consultants, recommend that ACSC Cities approve the attached rate tariffs (“Attachment A” to this Ordinance), which will increase the Company’s revenues by \$16.6 million; and

WHEREAS, the attached tariffs implementing new rates are consistent with the negotiated resolution reached by ACSC Cities and are just, reasonable, and in the public interest;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF Parker, TEXAS:

Section 1. That the findings set forth in this Ordinance are hereby in all things approved.

Section 2. That the City Council finds the existing rates for natural gas service provided by Atmos Mid-Tex are unreasonable and new tariffs which are attached hereto and incorporated herein as Attachment A, are just and reasonable and are hereby adopted.

Section 3. That Atmos Mid-Tex shall reimburse the reasonable ratemaking expenses of the ACSC Cities in processing the Company's RRM application.

Section 4. That to the extent any resolution or ordinance previously adopted by the Council is inconsistent with this Ordinance, it is hereby repealed.

Section 5. That the meeting at which this Ordinance was approved was in all things conducted in strict compliance with the Texas Open Meetings Act, Texas Government Code, Chapter 551.

Section 6. That if any one or more sections or clauses of this Ordinance is adjudged to be unconstitutional or invalid, such judgment shall not affect, impair or invalidate the remaining provisions of this Ordinance and the remaining provisions of the Ordinance shall be interpreted as if the offending section or clause never existed.

Section 7. That if ACSC determines any rates, revenues, terms and conditions, or benefits resulting from a Final Order or subsequent negotiated settlement approved in any proceeding addressing the issues raised in Atmos' 2013 RRM filing would be more beneficial to the ACSC Cities than the terms of the attached tariffs, then the more favorable rates, revenues, terms and conditions, or benefits shall additionally and automatically accrue to the ACSC Cities, including the City, without the need for City to take any further action. If this automatic adjustment occurs, Atmos Mid-Tex shall promptly thereafter file with the City an amended tariff documenting the adjustment to rates.

Section 8. That this Ordinance shall become effective from and after its passage with rates authorized by attached tariffs to be effective for bills rendered on or after November 1, 2013.

Section 9. That a copy of this Ordinance shall be sent to Atmos Mid-Tex, care of Chris Felan, Manager of Rates and Regulatory Affairs, at Atmos Energy Corporation, 5420 LBJ Freeway, Suite 1862, Dallas, Texas 75240, and to Geoffrey Gay, General Counsel to ACSC, at Lloyd Gosselink Rochelle & Townsend, P.C., P.O. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON ORDINANCE 515 AND 699 REGARDING THE POSITION OF FIRE MARSHALL. [PETTIE]

SUMMARY

Ordinance 699 modified Ordinance 515 by removing the requirement for the fire marshal to be a certified peace officer. Additional updates to Ordinance 515 are recommended by the FD and the City Attorney, which would include the creation of one new ordinance to include the fire marshal qualifications already changed by Ord. 699, and all additional changes.

As Ord. 515 is not one which is codified in our Code of Ordinances, creating one new consolidated ordinance allows the user to find all the updates in one new ordinance.

City of Parker
2013-2014 Investment Policy

ARTICLE I
PURPOSE AND NEED FOR POLICY

Chapter 2256 of the Government Code, as amended from time to time by the Texas State Legislature ("Public Funds Investment Act") requires each city to adopt rules governing its investment practices and to define the authority of the Investment Officer and any additional Investment Committee members. The 2013-2014 Investment Policy addresses the methods, procedures and practices that must be exercised to ensure effective and prudent fiscal management of the City of Parker, Collin County, Texas funds.

ARTICLE II
SCOPE

The Investment Policy applies to the investment and management of all funds under direct authority of the City of Parker, Collin County, Texas.

- A. These funds are accounted for in the City's Annual Financial Report and include the following:
- (1) the General Fund;
 - (2) Special Revenue Funds;
 - (3) Capital Project Funds;
 - (4) Enterprise Funds;
 - (5) Trust and Agency Funds, to the extent not required by law or existing contract to be kept segregated and managed separately;
 - (6) Debt Service Funds, including reserves and sinking funds to the extent not required by law or existing contract to be kept segregated and managed separately; and
 - (7) Any new fund created by the City unless specifically exempted from this policy by the City or by law.

This investment policy shall apply to all transactions involving the financial assets and related activity of all the foregoing funds.

- B. This policy excludes:
- (1) Employee Retirement and Pension Funds administered or sponsored by the City.
 - (2) Defeased bond funds held in trust escrow accounts.

C. Review and Amendment

The City Council is required by state statute and by this investment policy to review this investment policy and investment strategies not less than annually and to adopt a resolution stating the review has been completed and recording any changes made to either the policy or strategy statements.

**ARTICLE III
PRUDENCE**

Investments shall be made with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived.

In determining whether an Investment Official has exercised prudence with respect to an investment decision, the determination shall be made taking into consideration:

- (1) the investment of all funds, or funds under the entity's control, over which the officer had responsibility rather than a consideration as to the prudence of a single investment; and
- (2) whether the investment decision was consistent with the written investment policy of the City.

