As for the tax rate, while Mr. Piziali admitted Parker's tax rate was low, he commented that Parker residents pay an effective tax rate. POLICE DEPARTMENT

2016/2017 Budget Presentation

Parker Police Department

Having only been employed for a month, I have not had sufficient time to begin the process of short-term and long-term strategic planning. Having said that, I have reviewed the budget and the proposed budget will meet the needs of the Department for the next fiscal year.

Additional Requests

Replacement Vehicles

1. PPD Unit # 100 is a 2012 Chevrolet Tahoe and the mileage is 115,109 as of 06/30/2016.
Replacement Costs for this vehicle is \$48,745.47
(2016 Chevrolet Tahoe {Black and White})
2. PPD Unit # 500 is a 2006 Ford F-250 Truck and the mileage is 133,551 as of 06/30/2016.
Replacement Costs for this vehicle is \$24,760.00
(2016 Dodge Charger)

This is the cheapest option and we would prefer a Ford Explorer which is about \$1,000.00 additional cost. This option would provide more flexibility in this CID role. We currently have decided to use PPD Unit #100 as a temporary replacement for this vehicle due to budget shortfall but I wanted you to know where we are headed in the future on this issue. We still need the \$1,085.00 cost to remove and install the emergency equipment.

Additional Requests

Patrol Rifle Program

In today's law enforcement environment, police must have the tools to effectively perform the services our citizens expect. Should the unfortunate situation arise in Parker, our officers must be able to effectively respond. Patrol rifles are a must for these situations. This program originally consisted of providing rifles to each officer for a total of nine (9). Due to our current building situation and the emergency appropriations redirected to that issue we have reduced the number of rifles to the minimum for this budget year. The Department concluded that we can begin this program with four (4) rifles, one for each patrol vehicle. This is not optimal and the best possible scenario is to have a weapon system sighted in for the individual officer.

Parker Police Department

Additional Requests

Patrol Rifle Program

Initial Costs: \$8,588.40

Recurring Cost: \$1,760.00

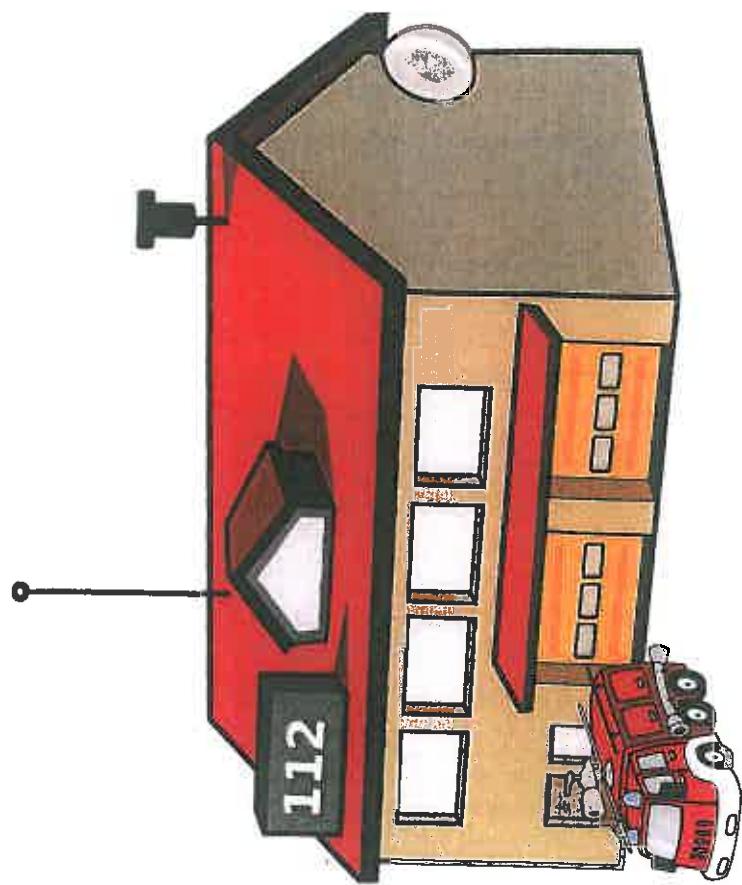

Recurring cost would be an addition to 1-20-6485 Ammunition. This ammunition is in addition to the request to increase that line item. The previously mentioned increase is pistol ammunition.

Goals and Objectives for 2016-2017

1. Complete Transition into new Temporary Building.
2. Short-Term and Long-Term Strategic Plan by December 31, 2016
3. Evaluate and Plan obtaining Recognition by the Texas Police Chief's Association
4. Establish "The Parker Police Department Culture" which may include amendments to the current mission, vision and motto of the Department.
5. Establish a schedule for policing Parker that provides two officers on the street as often as possible. Begin tracking the number of shifts worked with one officer.
6. Establish a monthly report of all Department activities and mechanisms for tracking those numbers monthly.

And Now:

Fire Dept.