All participants in the investment program will seek to act responsibly as custodians of the public trust. Investment Officials will avoid any transaction that might impair public confidence in the City's ability to govern effectively. Investment Officials shall recognize that the investment portfolio is subject to public review and evaluation. The overall program shall be designed and managed with a degree of professionalism which is worthy of the public trust. Nevertheless, the City recognizes that in a marketable, diversified portfolio, occasional measured losses are inevitable and must be considered within the context of the overall portfolio's investment rate of return.

Investment Officials, acting in accordance with written procedures and exercising due diligence, shall not be held personally responsible for market price changes, provided that these deviations from expectations are reported immediately to the Mayor and the City Council of the City of Parker, and that appropriate action is taken by the Investment Officer to control adverse developments.

ARTICLE IV OBJECTIVES

A. Preservation and Safety of Principal

Preservation of capital is the foremost objective of the City. Each investment transaction shall seek first to ensure that capital losses are avoided, whether the loss occurs from the default of a security or from erosion of market value.

B. Liquidity

The City's investment portfolio will remain liquid to enable the City to meet all operating requirements, which can be reasonably anticipated. Liquidity will be achieved by matching investment maturities with forecasted cash flow requirements and by investing in securities with active secondary markets.

C. Yield

The investment portfolio of the City shall be designed to meet or exceed the average rate of return on 91-day U.S. treasury bills throughout budgetary and economic cycles, taking into account the City's investment risk constraints and the cash flow characteristics of the portfolio. Legal constraints on debt proceeds that are not exempt from federal arbitrage regulations are limited to the arbitrage yield of the debt obligation. Investment Officials will seek to maximize the yield of these funds in the same manner as all other City funds. However, if the yield achieved by the City is higher than the arbitrage yield, positive arbitrage income will be averaged over a five year period, netted against any negative arbitrage income and the net amount shall be rebated to the federal government as required by federal regulations.

ARTICLE V RESPONSIBILITY AND CONTROL

A. Delegation - Investment Officer; Investment Committee

Management responsibility to establish written procedures for the operation of the investment program consistent with this investment policy has been assigned to the Investment Officer, who shall be appointed by the City Council. The appointment is for a term of one year, and until a successor is qualified and appointed by the Council. Appointments are to be made for the Investment Officer, and the Investment Committee within June of each year, or as soon thereafter as possible. The review of this investment policy shall also take place in June of each year, as noted in Article IIC, above. Such procedures shall include explicit delegation of authority to persons responsible for the daily cash management operation, the execution of investment transactions, overall portfolio management and investment reporting. The Investment Officer shall be the chair of the Investment Committee and may delegate the daily investment responsibilities to either an internal Investment Official or an external investment advisor in combination with an internal Investment Official. The Investment Officer and/or his or her

representative(s) will be limited by conformance with all federal regulations, ordinances, and the statements of investment strategy. The Investment Officer and members of the Investment Committee are collectively referred to as "Investment Officials." The Mayor and the City Administrator are members of the Investment Committee.

B. Subordinates

No person shall engage in an investment transaction except as provided under the terms of this policy, the procedures established by the City Council and the explicit authorization by the Investment Officer, with approval of the City Council, to withdraw, transfer, deposit and invest the City's funds. The City Council, by resolution, has authorized and appointed these individuals. The Investment Officer shall be responsible for all transactions undertaken, and shall establish a system of controls to regulate the activities of subordinate Investment Officials, if any are appointed by the City Council.

C. Internal Controls

Internal controls shall be designed to prevent losses of public funds arising from fraud, employee error, and misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by Investment Officials. Controls deemed most important would include: control of collusion, separation of duties, third-party custodial safekeeping, avoidance of bearer-form securities, clear delegation of authority, specific limitations regarding securities losses and remedial action, written confirmation of telephone transactions, minimizing the number of authorized Investment Officials, and documentation of and rationale for investment transactions.

In conjunction with the annual independent audit, a compliance audit of management controls on investments and adherence to the Investment Policy and the Investment Strategy shall be performed by the City's independent auditor.

D. Ethics and Conflicts of Interest

Any Investment Official of the City who has a personal business relationship with a business organization offering to engage in an investment transaction with the City shall file a statement disclosing that personal business interest. An investment officer who is related within the second degree of affinity or consanguinity to an individual seeking to sell an investment to the City shall file a statement disclosing that relationship with the Texas Ethics Commission and the City Council. For purposes of this section, an Investment Official has a personal business relationship with a business organization if:

- (1) the Investment Official owns 10 percent or more of the voting stock or shares of the business organization or owns \$5,000 or more of the fair market value of the business organization;
- (2) funds received by the investment officer from the business organization exceed 10 percent of the investment officer's gross income for the previous year; or
- (3) the Investment Official has acquired from the business organization during the previous year investments with a book value of \$2,500 or more for the personal account of the Investment Official.

Investment Officials of the City shall refrain from personal and business activities involving any of the City's custodians, depositories, broker/dealers or investment advisors, which may influence the officer's ability to conduct his duties in an unbiased manner. Investment Officials will not utilize investment advice concerning specific securities or classes of securities obtained in the transaction of the City's business for personal investment decisions, will in all respects subordinate their personal investment transactions to those of the City, particularly with regard to the timing of purchase and sales and will keep all investment advice obtained on behalf of the City and all transactions contemplated and completed by the City confidential, except when disclosure is required by law.

E. Investment Training Requirements

The Investment Officer, and all members of the Investment Committee as may be required, or prudent, shall attend at least one ten hour training session relating to their investment responsibilities within 12 months after assuming their duties. In addition to this ten-hour requirement, all members of the Investment Committee shall receive not less than ten hours of instruction in their investment responsibilities at least once in every two-year period that begins on the first day of the fiscal year. The investment training session shall be provided by an independent source approved by the investment committee. For purposes of this policy, an "independent source" from which investment training shall be obtained shall include a professional organization, an institute of higher learning or any other sponsor other than a Business Organization with whom the City of Parker may engage in an investment transaction. Such training shall include education in investment controls, credit risk, market risk, investment strategies, and compliance with investment laws, including the Texas State Public Funds Investment Act. A list will be maintained of the number of hours and conferences attended for each Investment Official and a report of such information will be provided to the City Council. Investment "officials" includes the Investment Officer, and may include the Mayor or other member(s) of the City Council, or staff selected by the City Council as alternate Budget or Investment Officer(s).

**ARTICLE VI
INVESTMENT STRATEGY STATEMENTS**

The City of Parker portfolio will be structured to benefit from anticipated market conditions and to achieve a reasonable return. Relative value among asset groups shall be analyzed and pursued as part of the investment program within the restrictions set forth by the investment policy.

The City of Parker maintains portfolios, which utilize four specific investment strategy considerations designed to address the unique characteristics of the fund groups represented in the portfolios.

A. Operating Funds

Suitability - All investments authorized in the Investment Policy are suitable for Operating Funds.

Preservation and Safety of Principal - All investments shall be high quality securities with no perceived default risk.

Liquidity - Investment strategies for the pooled operating funds have as their primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. The dollar-weighted average maturity of operating funds, based on the stated final maturity date of each security, will be calculated and limited to one year or less. Constant \$1 NAV investment pools and money market mutual funds shall be an integral component in maintaining daily liquidity. Investments for these funds shall not exceed an 18-month period from date of purchase.

Marketability - Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.

Diversification - Maturities shall be staggered throughout the budget cycle to provide cash flows based on anticipated needs. Investment risks will be reduced through diversification among authorized investments.

Yield - The City's objective is to attain a competitive market yield for comparable securities and portfolio constraints. The benchmark for Operating Funds shall be the 91-day Treasury bill.

B. Reserve and Deposit Funds

Suitability - All investments authorized in the Investment Policy are suitable for Reserve and Deposit Funds.

Preservation and Safety of Principal - All investments shall be high quality securities with no perceived default risk.

Liquidity - Investment strategies for reserve and deposit funds shall have as the primary objective the ability to generate a dependable revenue stream to the appropriate reserve fund from investments with a low degree of volatility. Except as may be required by the bond ordinance, specific to an individual issue, investments should be of high quality, with short-to-intermediate-term maturities. The dollar-weighted average maturity of reserve and deposit funds, based on the stated final maturity date of each security, will be calculated and limited to three years or less.

Marketability - Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.

Diversification - Maturities shall be staggered throughout the budget cycle to provide cash flows based on anticipated needs. Investment risks will be reduced through diversification among authorized investments.

Yield - The City's objective is to attain a competitive market yield for comparable securities and portfolio constraints. The benchmark for Reserve and Deposit Funds shall be the 91-day Treasury bill.

C. Bond and Certificate Capital Project Funds and Special Purpose Funds

Suitability - All investments authorized in the Investment Policy are suitable for Bond and Certificate Capital Project Funds and Special Purpose Funds.

Preservation and Safety of Principal - All investments shall be high quality securities with no perceived default risk.

Liquidity - Investment strategies for bond and certificate capital project funds, special projects and special purpose funds portfolios will have as their primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. The stated final maturity dates of investments held should not exceed the estimated project completion date or a maturity of no greater than five years. The dollar-weighted average maturity of bond and certificate capital project funds and special purpose funds, based on the stated final maturity date of each security, will be calculated and limited to three years or less.

Marketability - Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.

Diversification - Maturities shall be staggered throughout the budget cycle to provide cash flows based on anticipated needs. Investment risks will be reduced through diversification among authorized investments.

Yield - The City's objective is to attain a competitive market yield for comparable securities and portfolio constraints. The benchmark for Bond and Certificate Capital Project Funds and Special Purpose Funds shall be the 91-day Treasury bill. A secondary objective of these funds is to achieve a yield equal to or greater than the arbitrage yield of the applicable bond or certificate.

D. Debt Service Funds

Suitability - All investments authorized in the Investment Policy are suitable for Debt Service Funds.