Fire Department

- Discussion points for 2016/17 budget year
 - Extend daytime coverage
 - Sleeping quarters
 - Radio replacement
 - No other major capital expenditures required

Fire Department

- Singular Gating trend
- Continuing decline in firefighters who do not reside in, or in proximity to, Parker
 - 21% of membership now resides within a 5 min. response to station
 - Effectively, however, only 10% are available at any time due to business/personal travel, family matters
- Impacting both manning of response and timeliness of response

Fire Department

- Radio replacement
 - PAWM system upgrading hardware to phase 2
 - Two year horizon
- Original phase 1 radios including those on apparatus cannot operate with phase 2 hardware
- In recent years we have been replacing older hand held radios with compatible phase 2 radios in small increments
- DFW Communications was engaged to assess the cost of the radios and has estimated a cost of \$168K

Fire Department

- Possible solutions
 - Extend daytime coverage from Monday – Friday to 7 days per week (...strongly recommend)
 - Officer / Driver (same as weekday)
 - No change in hourly rate
 - Hourly annual capacity within exiting part time staff (433 avg. to 607 avg.)
 - Recommend two additional part time PRN firefighters to fill gaps
 - Add temporary sleeping quarters for up to 4 firefighters utilizing small, portable building (carryover from 2015/16)
 - Call back as needed of part time paid staff living in proximity to Parker to respond to emergency calls authorized by the chief/ass't chief
 - Recommend as safety net

June 7, 2016

City of Parker, Texas
5700 E. Parker Rd.
Parker, Texas 75002

Dear Mayor Z. Marshall:

The following represents our understanding of the services we will provide City of Parker, Texas .

You have requested that we audit the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Parker, Texas as of September 30, 2016, and for the year then ended and the related notes to the financial statements, which collectively comprise City of Parker, Texas's basic financial statements as listed in the table of contents. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter. Our audit will be conducted with the objective of our expressing an opinion on each opinion unit.

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by accounting principles generally accepted in the United States of America. This RSI will be subjected to certain limited procedures but will not be audited:

- 1) GASB 68 Pension Disclosures
- 2) General Fund Budget to Actual Schedule

The Objective of an Audit

The objective of our audit is the expression of opinions as to whether your basic financial statements are fairly presented, in all material respects, in conformity with generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and will include tests of the accounting records and other procedures we consider necessary to enable us to express such opinions. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions on the financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

General Audit Procedures

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Internal Control Audit Procedures

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with U.S. GAAS.

In making our risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing

concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.

Compliance with Laws and Regulations

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of City of Parker, Texas's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion.

Management Responsibilities

Our audit will be conducted on the basis that management acknowledge and understand that they have responsibility:

- a. For the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America;
- b. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements; and
- c. To provide us with:
 - i. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation, and other matters;
 - ii. Additional information that we may request from management for the purpose of the audit; and
 - iii. Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.
- d. For including the auditor's report in any document containing financial statements that indicates that such financial statements have been audited by the entity's auditor;
- e. For identifying and ensuring that the entity complies with the laws and regulations applicable to its activities; and
- f. For adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the financial statements as a whole.

With regard to the supplementary information referred to above, you acknowledge and understand your responsibility: (a) for the preparation of the supplementary information in

accordance with the applicable criteria; (b) to provide us with the appropriate written representations regarding supplementary information; (c) to include our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and (d) to present the supplementary information with the audited financial statements, or if the supplementary information will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

As part of our audit process, we will request from management, written confirmation concerning representations made to us in connection with the audit.

Reporting

We will issue a written report upon completion of our audit of City of Parker, Texas's basic financial statements. Our report will be addressed to the governing body of City of Parker, Texas. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement.

Other

We understand that your employees will prepare all confirmations we request and will locate any documents or invoices selected by us for testing.

If you intend to publish or otherwise reproduce the financial statements and make reference to our firm, you agree to provide us with printers' proofs or masters for our review and approval before printing. You also agree to provide us with a copy of the final reproduced material for our approval before it is distributed.

Our fees are based on the amount of time required at various levels of responsibility, plus actual out-of-pocket expenses. Invoices will be rendered monthly and are payable upon presentation. We estimate that our fee for the audit will be between \$15,000 and \$16,000. We will notify you immediately of any circumstances we encounter that could significantly affect this initial fee estimate. Whenever possible, we will attempt to use City of Parker, Texas's personnel to assist in the preparation of schedules and analyses of accounts. Further, we will be available during the year to consult with you on financial management and accounting matters of a routine nature.

With respect to any nonaudit services we perform, the City's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities.

During the course of the audit we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

We agree to retain our audit documentation or work papers for a period of at least five years from the date of our report.

At the conclusion of our audit engagement, we will communicate to City Council the following significant findings from the audit:

- Significant difficulties, if any, encountered during the audit;
- Uncorrected misstatements, other than those we believe are trivial, if any;
- Disagreements with management, if any;

- Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
- Representations we requested from management;
- Management's consultations with other accountants, if any; and

If requested, access to such audit documentation will be provided under the supervision of BrooksCardiel, PLLC's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to said regulators who may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

Please sign and return the attached copy of this letter to indicate your acknowledgment of, and agreement with, the arrangements for our audit of the financial statements including our respective responsibilities.

NOTICE OF 2016 TAX YEAR PROPOSED PROPERTY TAX RATE FOR CITY OF PARKER

A tax rate of \$0.365984 per \$100 valuation has been proposed for adoption by the governing body of City of Parker. This rate exceeds the lower of the effective or rollback tax rate, and state law requires that two public hearings be held by the governing body before adopting the proposed tax rate.

The governing body of City of Parker proposes to use revenue attributable to the tax rate increase for the purpose of funding maintenance and operations expenditures.

PROPOSED TAX RATE \$0.365984 per \$100

PRECEDING YEAR'S TAX RATE \$0.350984 per \$100

EFFECTIVE TAX RATE \$0.304124 per \$100

ROLLBACK TAX RATE \$0.321153 per \$100

The effective tax rate is the total tax rate needed to raise the same amount of property tax revenue for City of

Parker from the same properties in both the 2015 tax year and the 2016 tax year.

The rollback tax rate is the highest tax rate that City of Parker may adopt before voters are entitled to petition for an election to limit the rate that may be approved to the rollback rate.

YOUR TAXES OWED UNDER ANY OF THE ABOVE RATES