Preservation and Safety of Principal - All investments shall be high quality securities with no perceived default risk.

Liquidity - Investment strategies for debt service funds shall have as the primary objective the assurance of investment liquidity adequate to cover the debt service obligation on the required payment date. Securities purchased shall not have a stated final maturity date which exceeds the debt service payment date. The dollar-weighted average maturity of debt service funds, based on the stated final maturity date of each security, will be calculated and limited to one year or less.

Marketability - Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.

 - (1) Bankers Acceptances;
 - (2) "Bond" Mutual Funds;

A local government investment pool or money market mutual fund that invests in commercial paper must meet the requirements of Article VI, Sections E and H above.

ARTICLE VIII

PORTFOLIO AND INVESTMENT ASSET PARAMETERS

A. Bidding Process for Investments

It is the policy of the City to require competitive bidding for all investment transactions (securities and bank C.D.s) except for:

- (1) transactions with money market mutual funds and local government investment pools (which are deemed to be made at prevailing market rates); and
- (2) treasury and agency securities purchased at issue through an approved broker/dealer.

At least three bids or offers must be solicited for all other investment transactions. In a situation where the exact security being offered is not offered by other dealers, offers on the closest comparable investment may be used to establish a fair market price of the security. Security swaps are allowed as long as maturity extensions, credit quality changes and profits or losses taken are within the other guidelines set forth in this policy.

B. Maximum Maturities

The City of Parker will manage its investments to meet anticipated cash flow requirements. Unless matched to a specific cash flow, the City will not directly invest in securities maturing more than five years from the date of purchase.

C. Maximum Dollar-Weighted Average Maturity

Under most market conditions, the composite portfolio will be managed to achieve a one-year or less dollar-weighted average maturity. However, under certain market conditions. Investment Officials may need to shorten or lengthen the average life or duration of the portfolio to protect the City. The maximum dollar-weighted average maturity based on the stated final maturity, authorized by this investment policy for the composite portfolio of the City shall be three years.

D. Diversification

The allocation of assets in the portfolios should be flexible depending upon the outlook for the economy and the securities markets. In establishing specific diversification strategies, the following general policies and constraints shall apply.

- (1) Portfolio maturities and call dates shall be staggered in a way that avoids undue concentration of assets in a specific sector. Maturities shall be selected which provide for stability of income and reasonable liquidity.
- (2) To attain sufficient liquidity, the City shall schedule the maturity of its investments to coincide with known disbursements. Risk of market price volatility shall be controlled through maturity diversification such that aggregate realized price losses on instruments with maturities exceeding one year shall not be greater than coupon interest and investment income received from the balance of the portfolio.
- (3) The following maximum limits, by instrument, are established for the City's total portfolio:
 - U.S Treasury Notes/Bills 100%
 - U.S. Government Agencies & Instrumentalities..... 100%
 - U.S. Treasury & U.S. Agency Callables..... 25%
 - Certificates of Deposit 25%
 - Repurchase Agreements (*See D. (4) below*)..... 50%
 - Money Market Mutual Funds (*See D.(5) below*)..... 100%
 - Local Government Investment Pools (*See D.(5) below*)..... 100%
 - State of Texas Obligations & Agencies 25%
 - Obligations of states, agencies, cities and other

- political subdivisions of any state25%
- CDARS 100%

- (4) The City shall not invest more than 50% of the investment portfolio in repurchase agreements, excluding bond proceeds and reserves.
- (5) The City shall not invest more than 80% of the investment portfolio in any individual money market mutual fund or government investment pool. (Revised per Resolution No. 2007-161)
- (6) The investment committee shall review diversification strategies and establish or confirm guidelines on at least an annual basis regarding the percentages of the total portfolio that may be invested in securities other than U.S. Government Obligations. The investment committee shall review quarterly investment reports and evaluate the probability of market and default risk in various investment sectors as part of its consideration.

ARTICLE IX

AUTHORIZED BROKER/DEALERS AND FINANCIAL INSTITUTIONS

- A. Investment Officials will maintain a list of financial institutions and broker/dealers selected by credit worthiness, who are authorized to provide investment services to the City. These firms may include:
 - (1) all primary government securities dealers; and
 - (2) those regional broker/dealers who qualify under Securities and Exchange Commission Rule 15C3-1(uniform net capital rule), and who meet other financial credit criteria standards in the industry.

The Investment Officials may select up to six firms from the approved list to conduct a portion of the daily City investment business. These firms will be selected based on their competitiveness, participation in agency selling groups and the experience and background of the salesperson handling the account. The approved broker/dealer list will be reviewed and approved along with this investment policy at least annually by the investment committee.

- B. All financial institutions and broker/dealers who desire to become qualified bidders for investment transactions must supply the Investment Officials with the following:
 - (1) Audited financial statements;
 - (2) Proof of National Association of Securities Dealers (N.A.S.D.) certification, unless it is a bank;
 - (3) Resumes of all sales representatives who will represent the financial institution or broker/dealer firm in dealings with the City; and
 - (4) An executed written instrument, by the qualified representative, in a form acceptable to the City and the business organization substantially to the effect that

the business organization has received and reviewed the investment policy of the City and acknowledges that the business organization has implemented reasonable procedures and controls in an effort to preclude investment transactions conducted between the City and the organization that are not authorized by the City's investment policy, except to the extent that this authorization is dependent on an analysis of the makeup of the City's entire portfolio or requires an interpretation of subjective investment standards.

ARTICLE X SAFEKEEPING AND CUSTODY OF INVESTMENT ASSETS

All security transactions, including collateral for repurchase agreements entered into by the City shall be conducted using the delivery vs. payment (DVP) basis. That is, funds shall not be wired or paid until verification has been made that the correct security was received by the safekeeping bank. The only exceptions to DVP settlement shall be wire transactions for money market funds and government investment pools. The safekeeping or custody bank is responsible for matching up instructions from the City's Investment Officials on an investment settlement with what is wired from the broker/dealer, prior to releasing the City's designated funds for a given purchase. The security shall be held in the name of the City or held on behalf of the City in a bank nominee name. Securities will be held by a third party custodian designated by the Investment Officials and evidenced by safekeeping receipts or statements. The safekeeping bank's records shall assure the notation of the City's ownership of or explicit claim on the securities. The original copy of all safekeeping receipts shall be delivered to the City. A safekeeping agreement must be in place, which clearly defines the responsibilities of the safekeeping bank.

ARTICLE XI COLLATERAL

The City's depository bank shall comply with Chapter 2257 of the Government Code, Collateral for Public Funds, as required in the City's bank depository contract.

A. Market Value

The Market Value of pledged Collateral must be equal to or greater than 102% of the principal and accrued interest for cash balances in excess of the Federal Deposit Insurance Corporation (FDIC) or National Credit Union Share Insurance Fund (NCUSIF) insurance coverage. The Federal Reserve Bank and the Federal Home Loan Bank are designated as custodial agents for collateral. An authorized City representative will approve and release all pledged collateral. The securities comprising the collateral will be marked to market on a monthly basis using quotes by a recognized market pricing service quoted on the valuation date, and the City will be sent reports monthly.

B. Collateral Substitution

Collateralized investments often require substitution of collateral. The Safekeeping bank must contact the City for approval and settlement. The substitution will be approved if its value is equal to or greater than the required collateral value.

C. Collateral Reduction

Should the collateral's market value exceed the required amount, the Safekeeping bank may request approval from the City to reduce Collateral. Collateral reductions may be permitted only if the collateral's market value exceeds the required amount.

D. Holding Period

The City intends to match the holding periods of investment funds with liquidity needs of the City. In no case will the average maturity of investments of the City's operating funds exceed one year. The maximum final stated maturity of any investment shall not exceed five years. Investments in all funds shall be managed in such a way that the market price losses resulting from interest rate volatility would be offset by coupon income and current income received from the volume of the portfolio during a twelve month period.

E. Insurance or Collateral

All deposits and investments of City funds other than direct purchases of U.S. Treasuries or Agencies shall be secured by pledged collateral. In order to anticipate market changes and provide a level of security for all funds, the collateralization level will be 102% of market value of principal and accrued interest on the deposits or investments less an amount insured by the FDIC or FSLIC. Evidence of the pledged collateral shall be maintained by the Finance Director or a third party financial institution. Repurchase agreements shall be documented by a specific agreement noting the collateral pledge in each agreement. Collateral shall be reviewed weekly to assure that the market value of the pledged securities is adequate.

ARTICLE XII INVESTMENT REPORTS

A. Reporting Requirements

The Investment Officials shall prepare a quarterly investment report in compliance with section 2256.023 of the Public Funds Investment Act of the State of Texas. The report shall be submitted to the City Council and the Investment Committee within 45 days following the end of the quarter.

B. Investment Records

The Investment Officer shall be responsible for the recording of investment transactions and the maintenance of the investment records with reconciliation of the accounting records and of investments carried out by an accountant. Information to maintain the investment program and the reporting requirements, including pricing or marking to

market the portfolio, may be derived from various sources such as: broker/dealer research reports, newspapers, financial on-line market quotes, direct communication with broker/dealers, market pricing services, investment software for maintenance of portfolio records, spreadsheet software, or external financial consulting services relating to investments.

C. Auditor Review

The City's independent external auditor must formally review the quarterly investment reports annually to insure compliance with the State of Texas Public Funds Investment Act and any other applicable State Statutes.

ARTICLE XIII INVESTMENT COMMITTEE

A. Members

The Investment Committee, consisting of the Mayor or his or her designee, the City Administrator, and the Investment Officer, and any other designated Investment Officials, if any, shall review the City's investment strategies and monitor the results of the investment program at least quarterly. This review can be done by reviewing the quarterly written reports and by holding committee meetings as necessary. The committee will be authorized to invite other advisors to attend meetings as needed.

B. Scope

The Investment Committee shall include in its deliberations such topics as economic outlook, investment strategies, portfolio diversification, maturity structure, potential risk to the City's funds, evaluation and authorization of broker/dealers, rate of return on the investment portfolio, review and approval of training providers and compliance with the investment policy. The Investment Committee will also advise the City Council of any future amendments to the investment policy that are deemed necessary or recommended.

C. Procedures

The investment policy shall require the Investment Committee to provide minutes of investment information discussed at any meetings held. The committee should meet at least annually to discuss the investment program and policies.

GLOSSARY of COMMON TREASURY TERMS

Agencies: Federal agency securities.

Asked: The price at which securities are offered.

Bid: The price offered for securities.

Bankers' Acceptance (BA): A draft of bill or exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill, as well as the issuer.

Broker: A broker brings buyers and sellers together for a commission paid by the initiator of the transaction or by both sides; he does not position. In the money market, brokers are active in markets in which banks buy and sell money and in interdealer markets.

CDARS: Certificate of Deposit Account Registry Service – A program that allows a depositor to deposit funds at one bank in excess of the FDIC insured limit, with the excess funds being divided and deposited in other banks in the CDARS program. The purpose of CDARS is to help depositors who invest in money market accounts or certificate of deposits (CD's) to stay below FDIC insurance limits at any given bank. Usually, to avoid exceeding FDIC limits at a single bank, consumers deposit their money in different banks. CDARS is a program that eliminates the need to go from bank to bank in order to deposit money, and is comprised of a network of banks.

Certificate of Deposit (CD): A time deposit with a specific maturity evidenced by a certificate. Large-denomination CD's are typically negotiable.

Collateral: Securities, evidence of deposit or other property that a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

Comprehensive Annual Financial Report (CAFR): The official annual report for the City includes five combined statements and basic financial statements for each individual fund and account group prepared in conformity with GAAP. It also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, extensive introductory material, and a detailed statistical section.

Coupon: (a) The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value. (b) A certificate attached to a bond evidencing interest due on a payment date.

Dealer: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

Debenture: A bond secured only by the general credit of the issuer.

Delivery versus Payment (DVP): There are two methods of delivery of securities: delivery versus payment and delivery versus receipt (DVR) (also called free). Delivery versus payment means delivery of securities with an exchange of money for the securities. Delivery versus receipt means delivery of securities with an exchange of a signed receipt for the securities.

Discount: The difference between the cost price of a security and its value at maturity when quoted at lower than face value. A security selling below original offering price shortly after sale also is considered to be at a discount.

Discount Securities: Non-interest bearing money market instruments that are issued at a discount and redeemed at maturity for full face value, for example, U.S. Treasury bills.

Diversification: Dividing investment funds among a variety of securities offering independent returns.

Federal Credit Agencies: Agencies of the Federal government set up to supply credit to various classes of institutions and individuals, for example, S&L's, small business firms, students, farmers, farm cooperatives, and exporters.

Federal Deposit Insurance Corporation (FDIC): A federal agency that insures bank deposits, currently up to \$100,000 per deposit.

Federal Funds Rate (the "Fed Rate"): The rate of interest at which Federal funds are traded. This rate is currently pegged by the Federal Reserve through open-market operations.

Federal Home Loan Banks (FHLB): The institutions that regulate and lend to savings and loan associations. The Federal Home Loan Banks play a role analogous to that played by the Federal Reserve Banks in relation to member commercial banks.

Federal National Mortgage Association (FNMA or Fannie Mae): FNMA, like GNMA, was chartered under the Federal National Mortgage Association Act in 1938. FNMA is a federal corporation working under the auspices of the Department of Housing and Urban Development, H.U.D. It is the largest single provider of residential mortgage funds in the United States. Fannie Mae is a private stockholder-owned corporation. The corporation's purchases include a variety of adjustable mortgages and secondary loans in addition to fixed rate mortgages. FNMA's securities are highly liquid and widely accepted. FNMA assumes and guarantees that all security holders will receive timely payment of principal and interest.

Federal Open Market Committee (FOMC): Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The president of the New York Federal Reserve Bank is a permanent member while the other presidents serve on a

rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of government securities in the open market as a means of influencing the volume of bank credit and money.

Federal Reserve System: The central bank of the United States created by Congress and consisting of a seven member Board of Governors in Washington, D.C., twelve (12) regional banks, and about 5,700 commercial banks that are members of the system.

Government National Mortgage Association (GNMA or Ginnie Mae): Securities guaranteed by GNMA and issued by mortgage bankers, commercial banks, savings and loan associations, and other institutions. The security holder is protected by the full faith and credit of the U.S. Government. Ginnie Mae securities are backed by FHA, VA, or FMHM mortgages. The term pass-through is often used to describe Ginnie Maes.

Liquidity: A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between bid and asked prices is narrow and reasonable quantities can be purchased at those quotes.

Local Government Investment Pool (LGIP): The aggregate of all funds from political subdivisions that are placed in the custody of the State Treasurer for investment and reinvestment.

Market Value: The price at which a security is trading and could presumably be purchased or sold.

Master Repurchase Agreement: To protect investors, many public investors will request that repurchase agreements be preceded by a master repurchase agreement between the investor and the financial institution or dealer. The master agreement should define the nature of the transaction, identify the relationship between the parties, establish normal practices regarding ownership and custody of the collateral securities during the term of the investment, provide remedies in the case of default by either party, and clarify issues of ownership. The master repurchase agreement protects the investor by eliminating the uncertainty of ownership and hence, allows investors to liquidate collateral if a bank or dealer defaults during the term of the agreement.

Maturity: The date on which the principal or stated value of an investment becomes due and payable.

Money Market: The market in which short-term debt instruments (bills, commercial paper, bankers' acceptances, etc.) are issued and traded.

Offer: The price asked by a seller of securities. (When you are buying securities, you ask for an offer.) See Asked and Bid.

Open Market Operations: Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank as directed by the FOMC in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit; sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

Portfolio: Collection of securities held by an investor.

Primary Dealer: A primary dealer is made up of a group of government securities dealers that submits daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and is subject to its informal oversight. Primary dealers include Securities and Exchange Commission (SEC) registered securities broker-dealers, banks and a few unregulated firms.

Prudent Person Rule: An investment standard. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Qualified Public Depositories: A financial institution that does not claim exemption from the payment of any sales or compensating use or ad valorem taxes under the laws of this state, and that has segregated for the benefit of the Public Deposit Protection Commission eligible collateral having a value of not less than its maximum liability and which has been approved by the commission to hold public deposits.

Rate of Return: The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond or the current income return.

Repurchase Agreement (RP or REPO): A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. The security "buyer" in effect lends the "seller" money for the period of the agreement, and the terms of the agreement are structured to compensate him for this. Dealers use RP extensively to finance their positions. Exception: When the Fed is said to be doing RP, it is lending money that is, increasing bank reserves.

Safekeeping: A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

SEC Rule 15C3-1: See uniform Net Capital Rule.

Secondary Market: A market made for the purchase and sale of outstanding issues following the initial distribution.

Securities & Exchange Commission (SEC): Agency created by Congress to protect investors in securities transactions by administering securities legislation.

Structured Notes: Notes issued by Government Sponsored Enterprises (FHLB, FNMA, SLMA, etc.) and Corporations, which have imbedded options (e.g., call features, step-up coupons, floating rate coupons, derivative-based returns) into their debt structure. Their market performance is impacted by the fluctuation of interest rates, the volatility of the imbedded options and shifts in the shape of the yield curve.

Treasury Bills (T Bills): A non-interest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year.

Treasury Bond: Long-term U.S. Treasury securities having initial maturities of more than ten years.

Treasury Notes: Intermediate-term, coupon-bearing U.S. Treasury securities having initial maturities from one to ten years.

Uniform Net Capital Rule: Securities and Exchange Commission requirement that member firms as well as nonmember broker-dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called *net capital rule* and *net capital ratio*. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities, one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

Yield: The rate of annual income return on an investment, expressed as a percentage. (a) **Income Yield** is obtained by dividing the current dollar income by the current market price of the security. (b) **Net Yield** or **Yield to Maturity** is the current income yield minus any premium above par.

CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON ACCEPTING A COSERV GRANT FOR THE PURCHASE OF FIRE DEPARTMENT EQUIPMENT. [SHEFF]

SUMMARY

Parker FD provides first responder EMS services to Southfork Ranch for large scale events such as Celebrate Freedom, Cattle Baron's Ball and the like. There has been an ongoing need for an all-terrain, gasoline powered off-road cart outfitted to permit a patient to lie flat on their back while secured to the cart (and with a canopy over their heads) to move incapacitated patients from the incident site to an ambulance. The purchase economics for such an ATV were heretofore unattractive as the City is only an indirect beneficiary of Southfork's large scale events.

The construction of the City's park and trails presents the department with the challenge of moving an injured person some distance if wet grounds prohibit an on-the-road vehicle access to the incident site. The likely scenario would be a cardiac event or severe injury from a slip or fall. Carrying a 200 lb., possibly unconscious person on a backboard any distance beyond 20 ft. is exceptionally challenging (dropping the board is a serious and real possibility) and ultimately very slow as the team must take frequent rest breaks.

The fire department's responsibility is to plan ahead. We recently applied for a grant from Co-Serve specifically for an EMS cart in the amount of \$31,000. We put together a team of our paramedics and firefighters to spec out various options. We received quotes from three manufacturers for "off the shelf" product and chose the least expensive (coincidentally, Plano FD uses this model and is pleased with their purchase). We were surprised by the speed of which our request was taken under consideration and approved. We have received \$20,000. This changed the economic equation in favor of purchasing the EMS cart which can be driven to the incident site

on the Parker trails directly from the fire station and from the incident site to a waiting ambulance. We verified that the use of such an EMS cart is consistent with our certification by the State as a First Responder Organization.

The cost of the ATV is approximately \$25,000 excluding a cot. The department will fund the delta to the grant from its fundraising dollars which includes recent receipts of \$2,500 from the McCook Family Giving Fund and others. We will also spend approximately \$2,000 for a trailer to transport the ATV when used at Southfork.

We justify the purchase out of fundraising as a necessary tool to respond to incidents on the Parker trails which directly benefits our citizens who make use of the trail, and by the reduced potential risk of injury to our firefighters and/or liability from carrying and accidentally dropping a patient on a backboard as they are carried over long distances.

No City funds are to be used. The cart will be stocked with EMS equipment and supplies currently in the departments possession when the cart is placed into service.

AGENDA SUBJECT

Consideration and action on an agreement with Collin County for the provision of firefighting and fire protection services by Parker Fire Department into the unincorporated areas of Parker's fire district.

SUMMARY

Since its formation in 1983, Parker FD has provided fire protection, firefighting and first-response emergency medical service to the unincorporated areas inside our fire district. Payment for service, pursuant to an agreement between Collin County and the Collin County Fireman's Assoc., has heretofore been calculated on a per-call basis based on actual emergency calls made into the ETJ. The amount of payment has been based upon a fraction equal to the total calls made by Parker divided by the total of all calls made by all Collin County fire departments into the unincorporated areas of the county multiplied by the amount of funds allocated annually by Collin County for fire protection. Payments were calculated and paid quarterly. Parker FD typically makes less than 6 calls into the ETJ and receives under \$1,000 annually.

For the past several years concerns have been voiced by area departments regarding the equity of the current system. Payment was made by the county ONLY to the fire department in whose fire district the incident occurred. Many of the calls required mutual aid from other fire departments as in the case of grass or structure fires which can consume a significant amount of manpower and equipment resources; however, a responding mutual aid department received no payment for its service.

The Collin County Fire Chiefs Alliance has agreed with the County to change the method of payment from a per-call method to one based solely upon population and area coverage. Commencing October 1, 2013, Collin County will contract with each municipality or

nonprofit corporation for fire protection within its unincorporated areas. Parker will receive its pro rata share of allocated county funds based upon the following formula (effective for fiscal year 2014): the sum of 1) \$750,000 divided by the total population of persons living in the unincorporated areas of the County multiplied by the specific population living in our ETJ, plus 2) \$200,000 divided by the total square miles of unincorporated areas of the county multiplied by the total square miles of Parker's ETJ. Payment is to be made semi-annually. The county fire marshal's office has advised us we should expect to receive approximately \$1,300 although we have yet to confirm the accuracy of the county's calculation.

The agreement is for fire protection on an annual basis, but extends automatically into the next fiscal year provided "sufficient funds" – undefined in the agreement - are allocated by the County. Otherwise it terminates. Additionally, either party can terminate with or without cause upon 30 days notice.

The level of calls to be made by Parker into its ETJ does not place an undue burden upon the fire department, the economics involved do not change materially and our recommendation is, subject to review by counsel, to continue to provide fire protection services pursuant to the proposed agreement.

AGENCY shall provide proof of liability insurance to COUNTY at the beginning of each term of this Agreement and upon request by Collin County.

III. Obligations and Responsibilities of COUNTY.

3.1 COUNTY shall pay a yearly fee to AGENCY according to the following formulas: (1) \$750,000 divided by the total number of persons living in COUNTY's unincorporated areas, as computed by the COUNTY's GIS Department, multiplied by the specific population of the unincorporated area of the AGENCY's fire district as assigned by Collin County; and (2) \$200,000 divided by the total square miles of COUNTY's unincorporated area multiplied by the total square miles of the unincorporated area of the AGENCY's fire district as assigned by Collin County.

3.2 COUNTY shall pay the yearly fee calculated under the formula stated in paragraph 3.1 in semi-annual installments to AGENCY. The first payment to be paid within a reasonable time after COUNTY has approved said fees in COUNTY's yearly budget adopted in September of each year, and the second installment to be paid six months after the first payment to AGENCY. In accordance with Texas Local

Government Code chapter 352, such payments will be made from COUNTY's general fund.

3.3 COUNTY will recalculate the payment formula stated in paragraph 3.1 each year during the term of this Agreement, including each renewal term. The formula stated in paragraph 3.1 is not a guarantee of any specific payment and AGENCY acknowledges that any payments are subject to budgeted appropriations approved by COUNTY's governing board.

In the event of termination under this section, COUNTY and AGENCY agree to pay for or reimburse the other Party for overpayment or under payment to the termination date.

4.4 **Nonappropriation.** Notwithstanding paragraph 4.3, if sufficient funds are not appropriated by COUNTY to fund this Agreement in any fiscal year an event of nonappropriation shall be deemed to have occurred and the Agreement shall automatically terminate upon the last date of the term of the Agreement for which funds budgeted for this Agreement have been appropriated. In no event shall COUNTY be obligated to make any payments under this Agreement beyond the then current fiscal year of COUNTY for which funds have been appropriated to satisfy its payment obligations under this Agreement.
